Moved by: Cr Tim Dark

Seconded by: Cr Sean O'Reilly

That Cr Jim Memeti be elected temporary chairperson for the duration of the meeting.

CARRIED

Cr Matthew Kirwan and Cr Maria Sampey entered the Chamber at 7.02pm.

1.2 ATTENDANCE

Apologies

Cr Youhorn Chea, Mayor

Cr Angela Long

Cr Heang Tak (Leave of Absence)

John Bennie PSM, Chief Executive Officer

Councillors Present

Cr Jim Memeti (Temporary Chairperson)

Cr Roz Blades AM, Cr Tim Dark, Cr Matthew Kirwan, Cr Zaynoun Melhem, Cr Sean O'Reilly, Cr Maria Sampey, Cr Loi Truong

Officers Present

Jody Bosman, Acting Chief Executive Officer; Peter Shelton, Acting Director City Planning, Design and Amenity; Mick Jaensch, Director Corporate Services; Martin Fidler, Director Community Services; Julie Reid, Director Engineering Services, Paul Kearsley, Group Manager Greater Dandenong Business

1.3 OFFERING OF PRAYER

All present remained standing as Reverend Jason Kioa from the Christian Dandenong Regional Uniting Church (Trinity), a member of the Greater Dandenong Interfaith Network, read the opening prayer:

" Almighty God our creator and sustainer, we thank you for the gifts you have blessed us with. May your continuing blessing be upon the Mayor and the Councillors as they meet tonight. God give them grace to accept with serenity the things that cannot be changed. Give them courage to change the things which should be changed and the wisdom to distinguish the one from the other, living one day at a time, enjoying one moment at a time, accepting hardship as a pathway to peace, taking the world as it is, trusting that You will make all things right if we surrender to Your will so that we may be reasonably happy in this life and supremely happy with You forever in the next. Amen."

1.4 CONFIRMATION OF MINUTES OF PREVIOUS MEETING

1.6 DISCLOSURES OF INTEREST

Nil.

1.7 CONFIRMATION OF MINUTES OF AUDIT ADVISORY COMMITTEE MEETING

The Audit Advisory Committee held a meeting on 31 August 2018. Minutes of this meeting are presented to Council for adoption.

Recommendation

That the unconfirmed minutes of the Audit Advisory Committee meeting held on 31 August 2018 be adopted.

Item	Topic
1.	Director Engineering Services, Julie Reid provided a presentation to the Audit Advisory Committee on key areas of risk in the Infrastructure Directorate.
2.	The Risk Management report was tabled to the Committee providing an update on current claims against Council.
3.	The Audit Advisory Committee received an update from Councils Auditor-General agent (Justin Brook - DMG Audit & Advisory) in respect of the Financial and Performance Statements for the Financial Year Ending 30 June 2018. The Audit Committee recommended to Council that the Statements be adopted in principle which occurred at the Council meeting held 10 September, 2018.
4.	Councils Internal Auditor Crowe Horwath presented a status update on the Internal Audit program, which included a progress report and a summary of recent reports and publications which may have an impact on local government. Crowe Horwath further tabled Internal Audit Reports on Customer Service, Fair Value for Tendered Works and Financial Controls. A report on all outstanding internal and external audit risk recommendations was tabled.
5.	The outcomes of the June 2018 quarterly financial report were tabled.
6.	The Audit Advisory Committee Annual Report was tabled and adopted by the Audit Committee. This was then tabled at a formal Council meeting
7.	The Audit Advisory Committee considered the DMPL 2017-18 Annual Report.

MINUTE 825

Moved by: Cr Matthew Kirwan

Seconded by: Cr Roz Blades AM

That the unconfirmed minutes of the Audit Advisory Committee meeting held on 31 August 2018 be adopted.

Item	Topic
1.	Director Engineering Services, Julie Reid provided a presentation to the Audit Advisory Committee on key areas of risk in the Infrastructure Directorate.
2.	The Risk Management report was tabled to the Committee providing an update on current claims against Council.
3.	The Audit Advisory Committee received an update from Councils Auditor-General agent (Justin Brook DMG Audit & Advisory) in respect of the Financial and Performance Statements for the Financial Year Ending 30 June 2018. The Audit Committee recommended to Council that the Statements be adopted in principle which occurred at the Council meeting held 10 September, 2018.
4.	Councils Internal Auditor Crowe Horwath presented a status update on the Internal Audit program, which included a progress report and a summary of recent reports and publications which may have an impact on local government. A report on all outstanding internal and external audit risk recommendations was tabled.
5.	The outcomes of the June 2018 quarterly financial report were tabled.
6.	The Audit Advisory Committee Annual Report was tabled and adopted by the Audit Committee. This was then tabled at a formal Council meeting
7.	The Audit Advisory Committee considered the DMPL 2017-18 Annual Report.

CARRIED

2 OFFICERS' REPORTS

2.1 DOCUMENTS FOR SEALING

2.1.1 Documents for Sealing

File Id: A2683601
Responsible Officer: Director Corporate Services

Report Summary

Under the Victorian Local Government Act, each Council is a body corporate and a legal entity in its own right. Each Council must therefore have a common seal (like any corporate entity) that is an official sanction of that Council.

Sealing a document makes it an official document of Council as a corporate body. Documents that require sealing include agreements, contracts, leases or any other contractual or legally binding document that binds Council to another party.

Recommendation Summary

This report recommends that the listed documents be signed and sealed.

2.1.1 Documents for Sealing (Cont.)

Item Summary

There are eight [8] items being presented to Council's meeting of 22 October 2018 for signing and sealing as follows:

1. A letter of recognition to Pierre Rosenkotter, People and Procurement Unit for ten (10) years of service to the City of Greater Dandenong;
2. A letter of congratulations and recognition to Dawn Vernon for her re-election as President of the Greater Dandenong Neighbourhood Watch and for her service to the City of Greater Dandenong;
3. A letter of recognition to the Dandenong Southern Stingrays Football Club in recognition of the team's achievements in the 2018 TAC Cup competition;
4. A letter of recognition to the Dandenong City Soccer Club in recognition of the team's achievements in the 2018 National Premier Leagues Division 2 East Vic competition;
5. A letter of recognition to Coral Cooper, Corporate Services for thirty (30) years of service to the City of Greater Dandenong;
6. A letter of recognition to Adele Evans, Corporate Services for thirty (30) years of service to the City of Greater Dandenong;
7. A letter of recognition to Shiela D'Cruz, Corporate Services for ten (10) years of service to the City of Greater Dandenong; and
8. A letter of recognition to Gavin Vogl, Corporate Services for ten (10) years of service to the City of Greater Dandenong.

Recommendation

That the listed documents be signed and sealed.

MINUTE 826

Moved by: Cr Roz Blades AM

Seconded by: Cr Loi Truong

That the listed documents be signed and sealed.

CARRIED

Cr Tim Dark left the Chamber at 7.07pm.

2.2 DOCUMENTS FOR TABLING

2.2.1 Documents for Tabling

File Id: qA228025
Responsible Officer: Director Corporate Services

Report Summary

Council receives various documents such as annual reports and minutes of committee meetings that deal with a variety of issues that are relevant to the City.

These reports are tabled at Council Meetings and therefore brought to the attention of Council.

Recommendation Summary

This report recommends that the listed items be received.

2.2.1 Documents for Tabling (Cont.)

List of Reports

Author	Title
Dandenong & District Historical Society	Annual Report 2017/18
Victoria Grants Commission	Annual Report 2018
Local Government Inspectorate	Annual Report 2017/18
Energy and Water Ombudsman Victoria	Annual Report 2018
Inner Melbourne Action Plan	Annual Report 2017-18
Telecommunication Industry Ombudsman	Annual Report 2017-18

A copy of each report is made available at the Council meeting or by contacting the Governance Unit on telephone 8571 5235.

Recommendation

That the listed items be received.

MINUTE 827

Moved by: Cr Loi Truong
Seconded by: Cr Sean O'Reilly

That the listed items be received.

CARRIED

2.2.2 Petitions and Joint Letters

File Id:	qA228025
Responsible Officer:	Director Corporate Services
Attachments:	Petitions and Joint Letters

Report Summary

Council receives a number of petitions and joint letters on a regular basis that deal with a variety of issues which have an impact upon the City.

Issues raised by petitions and joint letters will be investigated and reported back to Council if required.

A table containing all details relevant to current petitions and joint letters is provided in Attachment 1. It includes:

1. the full text of any petitions or joint letters received;
2. petitions or joint letters still being considered for Council response as pending a final response along with the date they were received; and
3. the final complete response to any outstanding petition or joint letter previously tabled along with the full text of the original petition or joint letter and the date it was responded to.

Note: On occasions, submissions are received that are addressed to Councillors which do not qualify as petitions or joint letters under Council's current Meeting Procedure Local Law. These are also tabled.

2.2.2 Petitions and Joint Letters (Cont.)

Petitions and Joint Letters Tabled

Council received one new petition and no joint letters prior to the Council Meeting of 22 October 2018.

- A new petition signed by nine proponents to address their concerns regarding objectionable activities in Ann Street, Dandenong which may present a risk to their properties and personal safety. This petition has been forwarded to the relevant Council business unit for consideration.

N.B: Where relevant, a summary of the progress of ongoing change.org petitions will be provided in the attachment to this report.

Recommendation

That the listed items detailed in Attachment 1, and the current status of each, be received and noted.

MINUTE 828

Moved by: Cr Zaynoun Melhem

Seconded by: Cr Roz Blades AM

That the listed items detailed in Attachment 1, and the current status of each, be received and noted.

CARRIED

Cr Tim Dark returned to the Chamber at 7.08pm.

PETITIONS AND JOINT LETTERS

PAGES 6 (including cover)

If the details of the attachment are unclear please contact Governance on 8571 1000.

2.2.2 Petitions and Joint Letters (Cont.)

Date Received	Petition Text (Prayer)	No. of Petitioners	Status	Responsible Officer Response
10 SEPT 2018	<p>JOINT LETTER</p> <p>To whom it may concern/City of Greater Dandenong Springvale Council</p> <p>I am writing regarding safety concerns I have at my place 3 years since I have lived there, there has been a significant numbers of burglaries at all times since my residency, and which has been affecting numbers of house of the block, (frequent house invasions, car break in, financial losses, fear of personal safety has been the constant issues of the residents), which I believe are due to the easy access to the site. I believe this situation to present unacceptable risks to property and personal safety.</p> <p>There is no body corporate with which to raise this issue. I do not feel safe at all especially as a shift worker and single female resident. Much of the situation could be mitigated via installation of gates at either end of the site(should be both of the gate should have been installed prior the building permit was granted by the council), which prevented all these problems at the past to the presence, the gates should be build, which encompasses 6 units and a joining through.</p> <p>In addition to high rates, I have had to invest in CCTV, camera, and secure roller shutters but I feel the public safety is not adequately addressed when planning permission was granted for the site. The council seems happy to spend large sums on many issues, but not on the safety of ratepayers, especially the neglect of the residents of Unit 2, Mary streets. This has led to significant frustration from the residents, prompting some to move owing to the fears for their safety and property not be fixed the problems. This is due in part to a move towards" community policing", and the police is not listening to the concerns of the residents and the crimes are repeating at all times...the community policing which is in effective as it is not proactive. Something needs to be done as soon as possible, we are urging the Springvale Council is helping the local residents in relate to their concerns and safety and address the above issues...</p>	6 residents	Completed	<p>Tabled at Council Meeting 24 September 2018</p> <p>Referred to Planning 11 September 2018</p> <p>Acknowledgement letter sent to head petitioner.</p> <p>Petition answered 14/09/18:</p> <p>Thank you for your correspondence of 4 September 2018 addressed to Council regarding your concerns at your property in Mary Street, Springvale. As the concern you raise is a community safety matter this has been referred to the Community Development Unit in Council.</p> <p>It is regrettable that you and fellow residents have been subject to crime incidents that have led to associated feelings of unease due to what appears to be easy access to the property combined with a lack of a body corporate to provide support.</p> <p>Council would like to assure you that its assessment and approval of building planning applications includes due consideration of overall safety-related features, however, the installation of gates is not a mandatory item in the Victorian Planning Provisions.</p> <p>Council is committed to supporting the safety of the community by working closely in partnership with Victoria Police and organisations to reduce crime and anti-social behaviour.</p> <p>This is undertaken through actions outlined in the Council's Community Safety Plan 2015-22. One such action saw Council advocate for increased Police numbers in the City, which contributed to 18 more officers being assigned locally in 2017-18 to specifically address crime.</p>

If the details of the attachment are unclear please contact Governance on 8571 1000.

2.2.2 Petitions and Joint Letters (Cont.)

<p>Clearly you have taken good steps to reduce crime around the property, such as installing CCTV and a roller door, though there are other strategies that may also help. For example:</p> <ul style="list-style-type: none"> • Raising the height of existing fences by installing a trellis extension to their tops <p>Growing prickly plants like roses, cacti or bougainvillea on a trellis against walls, rear fences and under windows</p> <ul style="list-style-type: none"> • Keeping garden furniture and rubbish bins that can be used to climb on, away from the inside of fences and walls and "locked in garages" • Installing signs stating there is CCTV on the premises • Installing motion-activated lights in backyards, near carports and on fencelines <p>In the event of any suspicious behaviour or emergency always call Triple Zero (000). If the suspicious event has ceased, consider still reporting the details to Crime Stoppers on 1800 333 000 or at crimestoppersvic.com.au. Crime Stoppers collects these reports, which support Victoria Police to target their patrols and investigations.</p> <p>You may also wish to consider joining the Greater Dandenong Neighbourhood Watch group as they are an excellent source of community safety advice and support. For more information, please contact: President, Greater Dandenong Neighbourhood Watch 22 Lesley Grove, Noble Park 3174 Website: nhw.com.au (for general crime prevention information) Facebook: www.facebook.com/nhwgreaterdandenong# (specifically about the local group)</p> <p>Council appreciates your concerns and hopes the above suggestions can contribute to addressing your issues.</p>

2.3 CONTRACTS

2.3.1 Contract No. 1718-76 Cleaning of Public Conveniences including Park Structures & Syringe Management

File Id:	qA385149
Responsible Officer:	Director Engineering Services
Attachments:	Tender Evaluation Comments (Confidential)

Report Summary

This report details the public tender process undertaken by Council to select a suitably qualified and experienced contractor for the Cleaning of Public Conveniences including Park Structures & Syringe Management for the City of Greater Dandenong.

This is a Lump Sum and a Schedule of Rates based Contract.

Recommendation Summary

This report recommends that Council awards Contract 1718-76 to **All Cleaning Solutions Pty Ltd** for a fixed lump sum price of Four Hundred and Forty Five Thousand, Seven Hundred and Forty Four Dollars and Two Cents (\$445,744.02) including GST of \$40,522.18 for Programmed Cleaning Works in the first year of the contract, plus a Schedule of Rates for Reactionary Cleaning Works as required.

The initial term of this contract is three (3) years from the date of commencement with an option to extend the contract by two (2) twelve month periods at the sole and absolute discretion of Council.

2.3.1 Contract No. 1718-76 Cleaning of Public Conveniences including Park Structures & Syringe Management (Cont.)

Introduction

The purpose of this Contract is for the provision of a programmed and a reactionary cleaning service for Council's Cleaning of Public Conveniences including Park Structures & Syringe Management within the City of Greater Dandenong.

The majority of works required under this contract will include the programmed cleaning of - public toilets, barbecues, bus shelters, picnic shelters, playgrounds, art structures and syringe disposal containers, plus the collection & disposal of used syringes and the maintenance of syringe disposal containers.

The lump sum price for the programmed cleaning service includes all necessary labour, materials (including consumables) and plant and equipment and cleaning frequencies required for the cleaning and maintenance of the Council assets listed in the table below.

Reactionary cleaning works will be initiated by Council's Contract Superintendent as required.

The number and type of facilities to be cleaned and maintained are as follows:

<u>Facility Category</u>	<u>Number of</u>
Public Toilet Cleaning	44 Locations
Barbeque Cleaning	52 Locations
Bus Shelter Cleaning	59 Locations
Picnic Shelter Cleaning	46 Locations (64 Shelters)
Playground Cleaning	108 Locations
Art Structure Cleaning	25 Locations
Weekly Syringe Collection and disposal of Syringes including Maintenance	9 Locations (11 Units)
Monthly Syringe Collection and disposal of Syringes including Maintenance	25 Locations (94 Units)

Tender Process

The tender was advertised in The Age Newspaper on Saturday 5 May 2018 and closed at 2:00pm on Thursday 14 June 2018.

At the close of the tender advertising period submissions were received from 12 contractors as indicated below:

- 1) All Cleaning Solutions Pty Ltd
- 2) Alpha Corporate Property Services Pty Ltd

2.3.1 Contract No. 1718-76 Cleaning of Public Conveniences including Park Structures & Syringe Management (Cont.)

- 3) Fernando Enterprise (Australia) trading as Ausbright Facilities Management
- 4) Makkim Pty Ltd trading as Australian Environmental Services
- 5) Blue Sky Services (VIC) Pty Ltd
- 6) Elite Property Care Pty Ltd
- 7) HACCP International Property Services Pty Ltd
- 8) Laurel Cleaning Services Pty Ltd
- 9) Mermaid Cleaning Trust trading as Mermaid Cleaning Services Pty Ltd
- 10) New Age Cleaning Services Pty Ltd
- 11) Sheer clean Pty Ltd
- 12) Trilogy Facilities Maintenance Pty Ltd

Tenderers were requested to provide their annual rate/price per site for each facility category taking into account the cleaning frequency to create a total annual cost per facility category. The total price for each facility category was then combined to create an annual lump sum price per tender.

Tenderers were also requested to provide a schedule of rates for reactionary cleaning works for urgent cleaning works and to complete Council's Risk Management Questionnaire.

Tender Evaluation

The evaluation panel consisted of Council's Service Unit Leader – Works, Fleet & Cleansing, Team Leader Cleansing, Service Coordinator Playgrounds and Parks Assets and the Contracts Officer, with Occupational Health & Safety and Environmental Management consultants providing specialist advice.

The Tenders were evaluated using Council's Weighted Attributed Value Selection Method. The advertised evaluation criteria and the allocated weightings for evaluation are as follows:

	Evaluation Criteria	Weighting
1	Price	40%
2	Relevant Experience	20%
	• <i>Years in Business</i>	<i>10%</i>
	• <i>Years Similar Works</i>	<i>10%</i>
3	Capability	30%
	• <i>Similar – Previous & Existing Contracts</i>	<i>15%</i>
	• <i>Local Government Contracts</i>	<i>15%</i>
4	Local Industry / Content	5%
5	Social Procurement	5%

2.3.1 Contract No. 1718-76 Cleaning of Public Conveniences including Park Structures & Syringe Management (Cont.)

6	OH&S Management Systems (OH&S)	Pass / Fail
7	Environmental Management Systems (EMS)	Pass / Fail

Evaluation Criteria 1 – 5 are given a point score between 0 and 5 as detailed in the table below. The Evaluation Criteria 6 & 7 are given a Pass or Fail.

Score	Description
5	Excellent
4	Very Good
3	Good, (better than average)
2	Acceptable
1	Marginally acceptable (Success not assured)
0	Not Acceptable

Tender submissions are assessed against the evaluation criteria (listed above) to ensure that the tenderers meet the standards required for Council contractors. A fail in any criterion would automatically exclude tenderers from further consideration for this contract.

The tender submissions received from Elite Property Care Pty Ltd, Laurel Cleaning Services Pty Ltd and Trilogy Facilities Management Pty Ltd submitted an annual lump sum price greater than 50% above the median price received and automatically received a price points score of zero.

The remaining nine (9) tender submissions were each assessed against the non price evaluation criteria (listed above). Each criterion is ranked on a point score between 0 (Not Acceptable) and 5 (Excellent). These rankings are then multiplied by the pre-determined weighting to give a weighted attribute ranking for each criterion and totalled to give an overall evaluation score for all criteria as follows:

Tenderer	Price Points	Local Industry	Social Procurement	Non-Price Points	OH&S	EMS	Total Score
All Cleaning Solutions	1.40	0.20	0.20	2.48	PASS	PASS	3.88
Ausbright FM	1.44	0.20	0.03	2.38	PASS	PASS	3.82
Alpha Corporate	1.85	0.18	0.00	1.81	PASS	PASS	3.66

2.3.1 Contract No. 1718-76 Cleaning of Public Conveniences including Park Structures & Syringe Management (Cont.)

Australian Environmental Services	1.24	0.18	0.03	2.19	PASS	PASS	3.43
HACCP International	1.66	0.20	0.03	1.61	PASS	PASS	3.27
New Age Cleaning	0.78	0.23	0.08	2.49	PASS	PASS	3.27
Blue Sky Services	0.84	0.23	0.03	2.26	PASS	PASS	3.10
Sheer clean	1.16	0.23	0.03	1.14	FAIL	PASS	2.30
Mermaid Cleaning Services	0.74	0.00	0.05	1.25	Not Assessed	Not Assessed	1.99
Elite Property Care	0.00	Not Scored	Not Scored	Not Scored	Not Assessed	Not Assessed	Not Scored
Laurel Cleaning Services	0.00	Not Scored	Not Scored	Not Scored	Not Assessed	Not Assessed	Not Scored
Trilogy Facilities Management	0.00	Not Scored	Not Scored	Not Scored	Not Assessed	Not Assessed	Not Scored

In accordance with the advertised tender conditions the highest rated tender submissions were then assessed against the Pass/Fail evaluation criteria of OH&S Management Systems and Environmental Management Systems.

Following the evaluation of the nine remaining (9) tender submissions All Cleaning Solutions Pty Ltd and Ausbright Facility Management were both invited to attend a pre selection interview process where they provided responses to questions regarding their tender submission and the requirements of this contract.

At the completion of the tender evaluation process described above the evaluation panel agreed that the tender submission from **All Cleaning Solutions Pty Ltd** would provide the Best Value outcome for Council.

Although, the lump sum annual price received from All Cleaning Solutions Pty Ltd was higher than that offered by Alpha Corporate Property Services and HACCP International Property Services their overall ranking for the non price evaluation criteria resulted in All Cleaning Solutions Pty Ltd receiving a higher total score for the following reasons;

- their similar, current and previous contracts;
- providing references for four relevant similar contracts;
- their 15 years business and industry experience; and
- their relevant experience working with five Victorian Local Governments.

2.3.1 Contract No. 1718-76 Cleaning of Public Conveniences including Park Structures & Syringe Management (Cont.)

The evaluation matrix and other supporting documents have been placed in the relevant Contract Procurement file.

Note 1: The higher the price score – lower the tendered price.

Note 2: The higher the non-price score – represents better capability and capacity to undertake the service.

Financial Implications

This is a Lump Sum Contract with a Schedule of Rates for Reactionary Cleaning Services.

Adequate funding for this service has been included in the current 2018/19 financial year as part of Councils operational budget provisions.

Note:

Lump Sum – A lump sum contract or a stipulated sum contract will require that the supplier agree to provide specified services for a stipulated or fixed price.

Schedule of Rates – The schedule of rates for this contract is provided for Reactionary cleaning works initiated by the Contract Superintendent for urgent cleaning works.

Social Procurement

Social procurement was considered when assessing the tender responses. All Cleaning Solutions Pty Ltd intend to employ an additional 10-15 personnel from within the City of Greater Dandenong area and they will be partnering with MAX Employment Dandenong for the recruitment and training of these additional personnel.

Local Industry

Local industry was considered when assessing the tender responses. All Cleaning Solutions Pty Ltd have estimated that they will spend \$361,000 within the City of Greater Dandenong.

Consultation

During the tender evaluation process and in preparation of this report, relevant Council Officers from Council's Operations Centre and Council's Occupational Health & Safety and Environmental Planning were all consulted.

Conclusion

At the conclusion of the tender evaluation process described above the evaluation panel agreed that the tender submission from **All Cleaning Solutions Pty Ltd** would provide the Best Value outcome for Council and they are the recommended tenderer for the following reasons:

1. Their conforming tender submission and overall well priced lump sum and schedule of rates;

2.3.1 Contract No. 1718-76 Cleaning of Public Conveniences including Park Structures & Syringe Management (Cont.)

2. Their satisfactory Company Financial and Performance Assessment (Procurement);
3. Their demonstrated relevant experience, nominated cleaning teams, methodology and equipment;
4. They have received a Pass for their Occupational Health and Safety (OH&S) and Environmental Management Systems;
5. Attended a pre selection interview to the satisfaction of the evaluation panel; and
6. Receiving good responses from four nominated referees including three Victorian Local Governments and Parks Victoria undertaken by Council's Team Leader, Cleansing.

The Company/Relevant Experience/Capability

All Cleaning Solutions Pty Ltd is a commercial cleaning and building maintenance contractor business, established in 2007. Their customers include state government departments, local governments, gyms, hotels and other small to medium enterprises.

They maintain accreditation to AS/NZS ISO9001:2008 (Quality Management Systems), AS/NZS4801:2001 (OH&S Management Systems) and AS/NZS ISO14001:2004 (Environmental Management System).

Their management team combines over 40 years' experience and they currently operate similar cleaning contracts with three Victorian Local Governments and two with Parks Victoria and have recent current and previous experience working with a total of five local governments in Victoria.

Recommendation

That Council:

1. **awards Contract to All Cleaning Solutions Pty Ltd for a fixed lump sum price of Four Hundred and Forty Five Thousand, Seven Hundred and Forty Four Dollars and Two Cents (\$445,744.02) including GST of \$40,522.18 for Programmed Cleaning Works in the first year of the contract, plus a Schedule of Rates for Reactionary Cleaning Works as required for an initial period of three (3) years from the date of commencement.**
2. **reserves the option to extend the initial contract term by two (2), 12 month extensions at the sole and absolute discretion of Council; and**
3. **signs and seals the contract documents when prepared.**

2.3.2 Contract No. 1718-87 Photography and Digital Media Services

File Id:	fA120770
Responsible Officer:	Director Corporate Services

Report Summary

This report outlines the tender process undertaken to select a panel of suitably qualified and experienced contractors for the provision of Photography and Digital Media Services.

The initial contract term is two (2) years from the date of commencement with an option to extend the contract by two (2) twelve month extensions at the sole and absolute discretion of Council.

Recommendation Summary

This report recommends that Council awards Contract 1718-87 to a panel of four (4) Photographers for the Photography Services component comprising of:

- HAS Media;
- Thomas Barnes;
- Tatiana CC Scott;
- Carla Gottgens Photography;

and a panel of six (6) Videographers for the Videography (Digital Media) Services component comprising of:

- HAS Media;
- Thomas Barnes;
- 77 Productions;
- We Make Online Videos;
- Cloakroom Media; and
- We Are Yarn.

At Council's discretion the Contract Superintendent can engage suitably qualified specialised Photographers and Videographers outside of the approved panels to meet Council's requirements which cannot be met by the above panel members. This could include times when members of the panel are unavailable to do the required work, do not have the specialised skills required for the job or when their quote does not conform to the budget constraints of the project.

The estimated expenditure for this contract over the initial two (2) year term is Three Hundred Thousand Dollars. Over the full life of the contract including the two (2) twelve month extensions, the estimated expenditure is Six Hundred Thousand Dollars (\$600,000.00) including GST.

2.3.2 Contract No. 1718-87 Photography and Digital Media Services (Cont.)**Introduction**

This is a Schedule of Rates contract designed to provide Council with a range of consultancy services to assist in communicating and promoting Council's large number of programs and events.

Tender Process

The Tender was advertised in The Age newspaper on Saturday 23 June 2018 and closed on Thursday 19 July 2018. At the closure of the Tender advertising period thirteen (13) tender submissions were received as follows:

1. Indimax Film Productions Pty Ltd
2. Blue Sky Eyes Pty Ltd
3. Lunamik (Sky Capital Trust)
4. HAS Media (H Stone)
5. We Are Yarn
6. 77 Post Pty Ltd (77 Productions)
7. Fluffy Cloud Media Pty Ltd
8. Cloakroom Media Pty Ltd
9. Carla Gottgens Photography
10. Thomas Barnes
11. CMS Australasia Operating Pty Ltd
12. Tatiana CC Scot
13. Shon Productions

Tender Evaluation

The evaluation panel consisted of Council's Senior Media & Communications Coordinator, Team Leader Digital & Marketing, Urban Screens Coordinator, Arts and Cultural Programs Promotion Officer and Senior Contracts Officer with Occupational Health & Safety Consultant providing specialist advice.

The tenders were evaluated using Council's Weighted Attributed Value Selection Method. The advertised evaluation criteria and the allocated weightings for evaluation are as follows:

	Evaluation Criteria	Weighting
1	Price/Rates	35%
2	Relevant Experience	30%
3	Capability/Skill/Creativity	25%
4	Social Procurement	5%
5	Local Industry	5%

2.3.2 Contract No. 1718-87 Photography and Digital Media Services (Cont.)

Each criterion is ranked on a point score between 0 (fail) and 5 (excellent). These rankings are then multiplied by the weighting to give a weighted attribute ranking for each criterion and totalled to give an overall evaluation score for all criteria.

Following the evaluation of the tender submissions received, the comparative point score based on the above criteria is as follows:

PHOTOGRAPHY SERVICES

Tenderer	Price Points	Non-Price Points	Total Score
HAS Media (H Stone)	1.19	2.35	3.54
Thomas Barnes	1.03	1.65	2.68
Tatiana CC Scott Photography	0.72	1.53	2.25
Carla Gottgens Photography	0.00	2.18	2.18
We Make Online Videos	0.24	1.65	1.89
Lunamik	0.48	1.40	1.88
Indimax Productions	0.08	1.40	1.48
CMS Australasia	0.00	1.40	1.40

Based on the above point score the evaluation panel agreed that Contracts should be awarded to the following panel of four contractors HAS Media, Thomas Barnes, Tatiana CC Scott Photography and Carla Gottgens Photography.

VIDEOGRAPHY (DIGITAL MEDIA) SERVICES

Tenderer	Price Points	Non-Price Points	Total Score
HAS Media (H Stone)	1.75	2.35	4.10
Thomas Barnes	1.46	1.65	3.11
77 Productions	0.89	2.20	3.09
We Make Online Videos	1.10	1.85	2.95
Cloakroom Media P/L	0.86	1.90	2.76
We Are Yarn	0.00	2.50	2.50

2.3.2 Contract No. 1718-87 Photography and Digital Media Services (Cont.)

Indimax Productions P/L	0.99	1.50	2.49
Lunamik	0.00	1.50	1.50
Shon Productions	0.00	1.45	1.45
Fluffy Cloud Media	0.00	1.40	1.40

Note 1: The higher the price score – lower the tendered price.

Note 2: The higher the non-price score – represents better capability and capacity to undertake the service.

Based on the above point score the evaluation panel agreed that Contracts should be awarded to the following panel of six contractors HAS Media, Thomas Barnes, 77 Productions, We Make Online Videos, Cloakroom Media and We Are Yarn.

Victorian Charter of Human Rights and Responsibilities

All matters relevant to the Victorian Human Rights Charter have been considered in the preparation of this report and are consistent with the standards set by the Charter.

Financial Implications

This contract is a schedule of rates contract, resource requirements are in accordance with existing budgetary allocation. The current funding allocation will meet the financial requirement of this contract.

Note: Schedule of Rates – A schedule of rates contract is one under which the amount that is payable to the contractor is calculated by applying an agreed schedule of rates to the quantity of work that is actually performed.

Lump Sum – A lump sum contract or a stipulated sum contract will require that the supplier agree to provide specified services for a stipulated or fixed price.

Social Procurement

Social Procurement was considered when assessing tender responses.

Local Industry

Local Industry was considered when assessing tender responses.

Consultation

During the tender evaluation process and in preparation of this report, relevant Council Officers from Media and Communications and Festivals and Events were consulted.

2.3.2 Contract No. 1718-87 Photography and Digital Media Services (Cont.)

Conclusion

The evaluation panel is satisfied that the tenderers recommended for appointment have the relevant experience and resources to carry out the works in a timely and efficient manner. Where Council's requirements cannot be met by the recommended panel, Council has authority to engage specialist providers at its discretion.

At the conclusion of the tender evaluation process the evaluation panel agreed that the tender submissions from HAS Media, Thomas Barnes, Tatiana CC Scott, Carla Gottgens Photography, 77 Productions, We Make Online Videos, Cloakroom Media and We Are Yarn represented the best value outcome for Council and should be accepted based on:

1. Their conforming tender submissions and schedule of rates; and
2. Their level of experience, staff resources and equipment.

Recommendation

That Council:

1. **Award Contract No. 1718-87 for the Photography and Digital Media Services within the City of Greater Dandenong of four (4) Photographers for the Photography Services component comprising of:**

- **HAS Media;**
- **Thomas Barnes;**
- **Tatiana CC Scott;**
- **Carla Gottgens Photography;**

and a panel of six (6) Videographers for the Videography (Digital Media) Services component comprising of:

- **HAS Media;**
- **Thomas Barnes;**
- **77 Productions;**
- **We Make Online Videos;**
- **Cloakroom Media; and**
- **We Are Yarn.**

at the tendered Schedule of Rates for an initial period of two (2) years;

and at Council's discretion the Contract Superintendent can engage suitably qualified specialised Photographers and Videographers outside of the approved panels to meet Council's requirements which cannot be met by the above panel members.

2.3.2 Contract No. 1718-87 Photography and Digital Media Services (Cont.)

This could include times when members of the panel are unavailable to do the required work, do not have the specialised skills required for the job or when their quote does not conform to the budget constraints of the project;

2. reserves the option to extend the initial contract term by two (2) years extensions at the sole and absolute discretion of Council; and
3. signs and seals the contract documents when prepared.

2.3.3 Contract No. 1718-91 - Hard Waste Collection Services, Pop-up Drive Thru Recycle Events & Home Cycle Collections

File Id: qA388304
Responsible Officer: Director Engineering Services

Report Summary

This report outlines the tender process undertaken to select suitably qualified and experienced contractor(s) for the provision of a number of Council's waste services:

1. At Call Hard Waste Collections
2. Pop-up Drive Thru Recycle Events
3. Day After Home Cycle Collections
4. Proactive Dumped Rubbish Collections

All services will be delivered within the City of Greater Dandenong and paid for in accordance with the tendered Schedule of Rates.

Recommendation Summary

This report recommends that Council approves the following contractors for Contract 1718-91 – At Call Hard Waste Collection Services, Pop-up Drive Thru Recycle Events & Home Cycle Collections:

1. WM Waste Management Services - At Call Hard Waste Collections Service
2. Southern Cross Recycling - Pop-up Drive Thru Recycle Events
3. Southern Cross Recycling - Day After Home Cycle Collections

and that the Chief Executive Officer be authorised to negotiate the final terms and conditions of the contract.

It is recommended that the Proactive Dumped Rubbish Collections remain as an in-house team delivered service as this represents "Best Value" to Council.

2.3.3 Contract No. 1718-91 - Hard Waste Collection Services, Pop-up Drive Thru Recycle Events & Home Cycle Collections (Cont.)

Introduction

A Councillor Briefing Session presentation was provided to Councillors on 7 May 2018 to confirm the scope of services to be tendered.

The At Call Hard Waste Collection Service, offered to each residential property across the municipality where an annual Residential Garbage Levy is paid, was endorsed to be the preferred model by Councillors for the delivery of this service. Councillors also agreed to maintain the continuation of the current service scope with the addition of an expanded collection of e-waste items necessary to comply with the State Government's E-waste Landfill Ban to be introduced 1 July 2019.

The broadened spectrum of recycling E-waste was a focus for all collection schedules of this contract.

Councillors also favoured the continuation of the Pop-up Drive Thru Recycle Events and the Day After Home Cycle Collection Services for our community. These were included in the contract as service options with the opportunity to opt in and opt out from one year to the next, pending Council's financial capacity, the on-going success or otherwise of these initiatives and with the flexibility to alter the frequency of each collection service.

The awarding of Contracts to the two (2) preferred contractors for their respected contracted services will be for an initial period of five (5) years with the option to extend the contract for two (2) x 12 month extensions at Council's discretion.

Council's in-house Street Cleansing Team currently undertakes a Proactive Dumped Rubbish Collection Program. Council's Team Leader Cleansing develops a strategically planned and regularly reviewed proactive Dumped Rubbish Collections Program targeting "hot spot" dumping locations. The intent of this program is to maintain a clean city, promoting a sense of community pride which may in-turn discourage further rubbish dumping. The inclusion of the Proactive Dumped Rubbish Collection Program as a service option in this tender was undertaken to confirm the "Best Value" approach to the service delivery of this program and provide a contracted option to Council with a schedule of rates for a manned collections vehicle with driver and labourer.

The overall aim of this tender process was to obtain responses from qualified and experienced contractors that would enable Council to compare the costs and benefits for the delivery of an 'At Call' Hard Waste Collection and associated services.

Tender Process

The tender was advertised in 'The Age' Newspaper and on Council's website on Saturday 30 June 2018.

An information session held on Thursday 12 July 2018 was offered to all prospective tenderers in order to further explain the service, understand the approach to the treatment of E-waste and to gain a common understanding of Council's expectation of the service scope and delivery.

2.3.3 Contract No. 1718-91 - Hard Waste Collection Services, Pop-up Drive Thru Recycle Events & Home Cycle Collections (Cont.)

At the close of tender at 2.00 pm on Tuesday 31 July 2018, three (3) tender submissions were received as follows:

Contractor	Services			
	At Call Hard Waste Collections	Pop-up Drive Thru Recycle Events	Day After Home Cycle Collections	Proactive Dumped Rubbish Collections
WM Waste Management Services	YES	NO	NO	YES
Cleanaway	YES	YES	YES	YES
Southern Cross Recycling	YES	YES	YES	YES

Tender clarification interviews were conducted on Thursday 23 August 2018 with Cleanaway, WM Waste Management Services and Southern Cross Recycling in order to verify details of each contractor's tender submission.

Reference checks were undertaken for each contractor following the clarification interviews.

Tender Evaluation

The evaluation panel consisted of Council's Service Unit Leader Parks & Waste, Waste Services Team Leader, Cleansing Team Leader, Senior Contracts Officer and the Contracts & Administration Officer with Occupational Health & Safety and Environmental Management consultants providing specialist advice.

The Tenders were evaluated using Council's Weighted Attributed Value Selection Method. The advertised evaluation criteria and the allocated weightings for evaluation for each of the service options offered as follows:

	Evaluation Criteria	Weighting
1	Price	50%
2	Track Record & Experience	30%
3	Environmental Outcomes	10%
4	Social Procurement	5%
5	Local Industry	5%
6	OH&S Systems	Pass / Fail
7	Environmental System	Pass / Fail

2.3.3 Contract No. 1718-91 - Hard Waste Collection Services, Pop-up Drive Thru Recycle Events & Home Cycle Collections (Cont.)

Tenders were ranked by panel members against each criteria. Points were awarded on a scale 0 – 5 based on the score parameters listed below;

Score	Description
5	Excellent
4	Very Good
3	Good, better than average
2	Acceptance
1	Marginally acceptable
0	Not Acceptable

Each submission was assessed against all evaluation criteria to ensure that the tenderers met the standards required for Council contractors. A fail in any criterion would automatically exclude a tenderer from further consideration for this contract.

The thoroughness of the evaluation process including assessment of tenders submissions, contractor interviews and reference checks provided a high level of confidence to the tender evaluation panel in recommending the contractors for this contract.

1. At Call Hard Waste Collections

Service Delivery

WM Waste Management Service has provided the At Call Hard Waste Collection Service on behalf of the City of Greater Dandenong for the past 10 years. Their approach to partnering with council, understanding the variables associated with the service and how to effectively deal with a variety of circumstances, a strong customer focus and their experience in dealing with our diverse community, their track record and appetite for a continuous improvement, were all strong features of their submission.

Social Procurement

WM Waste Management Services operates a second-hand shop at its Knox Transfer Station where goods from the hard waste collections are sold for re-use. The shop is operated by a disability service.

Local Industry

WM Waste Management Services purchases its collection vehicles from a Dandenong based company.

2.3.3 Contract No. 1718-91 - Hard Waste Collection Services, Pop-up Drive Thru Recycle Events & Home Cycle Collections (Cont.)

Environmental

WM Waste Management Services recycles metals, timber, cardboard, green waste and e-waste. WM Waste Management's proposal included provision to recycle all e-waste, meeting the State Governments legislative requirement to ban e-waste from landfill. They have recently established a partnership with a company to accept the residual waste, previously set to landfill, to be used as fuel to fire brick kilns. This initiative will generate an 85-90% re-use/recycling rate which significantly exceeds the prescribed rate of its nearest competitor.

Summary of Assessment

The weighted attribute points scores resulting from the assessment are shown in the following table

Tenderer	Price Score	Non Price Score	OH&S	EMS	Total Score
WM Waste Management Services Pty Ltd	1.25	2.05	Pass – Certified System		3.30
Cleanaway Pty Ltd	1.26	1.53	Pass – Certified System		2.79
SCR Group Pty Ltd	0.00	1.38	Pass	Pass	1.38

The tender submission received from SCR Group Pty Ltd was greater than 50% above the median price received and automatically received a price points score of zero.

Note 1: The higher the price score – lower the tendered price.

Note 2: The higher the non-price score – represents better capability and capacity to undertake the service.

Although the schedule of rates offered by Cleanaway was at a lower rate, it was calculated to offer a saving of 1% of the overall estimated expenditure for the year, with WM Waste Management's superior non priced deliverables of the contract considered to outweigh this price differential offering council overall Best Value.

2. Pop-up Drive Thru Recycle Events

Service Delivery

Southern Cross Recycling was the only contractor to submit a tender with extensive experience in delivering this service. They demonstrated a clear understanding of how the service needs to be run, including the suitable resourcing of plant and staff necessary to ensure goods are collected in a manner which maximises recovery.

2.3.3 Contract No. 1718-91 - Hard Waste Collection Services, Pop-up Drive Thru Recycle Events & Home Cycle Collections (Cont.)

Social Procurement

Southern Cross Recycling has established relationships with a number of charities with which it partners to distribute re-usable goods. Across their business operation they offer employment opportunities to people with disabilities and disadvantaged youth. Social wellbeing is a strong focus of their business.

Local Industry

Southern Cross Recycling is an expanding business. If successful in being awarded this contract they will look to setting up a warehouse in Dandenong, where they will sort and repair goods for re-use.

Environmental

Southern Cross aims to maximise re-use and recycle those items that cannot be re-used. Its targeted landfill diversion rate is 80%.

Summary of Assessment

The weighted attribute points scores resulting from the assessment are shown in the following table

Tenderer	Price Score	Non Price Score	OH&S	EMS	Total Score
SCR Group Pty Ltd	1.25	2.13	Pass	Pass	3.38

The pricing submission received from Cleanaway Pty Ltd for this component was priced upon Cleanaway Pty Ltd being awarded all components of the contract. Therefore the submission from Cleanaway Pty Ltd for this component was deemed Non-Conforming.

Council officers have benchmarked the price received from SCR Group and are satisfied that it offers best value to Council for this service.

Note 1: The higher the price score – lower the tendered price.

Note 2: The higher the non-price score – represents better capability and capacity to undertake the service.

3. Day After HomeCycle Collections

Service Delivery

Southern Cross Recycling was the only contractor to submit a tender with extensive experience in delivering this service. They demonstrated a clear understanding of how the service needs to be run, including the suitable resourcing of plant and staff necessary to ensure goods are collected in a manner which maximises recovery.

2.3.3 Contract No. 1718-91 - Hard Waste Collection Services, Pop-up Drive Thru Recycle Events & Home Cycle Collections (Cont.)

Social Procurement

Southern Cross Recycling has established relationships with a number of charities with which it partners to distribute re-usable goods. Across their business operation they offer employment opportunities to people with disabilities and disadvantaged youth. Social wellbeing is a strong focus of their business.

Local Industry

Southern Cross Recycling is an expanding business. If successful in being awarded this contract they will look to setting up a warehouse in Dandenong, where they will sort and repair goods for re-use.

Environmental

Southern Cross aims to maximise re-use and recycle those items that cannot be re-used. Its targeted landfill diversion rate is 80%.

Summary of Assessment

The weighted attribute points scores resulting from the assessment are shown in the following table

Tenderer	Price Score	Non Price Score	OH&S	EMS	Total Score
SCR Group Pty Ltd	2.31	2.13	Pass	Pass	4.44
Cleanaway Pty Ltd	0.19	1.08	Pass – Certified Systems		1.27

Note 1: The higher the price score – lower the tendered price.

Note 2: The higher the non-price score – represents better capability and capacity to undertake the service.

4. Proactive Dumped Rubbish Collections

Pricing for this schedule is based on the hire of a suitable collection vehicle, driver and labourer. The lowest priced tender rate per annum was \$418,500 compared to the City of Greater Dandenong's in-house Street Cleansing Team rate of \$180,696.

As the annual in-house rate is a significantly lower cost and the in-house team affords a more flexible resource deployment option, Council's Street Cleansing Team was considered to offer council "Best Value" and therefore no further assessment was conducted.

2.3.3 Contract No. 1718-91 - Hard Waste Collection Services, Pop-up Drive Thru Recycle Events & Home Cycle Collections (Cont.)

Victorian Charter of Human Rights and Responsibilities

All matters relevant to the Victorian Human Rights Charter have been considered in the preparation of this report and are consistent with the standards set by the Charter.

Financial Implications

Council's 2018/19 estimated annual budget allocation for the provision of a Hard Waste Collection Service which includes a 4 cubic metre collection and a maximum of 2 mattresses per property is \$1,852,100.00 including GST.

The annual cost to Council for the Hard Waste component of this contract is based on Council estimated number of participating premises (number of collections) and the collection of an estimated number of mattresses collected per year.

Council's 2018/19 estimated annual budget for the Pop-up Drive Thru Recycle Events (2) & Home Cycle Collections Service (1) is \$121,000.00 including GST. It is based on maintaining the current service level.

Note: Schedule of Rates – A schedule of rates contract is one under which the amount that is payable to the contractor is calculated by applying an agreed schedule of rates to the quantity of work that is actually performed.

Lump Sum – A lump sum contract or a stipulated sum contract will require that the supplier agree to provide specified services for a stipulated or fixed price.

The submitted contract rates fall within Council's 2018/19 budget provision.

Consultation

During the tender evaluation process and in preparation of this report, relevant Council officers from Waste Services, Contracts and Council's Occupational Health & Safety and Environmental Planning were all consulted.

Conclusion

The tender is to be awarded based on the successful contractors meeting Council's agreed service standards.

At the conclusion of the tender evaluation process the evaluation panel agreed that services under this contract should be awarded as follows:

1. **WM Waste Management Services** - At Call Hard Waste Collections
2. **Southern Cross Recycling** - Pop-up Drive Thru Recycle Events
3. **Southern Cross Recycling** - Day After Home Cycle Collections

2.3.3 Contract No. 1718-91 - Hard Waste Collection Services, Pop-up Drive Thru Recycle Events & Home Cycle Collections (Cont.)

The evaluation panel is satisfied that both contractors possess the relevant experience and resources to carry out the services in a timely and efficient manner and will provide a Best Value to Council for this contract.

Recommendation

That:

- 1. Council declare that WM Waste Management Services be appointed as the preferred tenderer for Contract 1718-91 for the Hard Waste Collection Services for an initial period of five (5) years with an option to extend the initial contract term by two (2) x 12 month extension at the sole and absolute discretion of Council:**
 - 1.1. the Chief Executive Officer to be delegated the power to enter into negotiations with WM Waste Management Services to finalise the terms of each Contract on the basis that there is no increase to the tendered schedule of rates submitted nor any reduction in service;**
 - 1.2. if the Chief Executive Officer is unable to negotiate a satisfactory outcome with WM Waste Management Services, then the Chief Executive Officer to be delegated the power to enter into negotiations with Cleanaway Pty Ltd and upon satisfactory negotiations, the At Call Hard Waste Collection Service be offered to Cleanaway Pty Ltd;**
- 2. Southern Cross Recycling be appointed as the tenderer for Contract 1718-91 for the Pop-up Drive Thru Recycle Events & Home Cycle Collections services for an initial period of five (5) years with an option to extend the initial contract term by two (2) x 12 month extension at the sole and absolute discretion of Council:**
 - 2.1. the Chief Executive Officer to be delegated the power to enter into negotiations with Southern Cross Recycling to finalise the terms of each Contract on the basis that there is no increase to the tendered schedule of rates submitted nor any reduction in service;**
 - 2.2. if the Chief Executive Officer is unable to negotiate a satisfactory outcome with Southern Cross Recycling, then the Pop-up Drive Thru Recycle Events Service be retendered;**
 - 2.3. if the Chief Executive Officer is unable to negotiate a satisfactory outcome with Southern Cross Recycling, then the Day After Home Cycle Collections Service be retendered;**
- 3. Council continues its "Proactive Dumped Rubbish Collections Program utilising its in-house Cleansing Team; and**
- 4. signs and seals the contract documents when prepared.**

2.3.4 Contract No. 1819-03 Implementation of Stage 2 Landscape Improvements for Dandenong Park in the Northern Precinct

File Id: fA126427

Responsible Officer: Director Engineering Services

Report Summary

This report outlines the tender process undertaken to select a suitably qualified and experienced contractor for the Implementation of Stage 2 Landscape Improvements in the northern precinct of Dandenong Park in Dandenong.

Recommendation Summary

This report recommends that Council:

1. awards Contract 1819-03 to Ace Landscape Services Pty Ltd for a fixed lump sum price of Two Million, Nineteen Thousand and Eighty One Dollars and Ninety Cents (\$2,019,081.90) including GST of \$183,552.90. This is a Lump Sum Contract and not subject to rise and fall.

2.3.4 Contract No. 1819-03 Implementation of Stage 2 Landscape Improvements for Dandenong Park in the Northern Precinct (Cont.)

Introduction

This project will see the implementation of significant infrastructure and landscape improvements to Dandenong Park in accordance with the Council adopted Dandenong Park Masterplan and detail design contract documentation. Works will see the construction of a range of new elements including, but not limited to:

- Construction of the “Stan Prior Stage” and surrounding area which includes feature lighting, brass inlays and other interpretive signage in recognition and celebration of Stan Prior.
- Supply and installation of barbeques, furniture, feature pavements, picnic shelters, new access pathways, public lighting, landscaping and various other elements.
- Construction of a lit hard paved and fenced Multi-Purpose sport playing area with various line marking to facilitate a range of sporting activities.

Tender Process

This tender was advertised on Saturday 7 July 2018 in The Age Newspaper and Council’s website and closed at 2pm on Thursday 2 August 2018.

At the close of the tender advertising period submissions were received from four contractors as listed below:

1. Ace Landscape Services Pty Ltd
2. Blue Peak Holdings Pty Ltd
3. Evergreen Civil Pty Ltd
4. LJM Construction Australia

Tender Evaluation

The evaluation panel comprised of Council’s Co-ordinator Open Space Projects, Co-ordinator Strategic Design and Sustainability Planning, Project Manager and Senior Contracts Officer with specialist advice sought from Bradley Clothier and Warwick Savvas of Aspect Studios (landscape architects and designers of the project).

The tender was evaluated using Council’s Weighted Attributed Value Selection Method. The advertised evaluation criteria and the allocated weightings for evaluation are as follows:

	Evaluation Criteria	Weighting
1	Price	40%
2	Demonstrated Experience in Delivering Projects of this Type and Scale	20%
3	Clear Understanding of the Project Brief and Tender Specifications	15%
4	Demonstrated Capacity to Deliver the Project within the Required Timeframe	15%

2.3.4 Contract No. 1819-03 Implementation of Stage 2 Landscape Improvements for Dandenong Park in the Northern Precinct (Cont.)

5	Social Procurement	5%
6	Local Industry	5%

Each criterion is ranked on a point score between 0 (fail) and 5 (excellent). These rankings are then multiplied by the weighting to give a weighted attribute ranking for each criterion and totalled to give an overall evaluation score for all criteria.

Following an evaluation of the tender, the comparative point score based on the above criteria is as follows:

Tenderer	Price Points	Non-Price Points	Total Score
Ace Landscape Services Pty Ltd	1.06	2.48	3.54
LJM Construction Aust	1.03	2.18	3.21
Evergreen Civil Pty Ltd	0.97	2.10	3.07
Blue Peak Constructions Pty Ltd	0.45	1.76	2.21

Note 1: The higher the price score – lower the tendered price.

Note 2: The higher the non-price score – represents better capability and capacity to undertake the service.

Representatives from Ace Landscape Services Pty Ltd and LJM Construction Australia (the two short listed companies) attended a tender clarification interview conducted by the Tender Evaluation Panel which included Bradley Clothier and Warwick Savvas of Aspect Studios. During the tender interview process it was advised that the final civil construction drawings (issued after the tender close) would be made available to both Ace Landscape Services and LJM Constructions Australia for their information and review in order to confirm their tender submission pricing.

Reference checks regarding performance and quality of previously completed projects have also been undertaken from past clients with positive comments and feedback received.

At the completion of the tender evaluation process described above, the Evaluation Panel recommends to Council that the tender submission from **Ace Landscape Services Pty Ltd** be accepted as it provides the best value outcome for Council.

Relevant Experience/Track Record

Ace Group has been delivering landscaping projects for more than 15 years after recognising a marketplace opportunity to compliment the service offering of their established civil and infrastructure services division. The landscaping division became a standalone company in 2011. Ace Landscape Services has delivered multiple high profile projects which have significantly transformed and upgraded commercial landscapes, streetscapes and community hubs throughout Victoria.

2.3.4 Contract No. 1819-03 Implementation of Stage 2 Landscape Improvements for Dandenong Park in the Northern Precinct (Cont.)

Ace Landscape Services extensive scope of works and capability includes:

- Commercial and residential scale landscape projects;
- Construction of sporting ovals and sporting pavilions;
- Parks, playgrounds and community space projects;
- Construction of streetscapes and boulevards;
- Wetlands and open space developments;
- Landscape design and construction;
- Podium landscaping; and
- Maintenance responsibilities.

The company operates across a diverse spectrum of projects ranging from the industrially challenging works that relate to large scale commercial projects to the more technically challenging streetscape projects for large statutory and municipal clients where multiple stakeholder engagement needs to be managed where communication and planning is paramount. Working in the public domain on projects with emotional connection to the community often requires additional communicative skills. Ace Landscape Services strengths come from their high level of professional standards, experience, competent staff, systems and processes along with their long standing presence within the industry.

Financial Implications

The contract price of \$2,019,081.90 (\$1,835,529.00 excluding GST) is within the budget parameters allocated for the implementation phase of the Dandenong Park Masterplan. Funding for this project has been approved by Council through the 2018/19 capital works program.

Lump Sum – A lump sum contract or a stipulated sum contract will require that the supplier agree to provide specified services for a stipulated or fixed price.

Social Procurement

Ace Landscape Services Pty Ltd currently employs five (5) staff who resides within the Greater Dandenong Council boundary.

Ace was awarded 'Employer of Choice' status in the Australian Business Awards for 2016.

Local Industry

0.15% (approximately \$3000) for food, miscellaneous supplies and fuel have been indicated by Ace Landscape Improvements to fall within Council's "Local Content".

Consultation

During the tender evaluation process and in preparation of this report other relevant Council Officers have also been consulted to seek their input and specialist advice.

2.3.4 Contract No. 1819-03 Implementation of Stage 2 Landscape Improvements for Dandenong Park in the Northern Precinct (Cont.)

Conclusion

At the conclusion of the tender evaluation process that included the pre selection interview, the evaluation panel agreed that the tender submission from **Ace Landscape Services Pty Ltd** represented the best value outcome for Council and should be accepted due to:

1. Their conforming tender submission and understanding of the project brief;
2. Their very good references received for recent similar civil projects, comments from referees included the words - "excellent contractor", "very good" and "completed the job on time";
3. Their level of experience, staff resources and the range of available equipment; and
4. Their demonstrated methodology to implement the project, their submitted program and work plan to the satisfaction of the Project Manager.

Recommendation

That Council:

1. **awards Contract 1819-03 to Ace Landscape Services Pty Ltd for a fixed lump sum price of Two Million, Nineteen Thousand and Eighty One Dollars and Ninety Cents (\$2,019,081.90) including GST of \$183,552.90; and**
2. **signs and seals the contract documents when prepared.**

2.4 STATUTORY PLANNING APPLICATIONS

2.4.1 Planning Decisions Issued by Planning Minister's Delegate - September 2018

File Id:	qA280444
Responsible Officer:	Director City Planning Design & Amenity
Attachments:	Planning Declared Area Delegated Decisions - September 2018

Report Summary

This report provides Council with an update on the exercise of delegation by Planning Minister's delegate.

It provides a listing of Town Planning applications that were either decided or closed under delegation or withdrawn by applicants in September 2018.

It should be noted that where permits and notices of decision to grant permits have been issued, these applications have been assessed as being generally consistent with the Planning Scheme and Council's policies.

Application numbers with a PDA#.01 or similar, are applications making amendments to previously approved planning permits.

Recommendation

That the items be received and noted.

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065)

File Id:	139060
Responsible Officer:	Director City Planning, Design and Amenity
Attachments:	Submitted Plans Location of Objectors Clause 22.09 Assessment Clause 52.06 Assessment Clause 55 Assessment

Application Summary

Applicant:	Green Gates Drafting
Proposal:	Alterations and additions to the existing dwelling and to develop a double storey dwelling to the rear of the site
Zone:	General Residential Zone 1
Overlay:	Nil
Ward:	Paperbark

The application has been brought to a Council Meeting as it has received two (2) objections.

The application proposes alterations and additions to the existing dwelling and to develop a double storey dwelling to the rear of the site. A permit is required pursuant to Clause 32.08-6 of the Greater Dandenong Planning Scheme to construct two or more dwellings on a lot.

Objectors Summary

The application was advertised to the surrounding area through the erection of a notice on-site notices and the mailing of notices to adjoining and surrounding owners and occupiers. Two (2) objections were received to the application. Issues raised generally relate to matters of:

- Neighbourhood character and amenity;
- Inadequate landscaping opportunities;
- Two crossovers;
- Traffic and parking;
- Overshadowing;
- Overlooking;

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065) (Cont.)

- Private open space amenity; and
- Bin collection issues.

Assessment Summary

The site is located within an established residential area and is well suited for medium density housing given that the site is zoned for incremental change. The proposal seeks to provide a medium density development which is generally consistent with the emerging pattern of development and the surrounding neighbourhood character. It is noted that the development complies with all the design principles, as demonstrated in the attachments outlined in this report.

The developments compliance with Clause 55 demonstrates that the proposal is an appropriate design response to the site's context and is respectful of the existing neighbourhood character whilst contributing to the preferred neighbourhood character envisaged by Clause 22.09.

Recommendation Summary

As assessed, the proposal is consistent with and appropriately responds to the provisions of the Greater Dandenong Planning Scheme. The proposal appropriately responds to strategic policy for residential development in the area with this report recommending that the application be supported, and a **Notice of Decision** (which provides appeal rights to objectors) to grant a permit be issued containing the conditions as set out in the recommendation.

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065) (Cont.)

Subject Site and Surrounds

Subject Site

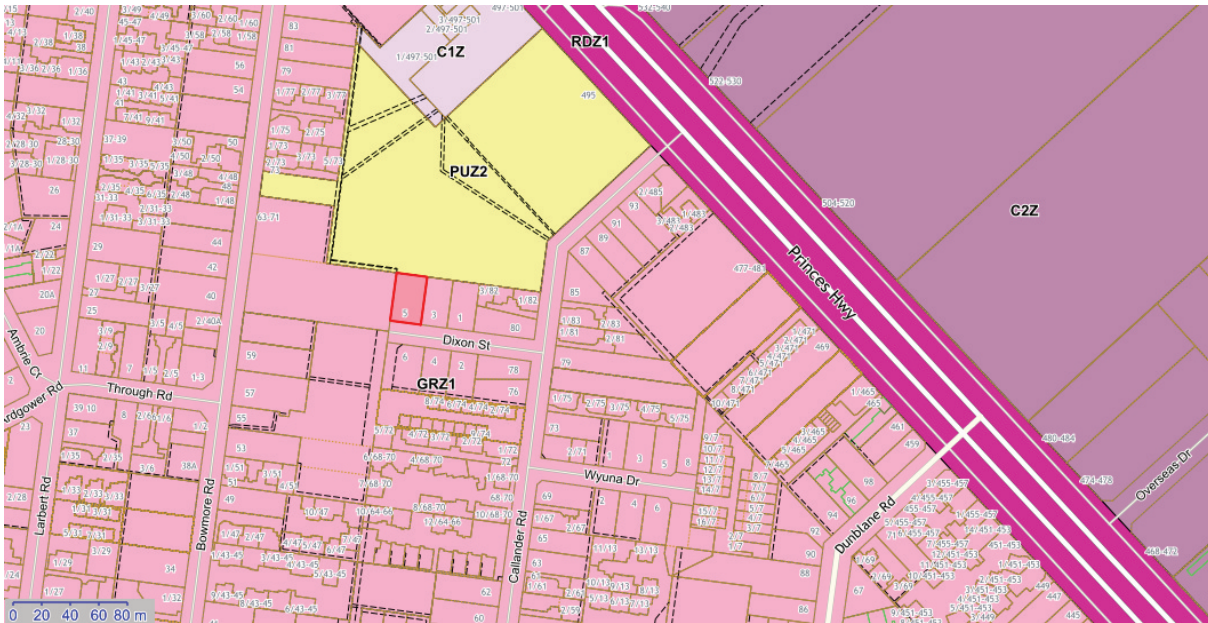

- The subject site is located on the west end of Dixon Street, Noble Park.
- The site has a frontage to Dixon Street of 21.34m, a depth of 32.61m, and an overall area of 696 square metres.
- There are no easements on the site.
- The site currently has a single storey detached brick dwelling with a terra-cotta tiled roof.
- The site is accessed via a single width crossover from Dixon Street.

Surrounding Area

- The subject site is located within an established residential area that is incrementally evolving over time to contain more medium density infill developments;
- The built form in the area consists of a mix of older single storey detached dwellings, double-storey detached dwellings, single-storey multi-dwelling developments and double-storey multi-dwelling developments.
- Bowmore Road Reserve abuts the site to the west and Harrisfield Primary School abuts the site to the north.
- The Noble Park Activity Centre is located approximately 1.1km to the south of the site;
- The site is located within proximity to the following community facilities:
 - 1.2km to Noble Park Train Station.
 - 1.4km to Sandown Park Train Station;
 - 244m to bus route 800 along Princes Highway;
 - 250m to Sandown Park Raceway;
 - Commercial land is located 286m to north;
 - The Mixed Use Zone is located 700m to south east.

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065) (Cont.)

Locality Plan

Background

Previous Applications

A search of Council records revealed no previous planning applications have been considered for the subject site.

Subject Application

Proposal

The application proposes the alterations and additions to the existing dwelling and to develop a double storey dwelling to the rear of the site.

The details of the proposal are as follows:

Type of proposal	Multi-dwelling development
Number of dwellings	Two (2) dwellings in total
Levels	One (1) existing single storey, one (1) new double storey
Height	Maximum height of 6.9 metres
Orientated to	Dixon Street

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065) (Cont.)

Changes to existing dwelling	Bed 3 window to be moved from northern elevation to western elevation. Addition of new driveway with carport and tandem car space.
External materials	<p>Dwelling 1: Ground floor: Brickwork and rendered finish 'Dulux Calf Skin' First floor: Foamboard with rendered finish 'Dulux Bogart' Roof: Terra-cotta tiles 'Black'</p> <p>Dwelling 2: Ground floor: Brickwork and rendered finish 'Dulux Calf Skin' First floor: Foamboard with rendered finish 'Dulux Bogart' Roof: Terra-cotta tiles 'Black' and concrete tiles 'Black' Garage: Roller Door – Colourbond 'Night Sky'</p>
Setbacks	<p><u>Dwelling 1</u> Ground Floor setbacks: East (side): 5.5m minimum setback (existing condition) South (front – Dixon Street): 6.1m minimum setback (existing condition) West (side): 3.05m minimum setback</p> <p><u>Dwelling 2</u> Ground Floor setbacks: North (rear): 1.85m minimum setback East (side): Garage built to boundary West (side): 3.4m minimum setback</p> <p>First Floor setbacks: North (rear): 1.85m minimum setback East (side): 7.1m minimum setback West (side): 3.4m minimum setback</p>

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065) (Cont.)

Private open space type	Dwelling 1: Private Open Space is 158.7sqm (82.1sqm front year), including secluded private open space of 55.2sqm Dwelling 2: Private Open Space is 74.6sqm, including secluded private open space of 30sqm
Number of car parking spaces required	Two (2) car parking spaces required for each three or more bedroom dwelling. A total of four (4) car parking spaces are required.
Number of car parking spaces provided	A total of four (4) car parking spaces are provided for the development.
Type of car parking	Dwelling 1 is provided with a single carport and tandem car space. Dwelling 2 is provided with a double garage.
Access	The existing crossover which connects to Dixon Street is to be retained to provide access to Dwelling 2. One (1) new crossover is proposed to the southwest corner of the site for access to the existing dwelling (Dwelling 1).
Front fence	Existing 900mm high brick fence to be retained.
Garden area required	243.6 square metres (35% of the site are)
Garden area provided	256.98 square metres (36.9% of the site area)

A copy of the submitted plans (as advertised) is included as Attachment 1.

Victorian Charter of Human Rights and Responsibilities

The Victorian Charter of Human Rights and Responsibilities has been considered in the preparation of this report but is not relevant to its contents.

Financial Implications

No financial resources are impacted by this report.

Planning Scheme and Policy Frameworks

Pursuant to the Greater Dandenong Planning Scheme, a planning permit is required:

- Under 32.08-6 (General Residential Zone) to construct two (2) or more dwellings on a lot.

The relevant controls and policies are as follows:

Zoning Controls

The subject site is located in a General Residential Zone – Schedule 1, as is the surrounding area.

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065) (Cont.)

The purpose of the General Residential Zone outlined at Clause 32.08 is:

- *To implement the Municipal Planning Strategy and the Planning Policy Framework.*
- *To encourage development that respects the neighbourhood character of the area.*
- *To encourage a diversity of housing types and housing growth particularly in locations offering good access to services and transport.*
- *To allow educational, recreational, religious, community and a limited range of other non-residential uses to serve local community needs in appropriate locations.*

Pursuant to Clause 32.08-6 a permit is required to construct two or more dwellings on a lot. The development must also provide a minimum garden area of 35% pursuant to Clause 32.08-4 as the lot exceed 650 square metres.

It is noted that within Schedule 1 to the zone, varied requirements of Clause 55 are set out as follows:

- Standard B6 (Minimum Street Setback) – As per B6 or 7.5 metres, whichever is the lesser;
- Standard B9 (Permeability) – Minimum of 30%; [only valid for GRZ1, not GRZ2];
- Standard B13 (Landscaping) – 70% of ground level front setback, and side and rear setbacks, planted with substantial landscaping and canopy trees [only valid for GRZ1, not GRZ2];
- Standard B28 (Private Open Space) – An area of 50 square metres of ground level, private open space, with one part of the private open space to consist of secluded private open space at the side or rear of the dwelling with a minimum area of 30 square metres, and a minimum dimension of 5 metres and convenient access from a living room; or a balcony with a minimum area of 10 square metres with a minimum width of 2 metres and convenient access from a living room; and
- Standard B32 (Front Fence Height) – Maximum 1.5 metre height in streets in Road Zone Category 1, 1.2 metre maximum height for other streets.

Overlay Controls

No overlays affect the subject site or surrounding area.

State Planning Policy Framework

The **Operation of the State Planning Policy Framework** outlined at Clause 10 seeks to ensure that the objectives of planning in Victoria are fostered through appropriate land use and development planning policies and practices which integrate relevant environmental, social and economic factors in the interests of net community benefit and sustainable development. The objectives of Planning in Victoria are noted as:

(a) To provide for the fair, orderly, economic and sustainable use, and development of land.

(b) To provide for the protection of natural and man-made resources and the maintenance of ecological processes and genetic diversity.

(c) To secure a pleasant, efficient and safe working, living and recreational environment for all Victorians and visitors to Victoria.

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065) (Cont.)

(d) To conserve and enhance those buildings, areas or other places which are of scientific, aesthetic, architectural or historical interest, or otherwise of special cultural value.

(e) To protect public utilities and other facilities for the benefit of the community.

(f) To facilitate development in accordance with the objectives set out in paragraphs (a), (b), (c), (d) and (e).

(g) To balance the present and future interests of all Victorians.

In order to achieve those objectives, there are a number of more specific objectives contained within the State Planning Policy Framework that need to be considered under this application.

Settlement (Clause 11)

Settlement is outlined at Clause 11, with Clause 11.02 relating to Managing Growth. The objective of this Clause include:

- *To ensure a sufficient supply of land is available for residential, commercial, retail, industrial, recreational, institutional and other community uses.*

Built Environment and Heritage (Clause 15)

Planning should promote excellence in the built environment and create places that:

- *Are enjoyable, engaging and comfortable to be in.*
- *Accommodate people of abilities, ages and cultures.*
- *Contribute positively to local character and sense of place.*
- *Reflect the particular characteristics and cultural identity of the community.*
- *Enhance the function, amenity and safety of the public realm.*

Housing (Clause 16)

Clause 16 – Housing – contains the following relevant objectives:

- *Planning should provide for housing diversity, and ensure the efficient provision of supporting infrastructure.*
- *Planning should ensure the long term sustainability of new housing, including access to services, walkability to activity centres, public transport, schools and open space.*
- *Planning for housing should include the provision of land for more affordable housing.*

Clause 16.01-3S – Housing Diversity – contains the following strategies:

- *Ensure housing stock matches changing demand by widening housing choice.*
- *Facilitate diverse housing that offers choice and meets changing household needs through:*
 - *A mix of housing types.*

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065) (Cont.)

- *Adaptable internal dwelling design.*
- *Universal design.*
- *Encourage the development of well-design medium-density housing that:*
 - *Respects the neighbourhood character.*
 - *Improves housing choice.*
 - *Makes better use of existing infrastructure.*
 - *Improves energy efficiency of housing.*
- *Support opportunities for a range of income groups to choose housing in well serviced locations.*
- *Ensure planning for growth areas provides for a mix of housing types through a variety of lot sizes, including higher housing densities in and around activity centres.*

Clause 18 - Transport

Clause 18.01-1S - Land use and transport planning – contains the following relevant strategies:

- *Plan urban development to make jobs and community services more accessible by:*
 - *Ensuring access is provided to developments in accordance with forecast demand, taking advantage of all available modes of transport and to minimise adverse impacts on existing transport networks and the amenity of surrounding areas.*

Local Planning Policy Framework

The Local Planning Policy Framework (LPPF) includes the Municipal Strategic Statement (MSS) and Local Policies.

The MSS is contained within Clause 21 of the Scheme. The MSS at **Clause 21.02** focuses on the **Municipal Profile**, within which the following is noted:

- *There is considerable diversity within Greater Dandenong's housing stock. Most housing stock is between 30 to 50 years old, though there are some areas with dwellings in excess of 100 years old. Areas of newer housing are located in the north-east and central southern areas, with in-fill development occurring across the municipality (Clause 21.02-3).*
- *Higher density housing is generally located in proximity to railway stations and major shopping centres, in particular in central Dandenong (Clause 21.02-3).*
- *Whilst there is a clear pre-dominance of single detached dwellings, there are a range of other types of dwellings including dual occupancies, villa-units, town houses and apartments. The highest concentration of older villa units and apartments and more recent multi-unit redevelopments have occurred around central Dandenong, Springvale and Noble Park activity centres (Clause 21.02-4).*
- *With diverse cultural groups that call Greater Dandenong home, there are certain distinct precincts that are emerging that have their own character. Their built form is characterised by buildings*

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065) (Cont.)

with flat unarticulated facades, prominent balconies, limited frontage/side setbacks, limited or no landscaping (Clause 21.02-4).

A **Vision for Greater Dandenong** is outlined at **Clause 21.03**. The vision is that Greater Dandenong will be municipality where housing diversity and choice is promoted in its various attractive neighbourhoods.

The objectives and strategies of the MSS are under four (4) main themes including: land use; built form; open space and natural environment; and, infrastructure and transportation (considered individually under Clauses 21.04 to 21.07). Of particular relevance to this application are Clauses 21.04 – Land Use and 21.05 Built Form:

Clause 21.04-1 Housing and community

- *Greater Dandenong's population is expected to rise by 22 percent, from 147,000 to 179,000 in the decade to 2024, placing pressure on transport networks, infrastructure, services and public open space.*
- *Approximately 9,950 new households will need to be accommodated across the municipality by 2024 (Greater Dandenong Housing Strategy 2014-2024).*
- *Supporting urban consolidation and providing housing in existing areas close to activity centres means that people do not need to travel as far to work, shop or to take part in sports/leisure activities thus reducing the environmental impacts of transport.*
- *Increases in housing density must be balanced by adequate provision of open space, good urban design and improvements to the public realm.*
- *Encourage the provision of housing that is adaptable to support the needs of the changing needs of present and future residents.*
- *Encourage innovative redevelopment and renewal of deteriorating housing stock and older styled higher-density apartments and multi-unit developments.*
- *Encourage new residential development that incorporates adequate space for the planting and the long term viability and safe retention of canopy trees.*
- *Respecting the valued, existing neighbourhood character within incremental and minimal change areas.*
- *Requiring medium-density developments to be site and locality responsive and to respect existing and proposed neighbourhood character.*

Clause 21.05-1 – Urban design, character, streetscapes and landscapes – contains the following relevant objectives and strategies:

- *To facilitate high quality building design and architecture.*
 - *Ensure building design is consistent with the identified future character of an area and fully integrates with surrounding environment.*
 - *Encourage high standards of building design and architecture, which allows for flexibility and adaptation in use.*
 - *Encourage innovative architecture and building design.*

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065) (Cont.)

- *To facilitate high quality development, which has regard for the surrounding environment and built form.*
 - *Promote views of high quality landscapes and pleasing vistas from both the public and private realm.*
 - *Promote all aspects of character – physical, environmental, social and cultural.*
 - *Encourage planting and landscape themes, which complement and improve the environment.*
 - *Encourage developments to provide for canopy trees.*
 - *Recognising valued existing neighbourhood character and promoting identified future character as defined in the Residential Development and Neighbourhood Character Policy at Clause 22.09.*

- *To protect and improve streetscapes*
 - *Ensure that new developments improve streetscapes through generous landscape setbacks and canopy tree planting.*
 - *Ensure landscaping within private property that complements and improves the streetscapes and landscaping of public areas.*

- *To ensure landscaping that enhances the built environment*
 - *Encourage new developments to establish a landscape setting, which reflects the local and wider landscape character.*
 - *Encourage landscaping that integrates canopy trees and an appropriate mix of shrubs and ground covers and complements and integrates with existing or proposed landscaping in public areas.*

Clause 22.09 – Residential Development & Neighbourhood Character Policy – contains the following objectives at Clause 22.09-2:

- *To guide the location and design of different types of residential development within Greater Dandenong, having regard to State and local planning policies, while respecting the valued characteristics and identified future character of residential neighbourhoods.*
- *To ensure that new residential development is consistent with the identified future character and preferred built form envisaged for the three Future Change Areas.*
- *To provide certainty about which areas are identified for, or protected from, increased residential development consistent with the purpose of the applicable zone.*
- *To facilitate high quality, well designed residential development and on-site landscaping.*
- *To promote a range of housing types to accommodate the future needs of the municipality's changing population.*
- *To ensure that residential development uses innovative, responsive and functional siting and design solutions that:*

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065) (Cont.)

- *Achieve high quality internal amenity and private open space outcomes for future residents;*
- *Make a positive contribution to the streetscape through quality design, contextual responsiveness and visual interest;*
- *Promote public realm safety by maximising passive surveillance.*
- *Demonstrate responsiveness to the site, adjoining interfaces, streetscape and landscape context;*
- *Respect the amenity of adjoining residents and the reasonable development potential of adjoining properties;*
- *Achieve environmentally sustainable design outcomes;*
- *Use quality, durable building materials that are integrated into the overall building form and façade; and*
- *Minimise the visual dominance of vehicle accessways and storage facilities, such as garages, car ports and basement entrances.*

An assessment against Clause 22.09 is include as Attachment 3.

Particular Provisions**Car parking (Clause 52.06)**

Clause 52.06 needs to be considered to determine the appropriateness of the car parking provision of the development. The purpose of this Clause is:

- *To ensure that car parking is provided in accordance with the State Planning Policy Framework and Local Planning Policy Framework.*
- *To ensure the provision of an appropriate number of car parking spaces having regard to the demand likely to be generated, the activities on the land and the nature of the locality.*
- *To support sustainable transport alternatives to the motor car.*
- *To promote the efficient use of car parking spaces through the consolidation of car parking facilities.*
- *To ensure that car parking does not adversely affect the amenity of the locality.*
- *To ensure that the design and location of car parking is of a high standard, creates a safe environment for users and enables easy and efficient use.*

The table at Clause 52.06-5 sets out the car parking requirement that applies to the use of land for dwellings as follows:

- One (1) car parking space to each one (1) or two (2) bedroom dwelling; and
- Two (2) car parking spaces to each three (3) or more bedroom dwelling; plus
- One (1) car parking space for visitors to every five (5) dwellings for developments of five (5) or more dwellings.

An application must meet the Design Standards for car parking included at Clause 52.06-9.

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065) (Cont.)

An assessment against this Clause 52.06 is included as Attachment 4

Two or more dwellings on a lot and residential buildings (Clause 55)

Pursuant to Clause 55 of the Greater Dandenong Planning Scheme, the provisions of this Clause apply to an application:

- *To construct two or more dwellings on a lot.*

The purposes of this clause are:

- *To implement the Municipal Planning Strategy and the Planning Policy Framework.*
- *To achieve residential development that respects the existing neighbourhood character or which contributes to a preferred neighbourhood character.*
- *To encourage residential development that provides reasonable standards of amenity for existing and new residents.*
- *To encourage residential development that is responsive to the site and the neighbourhood.*

A development:

- *Must meet all of the objectives of this clause.*
- *Should meet all of the standards of this clause.*

If a zone or a schedule to a zone specified a requirement of a standard different from a requirement set out in this clause, the requirement in the zone or a schedule to the zone applies.

An assessment against this Clause 55 is included as Attachment 5.

General Provisions

Clause 65 – Decision Guidelines needs to be considered, as is the case with all applications. For this application the requirements of Clause 65.01 for the approval of an application or plan is of relevance. This Clause outlines the requirements that the responsible authority must consider when determining the application.

Restrictive Covenants

Covenant 1757206

A transfer of land document on 21 December 1939 The proposal does not impact this covenant.

Council Plan 2017-2021 – Strategic Objectives, Strategies and Plans

The Council Plan describes the kind of future the Council is working for, and how Council will do this over four years. In accordance with the commitment in Council's Annual Plan, all applications are considered on their merits.

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065) (Cont.)**Diversity (Access & Equity)**

It is not considered that the proposal raises any diversity issues affecting the planning assessment of this application.

Community Safety

It is considered that there would be no adverse community safety implications in permitting the proposal subject to strict conditions on any planning permit issued.

Safe Design Guidelines

Consideration of the relevant requirements of these Guidelines has been undertaken within the Assessment of this application.

Referrals

The application was not required to be referred to any external referral authorities pursuant to Section 55 of the Planning and Environment Act 1987.

Internal

The application was internally referred to Council Departments for their consideration. The comments provided will be considered in the assessment of the application.

Internal Referrals	
Transport	No objections, subject to conditions
Civil Department	No objections, subject to conditions

Advertising

The application has been advertised pursuant to Section 52 of the Planning and Environment Act 1987, by:

- Sending notices to the owners and occupiers of adjoining land.
- Placing a sign on site facing Dixon Street.

The notification has been carried out correctly.

Council has received two (2) objections to date.

The location of the objectors is shown in Attachment 2.

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065) (Cont.)**Consultation**

A consultative meeting was held on 25th July 2018, with the applicant and one (1) council representative in attendance. No objectors attended the meeting. Whilst the issues were discussed at length there was no resolution and the objections stand as received.

Summary of Grounds of Submissions/Objections

The objections are summarised below (**bold**), followed by the Town Planner's Response (in *italics*).

- **Overlooking**

The test for overlooking is set by Clause 55.04-6 – Overlooking objective (Standard B22) which requires any habitable room window or balcony with a direct view into an existing habitable room window or secluded private open space area within a horizontal distance of 9m from ground level to be screened in accordance with Standard B22. The proposal can be conditioned on the permit to provide adequate fixed external screening to 1.7m above finished floor level or highlight windows with sill heights at a minimum of 1.7m above finished floor level to first floor habitable room windows that would be within 9m of the secluded private open spaces or habitable room windows of adjoining properties. (See Condition 1.3.1)

- **Traffic and Parking**

Concerns have been raised with respect to an increase in car parking and street congestion. Council officers note that all car parking spaces have been provided in accordance with Clause 52.06. The presumption of potential future residents parking close to the entrance of the court is not a ground for consideration in the Greater Dandenong Planning Scheme or the Victoria Planning Provisions.

- **Neighbourhood character and amenity**

Concerns have been raised that the proposal is inconsistent with the character of the area. The proposal is generally in accordance with the existing and future identified character of the area, noting that the proposal affords adequate front, side and rear setbacks, provides landscaping opportunities and is of a built form outcome that respects the amenity of the adjoining allotments. The site abuts a reserve and has a school to the rear giving it the opportunity to allow a double storey to the rear without affecting the amenity of neighbouring properties. An assessment conducted under Clause 22.09 shows that the proposal is in line with the character of the area and generally complies with the design principles of the incremental change area.

- **Bin collection issues**

There would be adequate space on the nature strip adjacent to each dwelling for the placement of bins for collection.

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065) (Cont.)

- **Noise Pollution**

The proposal is a standard residential development in a residential zone. The proposal is not considered to create unreasonable noise.

- **Disruption of constructing the development**

The presumption of potential construction noises and disruption of the proposal is not a ground for consideration in the Greater Dandenong Planning Scheme or the Victoria Planning Provisions. The EPA provides guidelines and legislation to help manage construction noise.

- **Devaluation of properties**

Concern was raised that the proposal would decrease property values on the street. This is not planning matter and cannot be taken into consideration for this proposal.

- **Inadequate landscaping opportunities**

Concern has been raised that the property does not provide adequate landscaping opportunities. Whilst a landscaping plan has not been provided, a full detailed landscaping plan will be required by placing a condition on any permit to be issued (condition 1.5 and 2). It is identified that the opportunities for landscaping and retention of mature vegetation meets the required objectives of Clause 22.09-3.3 and Clause 55.03-8 Standard B13.

- **Two crossovers along Dixon Street**

Each proposed dwelling will be accessed from Dixon Street and the street is the only available accessway for the dwellings. Providing two crossovers, one for each dwelling, is considered to be appropriate and meets Clause 55.03-9 Standard B14 – Access. The application was referred to the Transport Department who held no issue with the proposed crossover as long as it was constructed to council standards. The site is 21m wide and therefore also complies with Clause 22.09, which allows more than one crossover on sites that are more than 17m wide.

- **Overshadowing**

Shadow diagrams have been submitted with the application for the 22 September equinox between 9am to 4pm. The shadow diagrams show that the proposed development would predominantly result in shadow over the reserve to the west. It is noted that there would be minor shadow to Dwelling 1's secluded private open space but at least 75 per cent will be provided with a minimum of 5 hours of sunlight between 9am and 3pm 22 September. There would be no overshadowing to the abutting lot to the east.

The proposal complies with the provision of Clause 55.04-5 – Overshadowing open space objective (Standard B21) and as such it is considered that this concern has been addressed.

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065) (Cont.)**• Private open space amenity**

Concern has been raised over the amenity and function of the private open spaces for both dwellings. An assessment under Clause 55.05-4 identifies that both dwellings provide the at least the minimum requirement of private open space and both have access to northern sun light where practical.

Assessment

The subject site is located within an established residential area and appears to be well suited for medium density housing given that the site is located in within easy walking distance of many community facilities.

The proposal capitalises on the location of the abutting lot to the west being a reserve and a school to the north. The design of the dwellings is in keeping with the neighbourhood character and first floor setbacks serve to limit visual bulk impacts on adjacent properties and on the streetscape. Although the proposed new dwelling is double storey, it is considered acceptable in this context, as detailed below.

As required by the residential zone that applies to this site, the proposed development has been assessed against the provisions of Clause 55 (full assessment attached as Appendix 5) of the Greater Dandenong Planning Scheme and the schedule to the residential zone. The use of the land for accommodation (dwellings) is as of right. The proposed development has also been assessed against Clause 52.06 (full assessment in attachment 4) and Clause 22.09 (full assessment attached as Appendix 3) of the Greater Dandenong Planning Scheme. The proposal complies with all requirements of these clauses except in the following instances, where variations or conditions are required:

Design Principles for all residential developments**Domestic services normal to a dwelling and buildings services:**

- *Ensure that all domestic and building services are visually integrated into the design of the building and appropriately positioned or screened so as to not be seen from the street or adjoining properties.*

The proposal fails to provide a convenient location for Dwelling 1's mailbox. A condition of the permit will require the mailbox for Dwelling 1 to be located next to Dwelling 1's accessway (Condition 1.1).

Design Principles for Incremental Change Areas – General Residential Zone (GRZ)**Clause 22.09-3.3 – Bulk and Built Form**

- *Position more intense and higher elements of built form towards the front and centre of a site, transitioning to single storey elements to the rear of the lot.*

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065) (Cont.)

- *The rearmost dwelling on a lot should be single storey to ensure the identified future character of the area and the amenity of adjoining properties is respected by maximising landscaping opportunities and protecting adjoining private secluded open space.*

Two storey dwellings to the rear of a lot may be considered where:

- *The visual impact of the building bulk does not adversely affect the identified future character of the area;*
- *Overlooking and/or overshadowing does not adversely affect the amenity of neighbouring properties;*
- *The building bulk does not adversely affect the planting and future growth of canopy trees to maturity;*
- *Sufficient side and rear boundary landscaping can be provided to screen adjoining properties;*
- *Upper storey components are well recessed from adjoining sensitive interfaces.*

Whilst the rear most dwelling is proposed to be double storey, the upper level of the built form transitions well from the ground floor through the provision of good setbacks from the north and west boundaries and articulation through a variety of window forms. In addition the upper storey is well recessed from the adjoining lot to the east where the closest dwelling or sensitive use is located.

As the site is located next to a reserve to the west and a school to the north (rear), it is in a unique position to provide a double storey dwelling on a lot without visually impacting the area through building bulk or overshadowing. Whilst the materials on both floors are rendered it is considered that the colours chosen will reduce the perception of building bulk as well as look cohesive with the existing dwelling.

The design also allows for sufficient setbacks for canopy trees to mature and sufficient landscaping opportunities to assist in softening the visual impact of the built form. The setbacks allow for the proposal to not overlook or overshadow in a way that would adversely affect the amenity of neighbourhood. Considering each of the design responses mentioned above it is considered that the proposal is appropriate to the site context as it implements multiple methods to reduce the impacts of visual bulk. The proposal would provide an appropriate design response consistent with the preferred character envisaged by Clause 22.09-3.3.

Two or more dwellings on a lot and residential buildings (Clause 55)**Clause 55.04-6 Overlooking objective (Standard B22)**

Relevant objective:

- *To limit views into existing secluded private open space and habitable room windows.*

The proposal fails to provide windows meeting the requirements of Standard B22 by not providing fixed, obscure glazing or labelling windows that have sill heights above 1.7m on both the east and southern elevations. A condition can be added to the permit in order for the proposed development to comply with Standard B22 (Condition 1.3.).

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065) (Cont.)

In addition, Dwelling 2's first floor sitting room windows are not consistent with the elevations and the first floor plan. This can be conditioned to show consistency on both plans (Condition 1.4.).

Multiple Clauses**Safety:**

Clause 22.09 - Safety: *Light communal spaces including main entrances and car parking areas with high mounted sensor-lights.*

Clause 52.06 - Design Standard 6 - Safety: *Car parking must be well lit and clearly signed.*

Clause 55.03-7 – Safety objective (Standard B12): *To ensure the layout of the development provides for the safety and security of residents and property.*

The proposal fails to provide any security lighting to the front of the dwellings. A condition of the permit will require the provision of security lighting to be provided to the front of each dwelling to enable good lighting and visibility of the entrances (Condition 1.2.).

Landscaping:**Clause 22.09 – Landscaping:**

- *Provide substantial, high quality on-site landscaping, including screen planting and canopy trees along ground level front and side and rear boundaries.*
- *Provide substantial, high quality landscaping along vehicular accessways.*
- *Include the planting of at least one substantial canopy tree to each front setback and ground level secluded private open space area.*
- *Planting trees that are common to and perform well in the area.*
- *Use landscaping to soften the appearance of the built form when viewed from the street and to respect the amenity of adjoining properties.*
- *Ensure that landscaping also addresses the Safety Design Principles.*
- *Landscaping should minimise the impact of increased storm water runoff through water sensitive urban design and reduced impervious surfaces.*
- *Landscaping should be sustainable, drought tolerant, and include indigenous species and be supported through the provision of rainwater tanks.*

Clause 52.06 - Design Standard 7- Landscaping:

- *Landscaping and trees must be planted to provide shade and shelter, soften the appearance of ground level car parking and aid in the clear identification of pedestrian paths.*
- *Ground level car parking spaces must include trees planted with flush grilles. Spacing of trees must be determined having regard to the expected size of the selected species at maturity*

Clause 55.03-6 - Landscaping Objectives:

- *To encourage development that respects the landscape character of the neighbourhood.*

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065) (Cont.)

- *To encourage development that maintains and enhances habitat for plants and animals in locations of habitat importance.*
- *To provide appropriate landscaping.*

The proposal provides sufficient space for substantial landscaping and the proposed landscaping areas are indicated on the ground floor plan. The proposal does not provide a detailed landscape plan, and as such a condition of the permit will require a landscape plan detailing specific native plantings and materials (Condition 1.5. and Condition 2).

Conclusion

The proposal is generally consistent with the provisions of the Greater Dandenong Planning Scheme, including the zoning requirements, local policy direction, application of Clause 55 and Clause 52.06, and the decision guidelines of Clause 65.

Recommendation

That Council resolves to issue a Notice of Decision to grant a permit in respect of the land known and described as 5 Dixon Street, Noble Park VIC 3174, for the purpose of alterations and additions to the existing dwelling and to develop a double storey dwelling to the rear of the site in accordance with the plans submitted with the application subject to the following conditions:

- 1. Prior to the endorsement of plans, amended plans drawn to scale and dimensioned, must be submitted to the Responsible Authority for approval. No buildings or works must be commenced until the plans have been approved and endorsed by the Responsible Authority. The endorsed copy of the plans forms part of this permit. The plans must be in accordance with the plans submitted with the application, but modified to show:**
 - 1.1. Dwelling 1's mail box to be conveniently located next to the respective accessway.**
 - 1.2. Security lighting to be provided to the front of each dwelling.**
 - 1.3. The following changes to be made to Dwelling 2's first floor south and east windows as per Standard B22 of Clause 55.04-6:**
 - 1.3.1. Any windows with sill heights below 1.7m above finished floor level are to be provided with fixed, obscure glazing or have permanently fixed external screens to at least 1.7 metres above finished floor level and be no more than 25 per cent transparent; and**
 - 1.3.2. Any windows with sill heights of at least 1.7m above finished floor level are to have sill heights shown.**

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065) (Cont.)

- 1.4. Dwelling 2's first floor sitting room window is to be consistent on the elevations and first floor plan.
- 1.5. Landscape plans in accordance with Condition 2.
2. **Before the approved development starts, and before any trees or vegetation are removed, an amended landscape plan to the satisfaction of the Responsible Authority must be submitted to and approved by the Responsible Authority. The amended landscape plan must be prepared by a person or firm with suitable qualifications to the satisfaction of the Responsible Authority, drawn to scale with dimensions and 3 copies must be provided. The amended landscape plan must be generally in accordance with the landscape plan submitted with the application but modified to show:**
 - 2.1. Plans to accord with Condition 1 of this permit;
 - 2.2. The site at a scale of 1:100/200, including site boundaries, existing and proposed buildings, neighbouring buildings, car parking, access and exit points, indicative topography and spot levels at the site corners, existing and proposed vegetation, nature strip trees, easements and landscape setbacks;
 - 2.3. Details of the proposed layout, type and height of fencing;
 - 2.4. Legend of all plant types, surfaces, materials and landscape items to be used including the total areas of garden and lawn;
 - 2.5. A plant schedule giving a description of botanical name, common name, mature height and spread, pot size, purchase height (if a tree) and individual plant quantities;
 - 2.6. 70% of ground level front setback, and side and rear setbacks, planted with substantial landscaping and canopy trees;
 - 2.7. At least one (1) advanced canopy tree with a minimum planting height of 1.5 metres within the rear secluded open space areas of each dwelling and within the front yard of each dwelling.

When approved, the amended landscape plan will be endorsed and will form part of this permit.

The provisions, recommendations and requirements of the landscape plan must be implemented and complied with to the satisfaction of the Responsible Authority.

Landscaping in accordance with the endorsed landscaping plan and schedule must be completed before the building is occupied.

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065)
(Cont.)

3. Except with the prior written consent of the Responsible Authority, the layout of the land and the size, design and location of the buildings and works permitted must always accord with the endorsed plan and must not be altered or modified.
4. Except with the prior written consent of the Responsible Authority, the approved building must not be occupied until all buildings and works and the conditions of this permit have been complied with.
5. Provision must be made for the drainage of the site including landscaped and pavement areas, all to the satisfaction of the Responsible Authority.
6. Stormwater discharge is to be retained on site to the pre-development level of peak stormwater discharge, to the satisfaction of the Responsible Authority.
7. Before the approved building is occupied, all piping and ducting above the ground floor storey of the building, except downpipes, must be concealed to the satisfaction of the Responsible Authority.
8. Standard concrete vehicular crossing/s must be constructed to suit the proposed driveway/s in accordance with the Council's standard specifications. Any vehicle crossing no longer required must be removed and the land, footpath and kerb and channel reinstated, to the satisfaction of the Responsible Authority.
9. Except with the prior written consent of the Responsible Authority, floor levels shown on the endorsed plan/s must not be altered or modified.
10. Before the approved building is occupied, the development must be provided with external lighting capable of illuminating access to each garage, car parking space and pedestrian walkway. Lighting must be located, directed and shielded to the satisfaction of the Responsible Authority so as to prevent any adverse effect outside the land.
11. Before the approved building is occupied, the obscure glazing to the windows shown on the endorsed plans must be provided through frosted glass or similarly treated glass. Adhesive film or similar removable material must not be used.

All glazing must at all times be maintained to the satisfaction of the Responsible Authority.
12. Before the approved buildings are occupied, the privacy screens and other measures to prevent overlooking as shown on the endorsed plans must be installed to the satisfaction of the Responsible Authority.

All privacy screens and other measures to prevent overlooking as shown on the endorsed plans must at all times be maintained to the satisfaction of the Responsible Authority.

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065) (Cont.)

- 13. Before the approved building is occupied, all boundary walls in the development must be constructed, cleaned and finished to the satisfaction of the Responsible Authority.**
- 14. This permit will expire if:**
 - 14.1. The development or any stage of it does not start within two (2) years of the date of this permit, or**
 - 14.2. The development or any stage of it is not completed within four (4) years of the date of this permit.**

Before the permit expires or within six (6) months afterwards the owner or occupier of the land may in writing request the Responsible Authority to extend the expiry date.

The owner or occupier of the land may in writing request the Responsible Authority to extend the expiry date to complete the development or a stage of the development if:

- 14.3. The request for the extension is made within twelve (12) months after the permit expires; and**
- 14.4. The development or stage started lawfully before the permit expired.**

Permit Notes

A Building Approval is required prior to the commencement of the approved development. This planning permit does not constitute any building approval.

Approval of any retention system within the property boundary is required by the relevant building surveyor.

Before commencement of the development occurs, the applicant should contact the City of Greater Dandenong's Civil Development and Design Unit regarding legal point of discharge, new crossings, building over easements, etc.

As this is an established site, the proposed internal drainage should be connected to the existing legal point of discharge. The applicant may apply for local drainage information, if available; otherwise on site verification should be undertaken by the applicant.

A Vehicle Crossing Permit must be obtained from Council for all vehicular crossings prior to construction of the crossings. You may be required to apply for a Asset Protection Permit from Council's engineering services. Queries regarding engineering requirements can be directed to Council's general phone number on 8571 1000.

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065) (Cont.)

MINUTE 835

Moved by: Cr Sean O'Reilly

Seconded by: Cr Tim Dark

That Council resolves to issue a Notice of Decision to grant a permit in respect of the land known and described as 5 Dixon Street, Noble Park VIC 3174, for the purpose of alterations and additions to the existing dwelling and to develop a double storey dwelling to the rear of the site in accordance with the plans submitted with the application subject to the following conditions:

- 1. Prior to the endorsement of plans, amended plans drawn to scale and dimensioned, must be submitted to the Responsible Authority for approval. No buildings or works must be commenced until the plans have been approved and endorsed by the Responsible Authority. The endorsed copy of the plans forms part of this permit. The plans must be in accordance with the plans submitted with the application, but modified to show:**
 - 1.1. Dwelling 1's mail box to be conveniently located next to the respective accessway.**
 - 1.2. Security lighting to be provided to the front of each dwelling.**
 - 1.3. The following changes to be made to Dwelling 2's first floor south and east windows as per Standard B22 of Clause 55.04-6:**
 - 1.3.1. Any windows with sill heights below 1.7m above finished floor level are to be provided with fixed, obscure glazing or have permanently fixed external screens to at least 1.7 metres above finished floor level and be no more than 25 per cent transparent; and**
 - 1.3.2. Any windows with still heights of at least 1.7m above finished floor level are to have sill heights shown.**
 - 1.4. Dwelling 2's first floor sitting room window is to be consistent on the elevations and first floor plan.**
 - 1.5. Landscape plans in accordance with Condition 2.**
- 2. Before the approved development starts, and before any trees or vegetation are removed, an amended landscape plan to the satisfaction of the Responsible Authority must be submitted to and approved by the Responsible Authority. The amended landscape plan must be prepared by a person or firm with suitable qualifications to the satisfaction of the Responsible Authority, drawn to scale with dimensions and 3 copies must be provided. The amended landscape plan must be generally in accordance with the landscape plan submitted with the application but modified to show:**

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065) (Cont.)

- 2.1. Plans to accord with Condition 1 of this permit;**
- 2.2. 2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065) (Cont.)

Assessment Table for Clause 22.09

Clause 22.09-3.1 Design Principles for all residential developments

Title /Objective	Principles	Principle met/Principle not met/NA
Safety	<p>To encourage the provision of safer residential neighbourhoods, new development should enable passive surveillance through designs that:</p> <ul style="list-style-type: none"> Incorporate active frontages including ground floor habitable room windows. Maximise the number of habitable room windows on all levels of residential buildings that overlook the public realm, streets, laneways, internal access ways and car parking areas. Use semi-transparent fences to the street frontage. Light communal spaces including main entrances and car parking areas with high mounted sensor-lights. Ensure that all main entrances are visible and easily identifiable from the street. Locate non-habitable rooms such as bathrooms, away from entrances and street frontage. 	<p>Principle met The proposal provides windows that are facing accessways and street</p> <p>Principle met The proposal provides windows that are facing accessways and street</p> <p>Principle met The existing fence is to be retained at 900mm.</p> <p>Principle not met It should be conditioned to add high mounted sensor-lights to the proposal.</p> <p>Principle met The entrances are facing the street</p> <p>Principle met The proposal provides NHW away from entrances and street frontages</p>
Landscaping	Residential development should:	

If the details of the attachment are unclear please contact Governance on 8571 5309.

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065) (Cont.)

<p>* Principle not met There is adequate space within the rear yard of each dwelling and front yard to accommodate a large tree. In addition, the development would provide adequate setbacks to accommodate landscaping along each boundary to soften the built form. A Landscape plan is to be conditioned with the permit</p>	<p>Provide substantial, high quality on-site landscaping, including screen planting and canopy trees along ground level front and side and rear boundaries.</p>
<p>* Principle not met Sufficient space for landscaping provided. A Landscape plan is to be conditioned with the permit</p>	<p>Provide substantial, high quality landscaping along vehicular accessways.</p>
<p>* Principle not met Sufficient space for landscaping provided. A Landscape plan is to be conditioned with the permit</p>	<p>Include the planting of at least one substantial canopy tree to each front setback and ground level secluded private open space area.</p>
<p>* Principle not met Sufficient space for landscaping provided. A Landscape plan is to be conditioned with the permit</p>	<p>Planting trees that are common to and perform well in the area.</p>
<p>Principle met No trees proposed to be removed</p>	<p>Avoid the removal of existing mature trees by incorporating their retention into the site design.</p>
<p>* Principle not met Sufficient space for landscaping provided. A Landscape plan is to be conditioned with the permit</p>	<p>Use landscaping to soften the appearance of the built form when viewed from the street and to respect the amenity of adjoining properties.</p>
<p>* Principle not met Sufficient space for landscaping provided. A Landscape plan is to be conditioned with the permit</p>	<p>Ensure that landscaping also addresses the Safety Design Principles.</p>
<p>Principle met Setbacks are sufficient for canopy trees</p>	<p>Canopy trees should be planted in well proportioned setbacks/private open space that are sufficient to accommodate their future growth to maturity.</p>

If the details of the attachment are unclear please contact Governance on 8571 5309.

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065) (Cont.)

<p>* Principle not met Sufficient space for landscaping provided. A Landscape plan is to be conditioned with the permit</p> <p>* Principle not met Sufficient space for landscaping provided. A Landscape plan is to be conditioned with the permit</p> <p>Principle met Frontage is 37.50m</p> <p>Principle met The parking facilities are attached and integrated to the design of the dwelling</p> <p>Principle met The parking is full located within the site boundary and full accommodating a vehicle</p> <p>NA</p>	<p>Landscaping should minimise the impact of increased storm water runoff through water sensitive urban design and reduced impervious surfaces.</p> <p>Landscaping should be sustainable, drought tolerant, and include indigenous species and be supported through the provision of rainwater tanks.</p> <p>The existing level of on-street car parking should be maintained by avoiding second crossovers on allotments with frontage widths less than 17 metres.</p> <p>On-site car parking should be:</p> <ul style="list-style-type: none"> Well integrated into the design of the building, Generally hidden from view or appropriately screened where necessary, Located to the side or rear of the site so as to not dominate the streetscape and to maximise soft landscaping opportunities at ground level. <p>Where car parking is located within the front setback it should be:</p> <ul style="list-style-type: none"> Fully located within the site boundary; and Capable of fully accommodating a vehicle between a garage or carport and the site boundary. <p>Developments with basement car parking should consider flooding concerns where applicable.</p> <p>Residential developments should:</p> <p>Provide a front setback with fence design and height in keeping with the predominant street pattern.</p> <p>Maintain the apparent frontage width pattern.</p> <p>Provide appropriate side setbacks between buildings to enable screen planting where required, and at least one generous side setback to enable the retention of trees and/or the planting and future growth of trees to maturity.</p>	<p>* Principle not met Sufficient space for landscaping provided. A Landscape plan is to be conditioned with the permit</p> <p>* Principle not met Sufficient space for landscaping provided. A Landscape plan is to be conditioned with the permit</p> <p>Principle met Frontage is 37.50m</p> <p>Principle met The parking facilities are attached and integrated to the design of the dwelling</p> <p>Principle met The parking is full located within the site boundary and full accommodating a vehicle</p> <p>NA</p>
<p>Principle met Frontage is 37.50m</p> <p>Principle met The parking facilities are attached and integrated to the design of the dwelling</p> <p>Principle met The parking is full located within the site boundary and full accommodating a vehicle</p> <p>NA</p>	<p>Landscaping should minimise the impact of increased storm water runoff through water sensitive urban design and reduced impervious surfaces.</p> <p>Landscaping should be sustainable, drought tolerant, and include indigenous species and be supported through the provision of rainwater tanks.</p> <p>The existing level of on-street car parking should be maintained by avoiding second crossovers on allotments with frontage widths less than 17 metres.</p> <p>On-site car parking should be:</p> <ul style="list-style-type: none"> Well integrated into the design of the building, Generally hidden from view or appropriately screened where necessary, Located to the side or rear of the site so as to not dominate the streetscape and to maximise soft landscaping opportunities at ground level. <p>Where car parking is located within the front setback it should be:</p> <ul style="list-style-type: none"> Fully located within the site boundary; and Capable of fully accommodating a vehicle between a garage or carport and the site boundary. <p>Developments with basement car parking should consider flooding concerns where applicable.</p> <p>Residential developments should:</p> <p>Provide a front setback with fence design and height in keeping with the predominant street pattern.</p> <p>Maintain the apparent frontage width pattern.</p> <p>Provide appropriate side setbacks between buildings to enable screen planting where required, and at least one generous side setback to enable the retention of trees and/or the planting and future growth of trees to maturity.</p>	<p>Principle met Frontage is 37.50m</p> <p>Principle met The parking facilities are attached and integrated to the design of the dwelling</p> <p>Principle met The parking is full located within the site boundary and full accommodating a vehicle</p> <p>NA</p>

If the details of the attachment are unclear please contact Governance on 8571 5309.

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065) (Cont.)

	<p>Provide open or low scale front fences to allow a visual connection between landscaping in front gardens and street tree planting.</p>	<p>✓ Principle met The existing fence is to be retained at 900mm.</p>
Private open space	<p>All residential developments should provide good quality, useable private open space for each dwelling directly accessible from the main living area.</p> <p>Ground level private open space areas should be able to accommodate boundary landscaping, domestic services and outdoor furniture so as to maximise the useability of the space.</p> <p>Private open space should be positioned to maximise solar access.</p> <p>Upper floor levels of the same dwelling should avoid encroaching secluded private open space areas to ensure the solar access, useability and amenity of the space is not adversely affected.</p> <p>Upper level dwellings should avoid encroaching the secluded private open space of a separate lower level dwelling so as to ensure good solar access and amenity for the lower level dwelling.</p>	<p>✓ Principle met Both dwelling are provided with quality useable private open space.</p> <p>✓ Principle met Landscape plan is provided that show that POS is a usable space for domestic services and outdoor furniture</p> <p>✓ Principle met Unit 1 partially located to the north and Unit 2 is located to the north</p> <p>✓ Principle met Upper levels does not encroach into SPOS</p> <p>✓ Principle met Upper levels does not encroach unreasonably into SPOS</p>
Bulk & Built Form	<p>All residential developments should respect the dominant façade pattern of the streetscape by:</p> <ul style="list-style-type: none"> Using similarly proportioned roof forms , windows, doors and verandahs; and Maintaining the proportion of wall space to windows and door openings. <p>Balconies should be designed to reduce the need for screening from adjoining dwellings and properties.</p> <p>The development of new dwellings to the rear of existing retained dwellings is discouraged where:</p> <ul style="list-style-type: none"> The siting of the retained dwelling would not enable an acceptable future site layout for either the proposed or future dwelling; or The retention of the existing dwelling detracts from the identified future character. <p>On sites adjacent to identified heritage buildings, infill development should respect the adjoining heritage by:</p> <ul style="list-style-type: none"> Not exceeding the height of the neighbouring significant building; Minimising the visibility of higher sections of the new building; and Setting higher sections back at least the depth of one room from the frontage. 	<p>✓ Principle met The proposed dwelling is similar to streetscape in terms of proportion of the dominant façade</p> <p>NA</p> <p>✓ Principle met Existing Dwelling to be retained and will be altered to fit in with future character to allow a dwelling to the rear, giving both sufficient amenity.</p> <p>NA</p>

If the details of the attachment are unclear please contact Governance on 8571 5309.

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065) (Cont.)

Site Design	Residential development should: Preserve the amenity of adjoining dwellings through responsive site design that considers the privacy, solar access and outlook of adjoining properties.	<p>✓ Principle met Design is responsive to abutting lots</p>
	Maximise thermal performance and energy efficiency of the built form by addressing orientation, passive design and fabric performance	<p>✓ Principle met Large windows are proposed to enable thermal performance and lessen reliance on artificial heating and cooling</p>
	Ensure that building height, massing articulation responds sensitively to existing residential interfaces, site circumstances, setbacks and streetscape and reduces the need for screening.	<p>✓ Principle met The need for screening has been limited</p>
	Provide sufficient setbacks (including the location of basements) to ensure the retention of existing trees and to accommodate the future growth of new trees.	<p>✓ Principle met Trees are accommodated</p>
	Provide suitable storage provisions for the management of operational waste	<p>✓ Principle met Provides space for waste storage</p>
	Appropriately located suitable facilities to encourage public transport use, cycling and walking.	<p>✓ Principle met Conveniently located close to bus routes and walking paths</p>
	Residential development should: Use quality, durable building materials and finishes that are designed for residential purposes.	<p>✓ Principle met The materials proposed are brickwork, render and colorbond roof, which are durable and complementary to existing dwellings.</p>
	Avoid the use of commercial or industrial style building materials and finishes.	<p>✓ Principle met Materials are suited to residential developments</p>
Materials & Finishes	Avoid using materials such as rendered cement sheeting, unarticulated surfaces and excessive repetitive use of materials.	<p>✓ Principle met A mix of materials, finishes and articulates are proposed</p>
	Use a consistent simple palette of materials, colours finishes and architectural detailing.	<p>✓ Principle met The colour proposed provided a mixture of colours that allow for a simple palette.</p>

If the details of the attachment are unclear please contact Governance on 8571 5309.

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065) (Cont.)

	<p>Maximise the ongoing affordability and sustainability of residential developments through the selection of low maintenance, resource and energy efficient materials and finishes that can be reasonably expected to endure for the life of the building.</p>	<p>✓ Principle met The materials chosen are durable</p>
<p>Domestic services normal to a dwelling and Building services</p>	<p>In order to minimise the impact of domestic and building services on the streetscape, adjacent properties, public realm and amenity of future residents, new residential development should:</p> <p>Ensure that all domestic and building services are visually integrated into the design of the building and appropriately positioned or screened so as to not be seen from the street or adjoining properties.</p> <p>Be designed to avoid the location of domestic and building services:</p> <ul style="list-style-type: none"> • Within secluded private open space areas, including balconies; and • Where they may have noise impacts on adjoining habitable rooms and secluded private open space areas. 	<p>* Principle not met Meter box is located in appropriate spaces. Mail Box location for Unit 1 will need to be conditioned to be placed closer to Unit 1.</p> <p>✓ Principle met There is ample space for this services and storage to be located outside the SPOS.</p>
<p>Internal Amenity</p>	<p>Residential development should:</p> <p>Ensure that dwelling layouts have connectivity between the main living area and private open space.</p> <p>Be designed to avoid reliance on borrowed light to habitable rooms.</p> <p>Ensure that balconies and habitable room windows are designed and located to reduce the need for excessive screening.</p> <p>Ensure that dwellings without ground level main living areas meet the Standards of Clauses 55.03-5, 55.04-1, 6 & 7, 55.05-3, 4 & 5.</p>	<p>✓ Principle met Living room and POS are connected</p> <p>✓ Principle met Windows are provided to all habitable rooms</p> <p>✓ Principle met Main living areas overlook the SPOS and are located to reduce screening needs</p> <p>✓ Principle met NA</p>

If the details of the attachment are unclear please contact Governance on 8571 5309.

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065) (Cont.)

Clause 22.09-3.3 Design principles for Incremental Change Areas – General Residential Zone (GRZ)	
Principles	Principle met/Principle not met/NA
Titles & Objectives	
Preferred housing type	<p>The preferred housing type for the Incremental Change Area is medium density.</p> <p>✓ Principle met Medium density housing proposed</p>
Building Height	<p>The preferred maximum building height for land within the GRZ1 and GRZ2 is up to 2 storeys, including ground level.</p> <p>✓ Principle met One two storey dwelling is proposed.</p>
Landscaping	<p>Residential development should use landscaping to create a landscaped character, particularly canopy trees in front and rear gardens; and to protect the outlook of adjoining properties</p> <p>✗ Principle not met Sufficient space for landscaping provided. A Landscape plan is to be conditioned with the permit</p>
Setbacks, front boundary and width	<p>Parking, paving and car access within the front boundary setback should be limited in order to maximise the opportunity for soft landscaping and prevent the over dominance of carports and garages in the street.</p> <p>✓ Principle met Parking, paving and car access is recessed from view to limit streetscape dominance.</p>
Private open space	<p>Residential development should provide secluded private open space at the side or rear of each dwelling to avoid the need for excessive screening or high front fencing.</p> <p>✓ Principle met POS is conveniently located</p>
Bulk & Built Form	<p>Residential development should:</p> <p>Ensure that the built form respects the scale of existing prevailing built form character and responds to site circumstances and streetscape;</p> <p>Provide separation between dwellings at the upper level;</p> <p>Retain spines of open space at the rear of properties to maximise landscaping opportunities and protect private secluded open space;</p> <p>✓ Principle met The building responds to the existing streetscape. There are scattered double storey developments in the area.</p> <p>✓ Principle met Dwellings are separated at the upper levels</p> <p>✓ Principle met Sufficient space for maximise landscaping opportunities.</p>

If the details of the attachment are unclear please contact Governance on 8571 5309.

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065) (Cont.)

<p>* Principle not met – Variation Required Higher elements transition well from the ground floor.</p>	<p>Position more intense and higher elements of built form towards the front and centre of a site, transitioning to single storey elements to the rear of the lot.</p>
<p>* Principle not met – Variation Required The rear most dwelling is a double storey. As the site is located next to a Reserve and a school to the rear to the site, it is in a unique position to provide two double storey on a lot without visually impacting building bulk. The design allows for sufficient setbacks for canopy trees to mature and sufficient landscaping opportunities.</p>	<p>The rearmost dwelling on a lot should be single storey to ensure the identified future character of the area and the amenity of adjoining properties is respected by maximising landscaping opportunities and protecting adjoining private secluded open space. Two storey dwellings to the rear of a lot may be considered where:</p> <ul style="list-style-type: none"> • The visual impact of the building bulk does not adversely affect the identified future character of the area; • Overlooking and/or overshadowing does not adversely affect the amenity of neighbouring properties; • The building bulk does not adversely affect the planting and future growth of canopy trees to maturity; • Sufficient side and rear boundary landscaping can be provided to screen adjoining properties; • Upper storey components are well recessed from adjoining sensitive interfaces.
<p>✓ Principle met The setbacks allows for the proposal to not overlook or overshadow in a way that is adversely to the amenity of neighbourhood. Upper storey components are well recessed from adjoining sensitive interfaces.</p>	<p>Residential development should be well articulated through the use of contrast, texture, variation in forms, materials and colours.</p>

Note: Other requirements also apply. These can be found at the schedule to the applicable zone.

If the details of the attachment are unclear please contact Governance on 8571 5309.

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065) (Cont.)

Clause 52.06-9 Design standards for car parking

Plans prepared in accordance with Clause 52.06-8 must meet the design standards of Clause 52.06-9, unless the responsible authority agrees otherwise. Design standards 1, 3, 6 and 7 do not apply to an application to construct one dwelling on a lot.

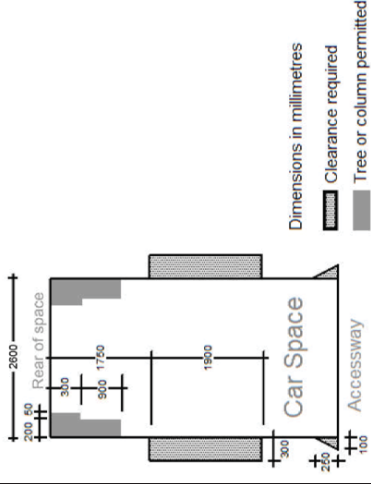

Design Standards	Assessment	Requirement met/Requirement not met/NA
<p>Design standard 1 - Accessways</p>	<p>Accessways must:</p> <ul style="list-style-type: none"> • Be at least 3 metres wide. • Have an internal radius of at least 4 metres at changes of direction or intersection or be at least 4.2 metres wide. • Allow vehicles parked in the last space of a dead-end accessway in public car parks to exit in a forward direction with one manoeuvre. • Provide at least 2.1 metres headroom beneath overhead obstructions, calculated for a vehicle with a wheel base of 2.8 metres. • If the accessway serves four or more car spaces or connects to a road in a Road Zone, the accessway must be designed to that cars can exit the site in a forward direction. • Provide a passing area at the entrance at least 5 metres wide and 7 metres long if the accessway serves ten or more car parking spaces and is either more than 50 metres long or connects to a road in Road Zone. • Have a corner splay or area at least 50 percent clear of visual obstructions extending at least 2 metres along the frontage road from the edge of an exit lane and 2.5 metres along the exit lane from the frontage, to provide a clear view of pedestrians on the footpath of the frontage road. The area clear of visual obstructions may include an adjacent entry or exit lane where more than one lane is provided, or adjacent landscaped areas, provided the landscaping in those areas is less than 900mm in height. <p>If an accessway to four or more car parking spaces is from land in a Road Zone, the access to the car spaces must be at least 6 metres from the road carriageway.</p>	<p>✓ Standard met Accessway are 3m wide.</p> <p>✓ Standard met No direction changes required</p> <p>NA – no dead end accessways</p> <p>✓ Standard met No overheads beneath 2.1 metres</p> <p>NA – Does not connect to a Road Zone or serve four or more car spaces</p> <p>NA – Does not connect to a Road Zone or serves</p> <p>✓ Standard met There is no obstructions within the splay area.</p> <p>NA – Does not connect to a Road Zone or serve four or more car spaces</p> <p>NA – No car spaces from the road.</p>
<p>If entry to the car space is from a road, the width of the accessway may include the road.</p>	<p>If entry to the car space is from a road, the width of the accessway may include the road.</p>	<p>NA – No car spaces from the road.</p>

If the details of the attachment are unclear please contact Governance on 8571 5309.

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065) (Cont.)

<p>Design standard 2 – Car parking spaces</p>	<p>Car parking spaces and accessways must have the minimum dimensions as outlined in Table 2.</p> <p>Table 2: Minimum dimensions of car parking spaces and accessways</p> <table border="1"> <thead> <tr> <th>Angle of car parking spaces to access way</th> <th>Accessway width</th> <th>Car space width</th> <th>Car space length</th> </tr> </thead> <tbody> <tr> <td>Parallel</td> <td>3.6 m</td> <td>2.3 m</td> <td>6.7 m</td> </tr> <tr> <td>45°</td> <td>3.5 m</td> <td>2.6 m</td> <td>4.9 m</td> </tr> <tr> <td>60°</td> <td>4.9 m</td> <td>2.6 m</td> <td>4.9 m</td> </tr> <tr> <td>90°</td> <td>6.4 m</td> <td>2.6 m</td> <td>4.9 m</td> </tr> <tr> <td></td> <td>5.8 m</td> <td>2.8 m</td> <td>4.9 m</td> </tr> <tr> <td></td> <td>5.2 m</td> <td>3.0 m</td> <td>4.9 m</td> </tr> <tr> <td></td> <td>4.8 m</td> <td>3.2 m</td> <td>4.9 m</td> </tr> </tbody> </table> <p><i>Note to Table 2: Some dimensions in Table 2 vary from those shown in the Australian Standard AS2890.1-2004 (off street). The dimensions shown in Table 2 allocate more space to aisle widths and less to marked spaces to provide improved operation and access. The dimensions in Table 2 are to be used in preference to the Australian Standard AS2890.1-2004 (off street) except for disabled spaces which must achieve Australian Standard AS2890.6-2009 (disabled).</i></p>	Angle of car parking spaces to access way	Accessway width	Car space width	Car space length	Parallel	3.6 m	2.3 m	6.7 m	45°	3.5 m	2.6 m	4.9 m	60°	4.9 m	2.6 m	4.9 m	90°	6.4 m	2.6 m	4.9 m		5.8 m	2.8 m	4.9 m		5.2 m	3.0 m	4.9 m		4.8 m	3.2 m	4.9 m	<p>Standard met Car Spaces are 4.9m x 2.6m</p>

	4.8 m	3.2 m	4.9 m																															

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065) (Cont.)

<p>✓ Standard met Clearances to car spaces are met</p>	<p>A wall, fence, column, tree, tree guard or any other structure that abuts a car space must not encroach into the area marked 'clearance required' on Diagram 1, other than:</p> <ul style="list-style-type: none"> • A column, tree or tree guard, which may project into a space if it is within the area marked 'tree or column permitted' on Diagram 1. • A structure, which may project into the space if it is at least 2.1 metres above the space. <p>Diagram 1 Clearance to car parking spaces</p>  <p>Dimensions in millimetres ■ Clearance required ■ Tree or column permitted</p>
<p>✓ Standard met Double Garage is 6m x 5.6m Carport is 6m x 3.5m</p>	<p>Car spaces in garages or carports must be at least 6 metres long and 3.5 metres wide for a single space and 5.5 metres wide for a double space measured inside the garage or carport.</p>
<p>✓ Standard met 500mm minimum space between car space and carport</p>	<p>Where parking spaces are provided in tandem (one space behind the other) an additional 500mm in length must be provided between each space.</p>
<p>✓ Standard met Unit 1: One Under covered carport Unit 2: Double Garage</p>	<p>Where two or more car parking spaces are provided for a dwelling, at least one space must be under cover.</p>
<p>NA- Disabled car parking</p>	<p>Disabled car parking spaces must be designed in accordance with Australian Standard AS2890.6-2009 (disabled) and the Building Code of Australia. Disabled car parking spaces may encroach into an accessway width specified in Table 2 by 500mm.</p>

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065) (Cont.)

<p>Design standard 3: Gradients</p>	<p>Accessway grades must not be steeper than 1:10 (10 per cent) within 5 metres of the frontage to ensure safety for pedestrians and vehicles. The design must have regard to the wheelbase of the vehicle being designed for; pedestrian and vehicular traffic volumes; the nature of the car park; and the slope and configuration of the vehicle crossover at the site frontage. This does not apply to accessways serving three dwellings or less.</p> <p>Ramps (except within 5 metres of the frontage) must have the maximum grades as outlined in Table 3 and be designed for vehicles travelling in a forward direction.</p> <table border="1" data-bbox="466 902 683 1630"> <thead> <tr> <th colspan="3">Table 3: Ramp gradients</th> </tr> <tr> <th>Type of car park</th> <th>Length of ramp</th> <th>Maximum grade</th> </tr> </thead> <tbody> <tr> <td rowspan="2">Public car parks</td> <td>20 metres or less</td> <td>1:5 (20%)</td> </tr> <tr> <td>longer than 20 metres</td> <td>1:6 (16.7%)</td> </tr> <tr> <td rowspan="2">Private or residential car parks</td> <td>20 metres or less</td> <td>1:4 (25%)</td> </tr> <tr> <td>longer than 20 metres</td> <td>1:5 (20%)</td> </tr> </tbody> </table> <p>Where the difference in grade between two sections of ramp or floor is greater than 1:8 (12.5 per cent) for a summit grade change, or greater than 1:6.7 (15 per cent) for a sag grade change, the ramp must include a transition section of at least 2 metres to prevent vehicles scraping or bottoming.</p> <p>Plans must include an assessment of grade changes of greater than 1:5.6 (18 per cent) or less than 3 metres apart for clearances, to the satisfaction of the responsible authority.</p>	Table 3: Ramp gradients			Type of car park	Length of ramp	Maximum grade	Public car parks	20 metres or less	1:5 (20%)	longer than 20 metres	1:6 (16.7%)	Private or residential car parks	20 metres or less	1:4 (25%)	longer than 20 metres	1:5 (20%)	<p>✓ Standard met No Gradients</p> <p>NA- No Ramps</p> <p>NA- No Ramps</p> <p>NA- No Ramps</p>
Table 3: Ramp gradients																		
Type of car park	Length of ramp	Maximum grade																
Public car parks	20 metres or less	1:5 (20%)																
	longer than 20 metres	1:6 (16.7%)																
Private or residential car parks	20 metres or less	1:4 (25%)																
	longer than 20 metres	1:5 (20%)																
<p>Design standard 4: Mechanical parking</p>	<p>Mechanical parking may be used to meet the car parking requirement provided:</p> <ul style="list-style-type: none"> At least 25 per cent of the mechanical car parking spaces can accommodate a vehicle clearance height of at least 1.8 metres. Car parking spaces that require the operation of the system are not allowed to visitors unless used in a valet parking situation. The design and operation is to the satisfaction of the responsible authority. 	<p>NA</p> <p>NA</p> <p>NA</p>																

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065) (Cont.)

Design standard 5: Urban design	Ground level car parking, garage doors and accessways must not visually dominate public space.	✓ Standard met Garage doors are setbacks to not dominate public space
	Car parking within buildings (including visible portions of partly submerged basements) must be screened or obscured where possible, including through the use of occupied tenancies, landscaping, architectural treatments and artworks.	NA -
	Design of car parks must take into account their use as entry points to the site.	✓ Standard met The design is compatible with the entry point
	Design of new internal streets in developments must maximise on street parking opportunities.	NA -
	Car parking must be well lit and clearly signed.	* Standard not met It should be conditioned as part of the permit to have safety measures put into place.
Design standard 6: Safety	The design of car parks must maximise natural surveillance and pedestrian visibility from adjacent buildings.	✓ Standard met The accessway is visible from street.
	Pedestrian access to car parking areas from the street must be convenient.	✓ Standard met Parking areas are convenient areas
	Pedestrian routes through car parking areas and building entries and other destination points must be clearly marked and separated from traffic in high activity parking areas.	NA
	The layout of car parking areas must provide for water sensitive urban design treatment and landscaping.	✓ Standard met
Design standard 7: Landscaping	Landscaping and trees must be planted to provide shade and shelter, soften the appearance of ground level car parking and aid in the clear identification of pedestrian paths.	* Standard not met A Landscape Plan should be conditioned as part of the permit
	Ground level car parking spaces must include trees planted with flush grilles. Spacing of trees must be determined having regard to the expected size of the selected species at maturity.	* Standard not met A Landscape Plan should be conditioned as part of the permit

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065) (Cont.)

Assessment Table - Two or More Dwellings on a Lot and Residential Buildings (Clause 55)

Clause 55.02-1 Neighbourhood character objectives

Title & Objective	Standard (Summarised)	Standard Met/Standard Not Met/NA
Standard B1	The design response must be appropriate to the neighbourhood and the site.	<p>✓ Standard met</p> <p>The two double storey dwelling development would respect the existing streetscape character of the area, whilst limiting amenity impacts on neighbouring properties.</p>
	The proposed design response must respect the existing or preferred neighbourhood character and respond to the features of the site.	<p>✓ Standard met</p> <p>The one single storey and one double storey dwelling development would respond positively to the design guidelines of Clause 22.09 contributing to the preferred neighbourhood character.</p>
Decision Guidelines	<p>Any relevant neighbourhood character objective, policy or statement set out in this scheme.</p> <p>The neighbourhood and site description.</p> <p>The design response.</p>	
Objectives	<p>To ensure that the design respects the existing neighbourhood character or contributes to a preferred neighbourhood character.</p> <p>To ensure that development responds to the features of the site and the surrounding area.</p>	

If the details of the attachment are unclear please contact Governance on 8571 5309.

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065) (Cont.)

Clause 55.02-2 Residential policy objectives

Title & Objective	Standards	Standard Met/Standard Not Met/NA
Standard B2	An application must be accompanied by a written statement to the satisfaction of the responsible authority that describes how the development is consistent with any relevant policy for housing in the SPPF and the LPPF, including the MSS and local planning policies.	<p>Standard met</p> <p>The written assessment submitted with the application adequately assess the proposal against State and Local Policy and Clause 55.</p>
Decision Guidelines	<p>The SPPF and the LPPF including the MSS and local planning policies.</p> <p>The design response.</p>	
Objectives	<p>To ensure that residential development is provided in accordance with any policy for housing in the SPPF and the LPPF, including the MSS and local planning policies.</p> <p>To support medium densities in areas where development can take advantage of public and community infrastructure and services.</p>	

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065) (Cont.)

Clause 55.02-3 Dwelling diversity objective

Title & Objective	Standards	Standard Met/Standard Not Met/NA
Standard B3	Developments of ten or more dwellings should provide a range of dwelling sizes and types, including: <ul style="list-style-type: none"> • Dwellings with a different number of bedrooms. • At least one dwelling that contains a kitchen, bath or shower, and a toilet and wash basin at ground floor level. 	N/A This provision is not relevant to the application as less than 10 dwellings are proposed.
Objective	To encourage a range of dwellings sizes and types in developments of ten or more dwellings.	

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065) (Cont.)

Clause 55.02-4 Infrastructure objectives		Standard Met/Standard Not Met/NA
Title & Objective	Standards	
Standard B4	Development should be connected to reticulated services, including reticulated sewerage, drainage, electricity and gas, if available.	✓ Standard met Site is located in an established residential area and would be required by the relevant authorities at the subdivision of land stage.
	Development should not unreasonably exceed the capacity of utility services and infrastructure, including reticulated services and roads.	✓ Standard met The development of the land for two dwellings would not unreasonably exceed the capacity of utility services.
	In areas where utility services or infrastructure have little or no spare capacity, developments should provide for the upgrading of or mitigation of the impact on services or infrastructure.	✓ Standard met Any upgrading of services would be requested by the relevant authorities at the subdivision of land stage.
Decision Guidelines	The capacity of the existing infrastructure.	
	In the absence of reticulated sewerage, the capacity of the development to treat and retain all wastewater in accordance with the SEPP (Waters of Victoria) under the EPA 1970.	
Objectives	If the drainage system has little or no spare capacity, the capacity of the development to provide for stormwater drainage mitigation or upgrading of the local drainage system.	
	To ensure development is provided with appropriate utility services and infrastructure.	
	To ensure development does not unreasonably overload the capacity of utility services and infrastructure.	

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065) (Cont.)

Clause 55.02-5 Integration with the street objective

Title & Objective	Standards	Standard Met/Standard Not Met/NA
Standard B5	<p>Developments should provide adequate vehicle and pedestrian links that maintain or enhance local accessibility.</p> <p>Developments should be oriented to front existing and proposed streets.</p> <p>High fencing in front of dwellings should be avoided if practicable.</p> <p>Development next to existing public open space should be laid out to complement the open space.</p>	<p>✓ Standard met Each dwelling would have direct access from its driveway to the dwelling.</p> <p>✓ Standard met All the proposed dwellings would be orientated to the streets.</p> <p>✓ Standard met No front fence is proposed</p> <p>✓ Standard met The site complements the open space to the west of the lot, it provides generous setbacks and layout that is sensitive to its surrounds.</p>
Decision Guidelines	<p>Any relevant urban design objective, policy or statement set out in this scheme. The design response.</p>	
Objective	<p>To integrate the layout of development with the street.</p>	

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065) (Cont.)

Clause 55.03-1 Street setback objective		Standard Met/Standard Not Met/NA												
Title & Objective	Standards													
Standard B6	<p>Walls of buildings should be set back from streets at least the distance specified in a schedule to the zone: GRZ: 7.5 metres or as per Table B1, whichever is the lesser. Table B1 Street setback</p> <table border="1"> <thead> <tr> <th>Development context</th> <th>Minimum setback from front street (metres)</th> <th>Minimum setback from a side street (metres)</th> </tr> </thead> <tbody> <tr> <td>There is an existing building on both the abutting allotments facing the same street, and the site is not on a corner.</td> <td>The average distance of the setbacks of the front walls of the existing buildings on the abutting allotments facing the front street or 9 metres, whichever is the lesser.</td> <td>Not applicable</td> </tr> <tr> <td>There is an existing building on one abutting allotment facing the same street and no existing building on the other abutting allotment facing the same street, and the site is not on a corner.</td> <td>The same distance as the setback of the front wall of the existing building on the abutting allotment facing the front street or 9 metres, whichever is the lesser.</td> <td>Not applicable</td> </tr> <tr> <td>There is no existing building on either of the abutting allotments facing the same street, and the site is not on a corner.</td> <td>6 metres for streets in a Road Zone, Category 1, and 4 metres for other streets.</td> <td>Not applicable</td> </tr> </tbody> </table>	Development context	Minimum setback from front street (metres)	Minimum setback from a side street (metres)	There is an existing building on both the abutting allotments facing the same street, and the site is not on a corner.	The average distance of the setbacks of the front walls of the existing buildings on the abutting allotments facing the front street or 9 metres, whichever is the lesser.	Not applicable	There is an existing building on one abutting allotment facing the same street and no existing building on the other abutting allotment facing the same street, and the site is not on a corner.	The same distance as the setback of the front wall of the existing building on the abutting allotment facing the front street or 9 metres, whichever is the lesser.	Not applicable	There is no existing building on either of the abutting allotments facing the same street, and the site is not on a corner.	6 metres for streets in a Road Zone, Category 1, and 4 metres for other streets.	Not applicable	<p>Standard met</p> <p>Unit 1: The existing setback is 6.1m, this will remain unchanged and reflect the setback of the abutting building to the lot on the east.</p>
	Development context	Minimum setback from front street (metres)	Minimum setback from a side street (metres)											
There is an existing building on both the abutting allotments facing the same street, and the site is not on a corner.	The average distance of the setbacks of the front walls of the existing buildings on the abutting allotments facing the front street or 9 metres, whichever is the lesser.	Not applicable												
There is an existing building on one abutting allotment facing the same street and no existing building on the other abutting allotment facing the same street, and the site is not on a corner.	The same distance as the setback of the front wall of the existing building on the abutting allotment facing the front street or 9 metres, whichever is the lesser.	Not applicable												
There is no existing building on either of the abutting allotments facing the same street, and the site is not on a corner.	6 metres for streets in a Road Zone, Category 1, and 4 metres for other streets.	Not applicable												
Decision Guidelines	<p>Any relevant neighbourhood character objective, policy or statement set out in this scheme. The design response.</p>													

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065) (Cont.)

	<p>Whether a different setback would be more appropriate taking into account the prevailing setbacks of existing buildings on nearby lots.</p> <p>The visual impact of the building when viewed from the street and from adjoining properties.</p> <p>The value of retaining vegetation within the front setback.</p> <p>To ensure that the setbacks of buildings from a street respect the existing or preferred neighbourhood character and make efficient use of the site.</p>	
<p>Objective</p>		

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065) (Cont.)

Clause 55.03-2 Building height objective		Standard Met/Standard Not Met/NA
Title & Objective	Standards	
Standard B7	<p>The maximum building height should not exceed the maximum height specified in the zone, schedule to the zone or an overlay that applies to the land.</p> <p>GRZ: 11 metres / 3 storeys mandatory maximum (refer Clause 32.08-9)</p> <p>If no maximum height is specified in the zone, schedule to the zone or an overlay, the maximum building height should not exceed 9 metres, unless the slope of the natural ground level at any cross section wider than 8 metres of the site of the building is 2.5 degrees or more, in which case the maximum building height should not exceed 10 metres.</p> <p>Changes of building height between existing buildings and new buildings should be graduated.</p>	<p>Standard met</p> <p>The development has a maximum height of 6.9 metres and is maximum of 2 storeys high.</p> <p>N/A</p> <p>Standard met</p> <p>The sloped roof and first floor being setback further than the ground floor allows for adequate graduation of heights from the built form down towards the site boundaries.</p>
Decision Guidelines	<p>Any relevant neighbourhood character objective, policy or statement set out in this scheme.</p> <p>Any maximum building height specified in the zone, a schedule to the zone or an overlay applying to the land.</p> <p>The design response.</p> <p>The effect of the slope of the site on the height of the building.</p> <p>The relationship between the proposed building height and the height of existing adjacent buildings.</p> <p>The visual impact of the building when viewed from the street and from adjoining properties.</p>	
Objective	To ensure that the height of buildings respects the existing or preferred neighbourhood character	

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065) (Cont.)

Clause 55.03-3 Site coverage objective

Title & Objective	Standards	Standard Met/Standard Not Met/NA
<p>Standard B8</p>	<p>The site area covered by buildings should not exceed:</p> <ul style="list-style-type: none"> • The maximum site coverage specified in a schedule to the zone, or • If no maximum site coverage is specified in a schedule to the zone, 60 per cent. <p>GRZ1: 60% (none specified)</p>	<p>✓ Standard met The site area is 696sqm. The building coverage is 296sqm (42%).</p>
<p>Decision Guidelines</p>	<p>Any relevant neighbourhood character objective, policy or statement set out in this scheme.</p> <p>The design response.</p> <p>The existing site coverage and any constraints imposed by existing development or the features of the site.</p> <p>The site coverage of adjacent properties</p> <p>The effect of the visual bulk of the building and whether this is acceptable in the neighbourhood.</p>	
<p>Objective</p>	<p>To ensure that the site coverage respects the existing or preferred neighbourhood character and responds to the features of the site.</p>	

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065) (Cont.)

Clause 55.03-4 Permeability objectives

Title & Objective	Standards	Standard Met/Standard Not Met/NA
<p>Standard B9</p>	<p>The site area covered by the pervious surfaces should be at least:</p> <ul style="list-style-type: none"> • The minimum areas specified in a schedule to the zone, or • If no minimum is specified in a schedule to the zone, 20 per cent of the site. <p>GRZ1: 30%</p>	<p>✓ Standard met The site area is 696 sqm. Permeable area provided is 232.8sqm (33%).</p>
<p>Decision Guidelines</p>	<p>The design response.</p> <p>The existing site coverage and any constraints imposed by existing development.</p> <p>The capacity of the drainage network to accommodate additional stormwater.</p> <p>The capacity of the site to absorb run-off.</p> <p>The practicality of achieving the minimum site coverage of pervious surfaces, particularly on lots of less than 300 square metres.</p>	
<p>Objectives</p>	<p>To reduce the impact of increased stormwater run-off on the drainage system.</p> <p>To facilitate on-site stormwater infiltration.</p>	

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065) (Cont.)

Clause 55.03-5 Energy efficiency objectives		Standard Met/Standard Not Met/NA
Title & Objective	Standards	
Standard B10	Buildings should be: <ul style="list-style-type: none"> • Oriented to make appropriate use of solar energy. • Sited and designed to ensure that the energy efficiency of existing dwellings on adjoining lots is not unreasonably reduced. 	<p>Standard met</p> <p>The orientation of the development allows for Unit 1 to receive some northern sunlight and Unit 2 has complete northern sunlight.</p> <p>The living area of Unit 1 are south and west facing with open plan access to the north facing meals window (Existing condition).</p> <p>The living area of Unit 2 is located to the south with west windows, but has open plan access to the meals area which has north and west facing windows.</p> <p>The proposed development would not overshadow the private open spaces or habitable room windows of the adjoining properties, thus, their energy efficiency would not be impacted.</p>
	Living areas and private open space should be located on the north side of the development, if practicable.	Standard met As Above.
	Developments should be designed so that solar access to north-facing windows is maximised.	Standard met Solar access to north facing windows is uninterrupted.
Decision Guidelines	The design response.	
	The size, orientation and slope of the lot.	
	The existing amount of solar access to abutting properties.	
	The availability of solar access to north-facing windows on the site.	
Objectives	To achieve and protect energy efficient dwellings and residential buildings.	
	To ensure the orientation and layout of development reduce fossil fuel energy use and make appropriate use of daylight and solar energy.	

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065) (Cont.)

Clause 55.03-6 Open space objective

Title & Objective	Standards	Standard Met/Standard Not Met/NA
Standard B11	If any public or communal open space is provided on site, it should: <ul style="list-style-type: none"> • Be substantially fronted by dwellings, where appropriate. • Provide outlook for as many dwellings as practicable. • Be designed to protect any natural features on the site. • Be accessible and useable. 	N/A The site does have public or communal open space on site.
Decision Guidelines	Any relevant plan or policy for open space in the SPPF and the LPPF, including the MSS and local planning policies. The design response.	
Objective	To integrate the layout of development with any public and communal open space provided in or adjacent to the development.	

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065) (Cont.)

Clause 55.03-7 Safety objective	
Title & Objective	Standards
Standard B12	<p>Entrances to dwellings and residential buildings should not be obscured or isolated from the street and internal accessways.</p> <p>Planting which creates unsafe spaces along streets and accessways should be avoided.</p> <p>Developments should be designed to provide good lighting, visibility and surveillance of car parks and internal accessways.</p> <p>Private spaces within developments should be protected from inappropriate use as public thoroughfares.</p>
Decision Guidelines	The design response.
Objectives	To ensure the layout of development provides for the safety and security of residents and property.
	<p>Standard Met/Standard Not Met/NA</p> <p>✓ Standard met Each dwelling entry would be visible from the street.</p> <p>✓ Standard met Low level planting is proposed along the accessways and front boundaries would not obscure the accessways.</p> <p>✓ Standard met Security lighting above the garage / carport of each dwelling would be provided.</p> <p>✓ Standard met The lot boundary for each dwelling is clearly defined and protected from inappropriate use as public thoroughfares.</p>

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065) (Cont.)

Clause 55.03-6 Landscaping objectives	
Title & Objective	Standard Met/Standard Not Met/NA
<p>Standard B13</p> <p>The landscape layout and design should:</p> <ul style="list-style-type: none"> • Protect any predominant landscape features of the neighbourhood. • Take into account the soil type and drainage patterns of the site. • Allow for intended vegetation growth and structural protection of buildings. • In locations of habitat importance, maintain existing habitat and provide for new habitat for plants and animals. • Provide a safe, attractive and functional environment for residents. <p>Development should provide for the retention or planting of trees, where these are part of the character of the neighbourhood.</p> <p>Development should provide for the replacement of any significant trees that have been removed in the 12 months prior to the application being made</p> <p>The landscape design should specify landscape themes, vegetation (location and species), paving and lighting.</p> <p>Development should meet any additional landscape requirements specified in a schedule to the zone.</p> <p>All schedules to all residential zones: "70% of ground level front setback, and side and rear setbacks, planted with substantial landscaping and canopy trees."</p>	<p>Standard not met</p> <p>The ground floor plan has provided schematic locations of plantings including canopy trees within the front setbacks. A detail landscape plan with at least one canopy tree within the front setback and secluded private open space of each dwelling should be requested. This could be conditioned.</p> <p>Standard met</p> <p>The development does not proposal the removal of the two trees indicated on the plans,</p> <p>Standard met</p> <p>As above.</p> <p>Standard not met</p> <p>The required landscape plan specifies native plantings and material details.</p> <p>Standard met</p> <p>The schematic landscaping shown on the floor plan shows that over 70% of the front, side and rear setbacks would be provided with landscaping.</p>
<p>Decision Guidelines</p> <p>Any relevant neighbourhood character objective, policy or statement set out in this scheme.</p> <p>Any relevant plan or policy for landscape design in the SPPF and the LPPF, including the MSS and local planning policies.</p> <p>The design response.</p> <p>The location and size of gardens and the predominant plant types in the neighbourhood.</p> <p>The health of any trees to be removed.</p> <p>Whether a tree was removed to gain a development advantage.</p>	
<p>Objectives</p> <p>To encourage development that respects the landscape character of the neighbourhood.</p> <p>To encourage development that maintains and enhances habitat for plants and animals in locations of habitat importance.</p> <p>To provide appropriate landscaping.</p>	<p>A landscape plan will be conditioned to meet the requirements of Standard B13.</p>

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065) (Cont.)

	To encourage the retention of mature vegetation on the site.	
Clause 55.03-9 Access objective		
Title & Objective	Standards	Standard Met/Standard Not Met/NA
Standard B14	<p>The width of accessways or car spaces should not exceed:</p> <ul style="list-style-type: none"> • 33 per cent of the street frontage, or • if the width of the street frontage is less than 20 metres, 40 per cent of the street frontage. <p>No more than one single-width crossover should be provided for each dwelling fronting a street.</p> <p>The location of crossovers should maximise retention of on-street car parking spaces.</p>	<p>Standard met The crossovers form 16% of the frontage on Dixon Street.</p> <p>Standard met Each dwelling would have one crossover.</p> <p>Standard met The proposed crossover allows for on-street car parking to be sufficient. The application was referred to transport, who did not raise issue with the proposed crossover as long as it was constructed to council standard.</p>
Decision Guidelines	<p>The number of access points to a road in a Road Zone should be minimised.</p> <p>Developments must provide for access for service, emergency and delivery vehicles.</p>	<p>Standard met The site does not adjoin a Road Zone Category 1.</p> <p>Standard met The driveway for each dwelling would be 3m and would be accessible to emergency and delivery vehicles</p>
Objectives	<p>The design response.</p> <p>The impact on neighbourhood character.</p> <p>The reduction of on-street car parking spaces.</p> <p>The effect on any significant vegetation on the site and footpath.</p> <p>To ensure the number and design of vehicle crossovers respects the neighbourhood character.</p>	

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065) (Cont.)

Clause 55.03-10 Parking location objectives

Title & Objective	Standards	Standard Met/Standard Not Met/NA
<p>Standard B15</p>	<p>Car parking facilities should:</p> <ul style="list-style-type: none"> • Be reasonably close and convenient to dwellings and residential buildings. • Be secure. • Be well ventilated if enclosed. <p>Shared accessways or car parks of other dwellings and residential buildings should be located at least 1.5 metres from the windows of habitable rooms. This setback may be reduced to 1 metre where there is a fence at least 1.5 metres high or where window sills are at least 1.4 metres above the accessway.</p>	<p>Standard met</p> <p>All car spaces would be conveniently located next to their respective dwelling.</p>
<p>Decision Guidelines</p>	<p>The design response.</p>	<p>Standard met</p> <p>Unit 1's windows are set back a minimum of 1.5m from Unit 2's accessway.</p>
<p>Objectives</p>	<p>To provide convenient parking for residents and visitors vehicles. To protect residents from vehicular noise within developments.</p>	

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065) (Cont.)

Title & Objective	Standards	Standard Met/Standard Not Met/NA
<p>Standard B17</p>	<p>A new building not on or within 200mm of a boundary should be setback from side or rear boundaries:</p> <ul style="list-style-type: none"> • At least the distance specified in a schedule to the zone, or • If no distance is specified in a schedule to the zone, 1 metre, plus 0.3 metres for every metre of height over 3.6 metres up to 6.9 metres, plus 1 metre for every metre of height over 6.9 metres. <p>Diagram B1 Side and rear setbacks</p> 	<p>Standard met</p> <p>The side and rear setbacks for each dwelling would satisfy this standard.</p> <p>Unit 1 and 2 are setback a minimum of 3.5m to the west side boundary. Unit 1's carport is setback 1m to the west boundary. Unit 2's first floor level setback is 3.4m to the west.</p> <p>Unit 2 is setback a minimum of 1.5m to the north rear boundary at the ground floor. Unit 2 is setback a minimum of 1.85m to the north rear boundary at the first floor level.</p>
<p>Sunblinds, verandahs, porches, eaves, fascias, gutters, masonry chimneys, flues, pipes, domestic fuel or water tanks, and heating or cooling equipment or other services may encroach not more than 0.5 metres into the setbacks of this standard.</p> <p>Landings having an area of not more than 2 square metres and less than 1 metre high,</p>	<p>Standard met</p> <p>There are no encroachments more than 0.5m</p>	<p>Standard met</p>

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065) (Cont.)

	<p>stairways, ramps, pergolas, shade sails and carports may encroach into the setbacks of this standard.</p>	<p>There are no landings that encroach into the setback standard more than 2sqm and 1m high.</p>
<p>Decision Guidelines</p>	<p>Any relevant neighbourhood character objective, policy or statement set out in this scheme.</p>	
	<p>The design response.</p>	
	<p>The impact on the amenity of the habitable room windows and secluded private open space of existing dwellings.</p>	
	<p>Whether the wall is opposite an existing or simultaneously constructed wall built to the boundary.</p>	
<p>Objectives</p>	<p>Whether the wall abuts a side or rear lane.</p> <p>To ensure that the height and setback of a building from a boundary respects the existing or preferred neighbourhood character and limits the impact on the amenity of existing dwellings.</p>	

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065) (Cont.)

Clause 55.04-2 Walls on boundaries objective		Standard Met/Standard Not Met/NA
Title & Objective	Standards	
Standard B18	<p>A new wall constructed on or within 200mm of a side or rear boundary of a lot or a carport constructed on or within 1 metre of a side or rear boundary of lot should not abut the boundary:</p> <ul style="list-style-type: none"> • For a length of more than the distance specified in the schedule to the zone; or • If no distance is specified in a schedule to the zone, for a length of more than: <ul style="list-style-type: none"> - 10 metres plus 25 per cent of the remaining length of the boundary of an adjoining lot, or - Where there are existing or simultaneously constructed walls or carports abutting the boundary on an abutting lot, the length of the existing or simultaneously constructed walls or carports, whichever is the greater. <p>A new wall or carport may fully abut a side or rear boundary where slope and retaining walls or fences would result in the effective height of the wall or carport being less than 2 metres on the abutting property.</p> <p>A building on a boundary includes a building set back up to 200mm from a boundary.</p> <p>The height of a new wall constructed on or within 200 mm of a side or rear boundary or a carport constructed on or within 1 metre of a side or rear boundary should not exceed an average of 3.2 metres with no part higher than 3.6 metres unless abutting a higher existing or simultaneously constructed wall.</p>	<p>Standard met The proposed garage along the east boundary is 6m. The maximum length the boundary is 19.37 metres.</p> <p>Standard met Existing Fencing of 1.7m to be retained.</p> <p>Standard met 190mm set back from west boundary.</p> <p>Standard met Wall height is 3.1 metres</p>
Decision Guidelines	<p>Any relevant neighbourhood character objective, policy or statement set out in this scheme.</p> <p>The design response.</p> <p>The extent to which walls on boundaries are part of the neighbourhood character.</p> <p>The impact on the amenity of existing dwellings.</p> <p>The opportunity to minimise the length of walls on boundaries by aligning a new wall on a boundary with an existing wall on a lot of an adjoining property.</p> <p>The orientation of the boundary that the wall is being built on.</p> <p>The width of the lot.</p> <p>The extent to which the slope and retaining walls or fences reduce the effective height of the wall.</p> <p>Whether the wall abuts a side or rear lane.</p> <p>The need to increase the wall height to screen a box gutter.</p>	
Objectives	To ensure that the location, length and height of a wall on a boundary respects the existing or preferred neighbourhood character and limits the impact on the amenity of existing dwellings.	

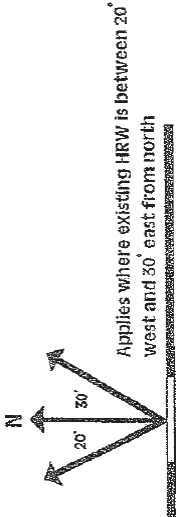

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065) (Cont.)

Clause 55.04-3 Daylight to existing windows objective		Standard Met/Standard Not Met/NA
<p>Title & Objective</p> <p>Standard B19</p>	<p>Standards</p> <p>Buildings opposite an existing habitable room window should provide for a light court to the existing window that has a minimum area of 3 square metres and minimum dimension of 1 metre clear to the sky. The calculation of the area may include land on the abutting lot.</p> <p>Walls or carports more than 3 metres in height opposite an existing habitable room window should be set back from the window at least 50 per cent of the height of the new wall if the wall is within a 55 degree arc from the centre of the existing window. The arc may be swung to within 35 degrees of the plane of the wall containing the existing window.</p> <p>Diagram B2 Daylight to existing windows</p>	<p>✓ Standard met</p> <p>The development would not reduce the light court to any existing habitable room windows.</p> <p>✓ Standard met</p> <p>As above</p>
<p>Decision Guidelines</p>	<p>Where the existing window is above ground floor level, the wall height is measured from the floor level of the room containing the window.</p> <p>The design response.</p> <p>The extent to which the existing dwelling has provided for reasonable daylight access to its habitable rooms through the siting and orientation of its habitable room windows.</p> <p>The impact on the amenity of existing dwellings.</p> <p>To allow adequate daylight into existing habitable room windows.</p>	
<p>Objective</p>		

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065) (Cont.)

Title & Objective	Standards	Standard Met/Standard Not Met/NA
<p>Standard B20</p>	<p>If a north-facing habitable room window of an existing dwelling is within 3 metres of a boundary on an abutting lot, a building should be setback from the boundary 1 metre, plus 0.6 metres for every metre of height over 3.6 metres up to 6.9 metres, plus 1 metre for every metre of height over 6.9 metres, for a distance of 3 metres from the edge of each side of the window.</p> <p>Diagram B3 North-facing windows</p> <p>The diagram illustrates the setback requirements for a north-facing habitable room window. A window is shown on a lot, with a dashed line representing the boundary. The window is 3m wide. The setback from the boundary is 3m. The setback from the window edge is 1m. The setback from the window edge is 1.1m. The setback from the window edge is 2m. The setback from the window edge is 4.1m. The setback from the window edge is 5.1m. The setback from the window edge is 6.9m. The setback from the window edge is 8m. The setback from the window edge is 9m. The setback from the window edge is 13.5m. The setback from the window edge is 13.5m.</p>	<p>NA</p> <p>There are no north facing windows of adjoining dwellings that would be effected.</p>
	<p>A north facing window is a window with an axis perpendicular to its surface orientated north 20 degrees west to north 30 degrees east.</p>	<p>NA</p> <p>There are no north facing windows of adjoining dwellings that would be effected.</p>

Clause 55.06-2 Front fences objective		Standard Met/Standard Not Met/NA						
Title & Objective	Standards							
Standard B32	<p>The design of front fences should complement the design of the dwelling or residential building and any front fences on adjoining properties.</p> <p>A front fence within 3 metres of a street should not exceed:</p> <ul style="list-style-type: none"> The maximum height specified in a schedule to the zone, or <p>All schedules to all residential zones:</p> <p>“Maximum 1.5 metre height in streets in Road Zone Category 1 1.2 metre maximum height for other streets”</p> <ul style="list-style-type: none"> If no maximum height is specified in a schedule to the zone, the maximum height specified in Table B3. <p>Table B3 Maximum front fence height</p> <table border="1"> <thead> <tr> <th>Street Context</th> <th>Maximum front fence height</th> </tr> </thead> <tbody> <tr> <td>Streets in a Road Zone, Category 1</td> <td>2 metres</td> </tr> <tr> <td>Other streets</td> <td>1.5 metres</td> </tr> </tbody> </table>	Street Context	Maximum front fence height	Streets in a Road Zone, Category 1	2 metres	Other streets	1.5 metres	<p>Standard met The existing brick fence is to be retained.</p> <p>Standard met The existing fence is 900mm maximum height.</p>
Street Context	Maximum front fence height							
Streets in a Road Zone, Category 1	2 metres							
Other streets	1.5 metres							
Decision Guidelines	<p>Any relevant neighbourhood character objective, policy or statement set out in this scheme.</p> <p>The design response.</p> <p>The setback, height and appearance of front fences on adjacent properties.</p> <p>The extent to which slope and retaining walls reduce the effective height of the front fence.</p> <p>Whether the fence is needed to minimise noise intrusion.</p>							
Objective	To encourage front fence design that respects the existing or preferred neighbourhood character.							

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065) (Cont.)

Clause 55.06-3 Common property objectives

Title & Objective	Standards	Standard Met/Standard Not Met/NA
Standard B33	<p>Developments should clearly delineate public, communal and private areas.</p> <p>Common property, where provided, should be functional and capable of efficient management.</p>	<p>Standard met Any need for common property would be determine at subdivision stage. Private areas are clearly delineated.</p> <p>Standard met It would be practical to ask for common property along part of the existing accessway at the subdivision stage.</p>
Objectives	<p>To ensure that communal open space, car parking, access areas and site facilities are practical, attractive and easily maintained.</p> <p>To avoid future management difficulties in areas of common ownership.</p>	

2.4.3 Town Planning Application – No. 5 Dixon Street, Noble Park (Planning Application No. PLN18/0065) (Cont.)

Clause 55.06-4 Site services objectives

Title & Objective	Standards	Standard Met/Standard Not Met/NA
<p>Standard B34</p>	<p>The design and layout of dwellings and residential buildings should provide sufficient space (including easements where required) and facilities for services to be installed and maintained efficiently and economically.</p> <p>Bin and recycling enclosures, mailboxes and other site facilities should be adequate in size, durable, waterproof and blend in with the development.</p> <p>Bin and recycling enclosures should be located for convenient access by residents.</p> <p>Mailboxes should be provided and located for convenient access as required by Australia Post.</p>	<p>✓ Standard met ✗ Standard not met</p> <p>✓ Standard met Each dwelling would have access to the street via the accessway to transfer bins for collection.</p> <p>✓ Standard met Each dwelling would have access to the street via the accessway to transfer bins for collection</p> <p>✗ Standard not met Provided at the front of the existing accessway. Unit 1's mail box should be moved to be located at convenient access from their driveway.</p>
<p>Decision Guidelines</p>	<p>The design response.</p>	
<p>Objectives</p>	<p>To ensure that site services can be installed and easily maintained.</p> <p>To ensure that site facilities are accessible, adequate and attractive.</p>	<p>Unit 1's Mail box should be conditioned to be moved to be located next to Unit 1's accessway to be convenient.</p>

2.5 FINANCE AND BUDGET

2.5.1 Supplementary Valuation Return 2019-1

File Id:	A5295674
Responsible Officer:	Director Corporate Services
Attachments:	Supplementary Valuation List 2019-1

Report Summary

Council's contract valuer ProVal (Vic) Pty Ltd have assessed Supplementary Valuation Return 2019-1 that comprises a total of 740 supplementary valuations.

Recommendation Summary

This report recommends that Council note the new valuations in Supplementary Valuation Return 2019-1.

2.5.1 Supplementary Valuation Return 2019-1 (Cont.)

Background

Supplementary valuations are carried out from time to time to reflect the variation in valuation of properties in between General Valuations of the municipality. Supplementary valuations may be made for any of the circumstances referred to in Section 13DF of the Valuation of Land Act 1960 and are to be assessed as at the date prescribed for the current valuation of the municipality ie 1 January 2018. Supplementary valuations in this report have been formally processed and have received certification from the Valuer General. The new values are applied when certification is received.

Proposal

It is proposed that Council note the new valuations listed in Supplementary Valuation Return 2019-1.

Community Plan 'Imagine 2030' and Council Plan 2017-2021 – Strategic Objectives, Strategies and Plans

This report has been made in consideration of the Council Plan and Strategic Objectives

Financial Implications

All of the supplementary valuations in Return 2019-1 have been made effective from 1 July 2018. The 2018-19 Budget for supplementary rate income is \$1,000,000. The net supplementary rates increase from this Return is approximately \$1,095,000.

Consultation

The Valuer General Victoria has been notified of the supplementary adjustments and has forwarded a copy of the Return to the State Revenue Office and to South East Water. The Valuer General has advised Council that it has certified the supplementary valuations.

Conclusion

It is recommended that Council note the new valuations in Return 2019-1

Recommendation

That Council notes the new valuations in Supplementary Valuation Return No. 2019-1.

MINUTE 836

Moved by: Cr Sean O'Reilly
Seconded by: Cr Matthew Kirwan

That Council notes the new valuations in Supplementary Valuation Return No. 2019-1.

Greater Dandenong Planning Scheme
Amendment C201 Panel Report

Report Summary

Amendment C201 proposes to introduce a new Local Planning Policy for Environmentally Sustainable Development (ESD) into the *Greater Dandenong Planning Scheme*.

At its meeting on 28 May 2018, Council resolved to adopt the position of revising Amendment C201 to increase the policy thresholds applicable to residential development, addressing the majority of submissions received when the amendment was exhibited.

For the remaining unresolved submissions, Council resolved to request the Minister for Planning to appoint an independent planning panel to consider all unresolved submissions of Amendment C201 to the *Greater Dandenong Planning Scheme*, pursuant to the requirements of Part 8 of the *Planning and Environment Act 1987*.

This report discusses the Planning Panel Report and recommends that Amendment C201 to the *Greater Dandenong Planning Scheme* be adopted and forwarded to the Minister for Planning for approval.

Recommendation Summary

This report recommends that Council adopt Amendment C201 to the *Greater Dandenong Planning Scheme* in the form as recommended by the Panel and forward Amendment C201 to the Minister for Planning for approval.

2.6.1 Planning Scheme Amendment C201 - Environmentally Sustainable Development - Adoption (Cont.)**Background**

Planning Scheme Amendment C201 proposes to introduce a Local Planning Policy to the *Greater Dandenong Planning Scheme* to ensure that development achieves best practice in environmental sustainability, from the design stage through to construction and operation.

The Amendment seeks to strengthen the ability of the City of Greater Dandenong to consider environmentally sustainable design measures when assessing planning permit applications for development. Planning Scheme Amendment C201 proposes to:

- Introduce a new Clause 22.06 Environmentally Sustainable Development (ESD) Policy into the Local Planning Policy Framework; and
- Amend Clause 21.05 (Built Form) to actively encourage the design and construction of new development to incorporate best practice environmentally sustainable design standards to create an environmentally sustainable city.

Clause 22.06 (the Policy) proposes to introduce the following objectives to be satisfied where applicable:

- Energy Performance
- Water Resources
- Indoor Environment Quality
- Stormwater Management
- Transport
- Waste Management
- Urban Ecology

The proposed policy also sets out application requirements and decision guidelines which are included in Table 1 of Clause 22.06. Dependent on the scale of the development, an applicant needs to demonstrate how the relevant policy objectives will be achieved by completing either a Sustainable Design Assessment (SDA) or a Sustainability Management Plan (SMP).

As exhibited, Table 1 sets thresholds for the policy to apply to developments of five (5) or more dwellings, and non-residential developments or buildings with a gross floor area of 1,000 square metres and above.

Amendment C201 received a total of 193 submissions during the exhibition period. None of which objected to the proposed policy. A total of 187 submissions sought tightening of the assessment thresholds of Clause 22.06 to capture smaller residential development. This included 164 submissions calling for the policy threshold to be reduced from five (5) dwellings to three (3) dwellings, 24 submissions calling for the policy to capture all residential dwellings, and one submission calling for all development types to be captured. The remaining five submissions supported the amendment with no changes.

2.6.1 Planning Scheme Amendment C201 - Environmentally Sustainable Development - Adoption (Cont.)

At its meeting on 28 May 2018, Council resolved to reduce the residential threshold level from five to three for the submission of a Sustainable Design Assessment (SDA) in response to the majority of submissions (87 percent of submissions), and also resolved to request the Minister for Planning to appoint an independent planning panel to consider the remaining unresolved submissions to Amendment C201 to the *Greater Dandenong Planning Scheme*, pursuant to the requirements of Part 8 of the *Planning and Environment Act 1987*.

Summary of the Planning Panel Report Issued on 18 September 2018

Panel Report - Recommended Adoption

The Panel considered all written submissions made in response to the exhibition of the amendment and further information provided by Council including Council's submission and background documents.

Based on the above, the Panel concluded the amendment is both sound and strategically justified. The Panel has recommended the adoption of Amendment C201 as amended post-exhibition, subject to some minor wording changes.

A summary of the key issues considered by the Panel and its conclusions on the key issues are presented in the following section of the report.

Panel Report – Overview of the Panel's Consideration

The Panel considered the following two matters when recommending that Amendment C201 be adopted:

1. Planning Context; and
2. Policy Thresholds

1. Planning Context

The Panel undertook a comprehensive review of the relevant state and local planning policies in support of the amendment. It also took into consideration a number of other Plans and Strategies including the *Greater Dandenong Council Plan 2017-21*, *Greater Dandenong Sustainability Strategy 2016-30*, *Greater Dandenong Housing Strategy 2014-24* and previous Advisory committee and Panel Reports related to ESD policies. The Panel found Amendment C201 is strongly supported by existing Council policy and other Advisory Committee and Panel processes and reviews which have supported the recognition and introduction of local ESD planning policy.

2. Policy Thresholds

The Panel considered the assessment thresholds as proposed in the exhibited amendment against the submissions calling for more stringent thresholds, specifically for residential development. The Panel's key consideration was to determine what minimum scale of development should trigger the application of proposed Clause 22.06.

2.6.1 Planning Scheme Amendment C201 - Environmentally Sustainable Development - Adoption (Cont.)

To determine this, the Panel took into account:

- All submissions to the amendment proposing more stringent thresholds, in particular the 163 submissions calling for the policy to apply to three or more residential dwellings;
- Council's resolution to make a post-exhibition change to the amendment to reduce the residential application threshold from five to three dwellings, addressing the vast majority of submissions; and
- The costs, benefits and implications (in particular to staff resourcing) of implementing increased thresholds to proposed Clause 22.06, as described in the Council Report tabled on 28 May 2018.

The Panel determined that Council's decision to reduce the threshold levels to three dwellings as *"appropriate and is a reasonable response to the issues raised in the majority of submissions to the Amendment. The Panel also stated that revising "the policy in this way will still allow the most significant development to be covered by the ESD policy by virtue of it requiring a planning permit"*.

The Panel found that further reductions to the thresholds (below three or more dwellings) *"presents challenges for single dwellings, where in much of the context of residential zones no planning permits may be required, effectively omitting the application of the local ESD policy"*. Furthermore, the panel accepted that *"Greater Dandenong can select the thresholds that best suit its context"*.

3. Summary of Panel Conclusions and Recommendations

Council received the Panel's report and recommendations on 18 September 2018. The Panel concluded that the post exhibition change to the dwelling threshold proposed by Council is appropriate and presents an acceptable response to submissions to the amendment.

The Panel recommends that Greater Dandenong Planning Scheme Amendment C201 be adopted with the following minor changes:

- Amend Strategy 1.2 in Clause 21.05-3 to read:
 - a) *Encourage all development to adopt and incorporate water sensitive urban design principles.*
- Amend Strategy 1.3 in Clause 21.05-3 to read:
 - a) *Encourage all development to maximise passive design opportunities to create quality living and working environments.*
- Amend the first dot-point in the first Column of Table 1 – ESD Application Requirements in Clause 22.06-4 to read:
 - a) *3 – 9 dwellings;*

The Panel also concluded that the amendment is appropriate, subject to the above and post exhibition change.

2.6.1 Planning Scheme Amendment C201 - Environmentally Sustainable Development - Adoption (Cont.)

Proposal

That Council:

- adopts Amendment C201 to the *Greater Dandenong Planning Scheme* in the form as recommended by the independent planning panel in accordance with the requirements of the *Planning and Environment Act 1987* and its associated regulations;
- advises the Minister for Planning that Greater Dandenong Council has considered the Panel report on Amendment C201 and resolved to adopt Amendment C201 to the *Greater Dandenong Planning Scheme* and forward to the Minister for Planning a copy of the Amendment for approval in the manner required by the *Planning and Environment Act 1987* and its associated regulations; and
- advises all submitters of Council's decision.

Community Plan 'Imagine 2030' and Council Plan 2017-21 – Strategic Objectives, Strategies and Plans

After consultation with the Greater Dandenong community on what kind of future they wanted to see for themselves and the City in 2030, the result was the Greater Dandenong Community Plan 'Imagine 2030'. This report is consistent with the following community visions:

Community Plan 'Imagine 2030'

People

- *Pride* – Best place best people

Place

- *Sense of Place* – One city many neighbourhoods
- *Appearance of Places* – Places and buildings
- *Travel and Transport* – Easy to get around

Opportunity

- *Leadership by the Council* – The leading Council

Council Plan 2017-21

The Council Plan describes the kind of future the Council is working for, and how Council will do this over four years. This report is consistent with the following goals:

Place

- A healthy, liveable and sustainable city
- A city planned for the future

2.6.1 Planning Scheme Amendment C201 - Environmentally Sustainable Development - Adoption (Cont.)

Opportunity

- An open and effective Council

The strategies and plans that contribute to these outcomes are as follows:

- Greater Dandenong Sustainability Strategy 2016-2030
- Greater Dandenong Planning Scheme
- Greater Dandenong Planning Scheme Review, 2017

Related Council Policies

No related council policies or codes of practice affect the decision of this report or are relevant to this process.

Victorian Charter of Human Rights and Responsibilities

All matters relevant to the Victorian Human Rights Charter have been considered in the preparation of this report and are consistent with the standards set by the Charter.

Financial Implications

The financial implications of Amendment C201 were considered by Council at its meeting of 28 May 2018. Budget and resourcing will be factored into future business plans and budgets upon approval of this amendment.

Consultation

Notification of the amendment was given in accordance with the requirements of the Planning and Environment Act, 1987. The amendment was formally exhibited and submissions sought between 12 February 2018 and 9 March 2018 via local newspapers, Victorian Government Gazette, Council's website, and letters to prescribed Ministers.

Council received a total of 193 submissions to the amendment. Of these, 187 supported the amendment with changes to the residential policy thresholds, and five submissions supported the amendment with no changes.

Of the 187 submissions requesting changes to the residential policy thresholds, 164 submissions requested the thresholds be changed to capture three or more residential dwellings, with the remaining 24 submissions requesting all residential development be captured.

Council resolved to address the majority of submissions (87 percent) by determining that the residential trigger be amended to three or more dwellings (reduced from five or more dwellings as exhibited).

2.6.1 Planning Scheme Amendment C201 - Environmentally Sustainable Development - Adoption (Cont.)

Conclusion

Amendment C201 will ensure best practice ESD initiatives are considered from the design stage of a building and throughout its construction and ongoing management. This has the benefit for occupants in terms of cost savings on utilities, a healthier indoor environment and reduced impact on the environment.

Overall the proposed ESD Local Planning Policy will assist in achieving Council's objective to transition towards an environmentally sustainable city.

An independent Planning Panel appointed by the Minister for Planning has considered the issues, which were raised with Amendment C201 and has reported its findings. Based on the findings it has recommended adoption of the Amendment as amended post exhibition.

Recommendation

That Council:

1. **adopts Amendment C201 to the *Greater Dandenong Planning Scheme* in the form as recommended by the independent planning panel in accordance with all the requirements of the *Planning and Environment Act 1987* and its associated regulations;**
2. **advises the Minister for Planning that Greater Dandenong Council has considered the Panel report on Amendment C201 and resolved to adopt Amendment C201 to the *Greater Dandenong Planning Scheme*;**
3. **forwards to the Minister for Planning a copy of the Amendment for approval in the manner required by the *Planning and Environment Act 1987* and its associated regulations; and**
4. **advises all submitters of Council's decision.**

THIS ITEM WAS WITHDRAWN BY THE LEAVE OF COUNCIL.

Greater Dandenong Planning Scheme Amendment C201 | Panel Report | 18 September 2018

Executive summary

(i) Summary

Greater Dandenong Planning Scheme Amendment C201 (the Amendment) seeks to introduce a new Clause 22.06 (Environmentally Sustainable Development) policy into the Local Planning Policy Framework and make consequential amendments to Clause 21.05 (Built Form) of the Greater Dandenong Planning Scheme.

The Amendment received 193 submissions none of which objected outright to the proposed policy changes. The majority of submissions sought tightening of the application of Clause 22.06 by reducing the threshold for development requiring assessment for Environmentally Sustainable Development (ESD). The issue was how far should the ESD policy be applied with 87 per cent of submitters calling for the threshold level to be reduced from 5 to 3 dwellings, 12 per cent of submissions calling for all residential development to be required to undertake ESD assessment and 1 per cent of submissions seeking all forms of development to require ESD assessment.

Council proposed a post exhibition change to reduce the residential threshold level from five to three dwellings. It considered this was a reasonable response to the majority of submissions and was acceptable in terms of consistency with the level of application of ESD policy by similar Metropolitan Councils that have introduced local ESD policies.

The Panel supports the Amendment and Council's proposed post exhibition change to the ESD policy thresholds for residential development.

The Panel concludes the Amendment is both sound and strategically justified. Further reducing the residential development thresholds for application of the ESD policy to fewer than three dwellings is not considered necessary, at this point in time, due to the uncertainty with respect to any state-wide review of ESD policy. The Panel considers the ESD policy as modified post exhibition by Council is a reasonable response to submissions and appropriate to apply ESD outcomes for Council.

(ii) Recommendations

Based on the reasons set out in this Report, the Panel recommends that Greater Dandenong Planning Scheme Amendment C201 be adopted as exhibited subject to the following:

1. Amend Strategy 1.2 in Clause 21.05-3 to read:
 - a) *Encourage all development to adopt and incorporate water sensitive urban design principles.*
2. Amend Strategy 1.3 in Clause 21.05-3 to read:
 - a) *Encourage all development to maximise passive design opportunities to create quality living and working environments.*
3. Amend the first dot-point in the first Column of Table 1 – ESD Application Requirements in Clause 22.06-4 to read:
 - a) *3 – 9 dwellings; or*

2.6.1 Planning Scheme Amendment C201 - Environmentally Sustainable Development - Adoption (Cont.)

Greater Dandenong Planning Scheme Amendment C201 | Panel Report | 18 September 2018

1 Introduction

1.1 The Amendment

Amendment C201 to the Greater Dandenong Planning Scheme (the Amendment) seeks to strengthen the ability of the City of Greater Dandenong Council (Council) to consider environmentally sustainable design measures when assessing planning permit applications for development.

The Amendment introduces a new Environmentally Sustainable Development (ESD) policy into the Local Planning Policy Framework to ensure that development achieves best practice in environmental sustainability, from design through to operation.

The Amendment proposes to:

- Introduce a new Clause 22.06 (Environmentally Sustainable Development) policy into the Local Planning Policy Framework.
- Amend Clause 22.05 (Built Form) to actively encourage the design and construction of new development to incorporate best practice environmentally sustainable design standards to create an environmentally sustainable city.

The proposed policy sets out ESD Policy and objectives. It then lists application requirements and decision guidelines for types of development listed in Table 1 of Clause 22.06. Dependent on the scale of development, an applicant needs to demonstrate how relevant objectives will be achieved by completing either a Sustainable Design Assessment (SDA) or a Sustainability Management Plan (SMP).

As exhibited, Table 1 set thresholds for the policy to apply to developments of five or more dwellings or; developments or buildings with a gross floor area of 1,000 square metres and above.

1.2 The Panel process

At the Directions Hearing, no submitters to the Amendment sought to be heard by the Panel. Accordingly, no public Hearing was held and the submissions were considered 'on the papers'. The Panel has considered all written submissions and all material presented to it in connection with this matter, including Council's submission and background documents and Council's response to questions of clarification from the Panel.

1.3 Amendment VC148

On 31 July 2018, Amendment VC148 was gazetted. Amendment VC148 made state-wide changes to the Victoria Planning Provisions (VPP) and all planning schemes with the aim of simplifying and modernising Victoria's planning policy and making it more efficient, transparent and accessible. The main changes made by Amendment VC148 were to:

- replace the State Planning Policy Framework (SPPF) with a new integrated Planning Policy Framework (PPF) in Clauses 10 through to 19
- integrate VicSmart into the planning provisions
- amend specific clauses to improve their structure and operation
- amend and delete specific clauses to remove unnecessary regulation.

2.6.1 Planning Scheme Amendment C201 - Environmentally Sustainable Development - Adoption (Cont.)

Greater Dandenong Planning Scheme Amendment C201 | Panel Report | 18 September 2018

On 9 August 2018, the Panel requested that Council provide an update as to how Amendment C201 is supported by, or supports, the implementation of current state planning policy, taking into account the changes arising from Amendment VC148.

Council responded that it considered *“the Victorian Planning Provisions continue to support the intent of the Amendment”* and reasoned that relevant changes to the SPPF/PPF were either number changes only, minor wording changes or simply a redistribution of policy under relevant themes. To support this, Council provided a summary of changes setting out the Explanatory Report references to the SPPF with the corresponding clauses of the revised PPF. An assessment of these policies is provided in Chapter 3.

1.4 Background to the proposal

The Amendment builds on, and is consistent with previous collaborative processes undertaken by the:

- Cities of Banyule, Moreland, Port Phillip, Stonnington, Whitehorse and Yarra which resulted in a combined amendment that was gazetted on 19 November 2015
- City of Monash Amendment C113 (gazetted 29 September 2016)
- Cities of Darebin and Manningham Amendment GC42 (gazetted 31 August 2017).

An Advisory Committee/Panel was appointed in 2013 by the Minister for Planning to consider the combined Amendments and to provide broader advice to the Minister on the suitability of including environmental sustainability requirements at the planning stage. The Advisory Committee was firmly of the view that *“a state-wide approach would be the most effective way to achieve the greatest sustainability outcomes, providing greater coverage, consistency, fairness and simplicity”*. In the absence of such an approach, the Advisory Committee supported the amendments. In this context, the Advisory Committee found that *“any local approach should include a sunset clause that would enable the review of these policies upon the introduction of any state-wide approach”*.

1.5 Summary of issues

The main change requested by submissions was to decrease the thresholds provided in Table 1 of Clause 22.06 such that the policy should apply to residential development of at least three dwellings (87 per cent), or all residential development (12 per cent), or all development types (1 per cent).

The key issue for Council with respect to such changes was a resourcing and financial issue which was anticipated to have impacts for all planning applications. At its meeting of 28 May 2018, Council resolved to reduce the residential threshold to three or more dwellings and to update the Amendment accordingly. This resolved 163 submissions and left 25 unresolved submissions to be referred to the Panel.

The Panel considered all written submissions made in response to the exhibition of the Amendment and further information provided at its request by Council. All submissions and materials have been considered by the Panel in reaching its conclusions, regardless of whether they are specifically mentioned in the Report.

This Report deals with the issues under the following headings:

- Planning context
- Policy thresholds.

2.6.1 Planning Scheme Amendment C201 - Environmentally Sustainable Development - Adoption (Cont.)

Greater Dandenong Planning Scheme Amendment C201 | Panel Report | 18 September 2018

2 Planning context

Council provided a response to the Strategic Assessment Guidelines as part of the Explanatory Report.

The Panel has reviewed Council's response and the policy context of the Amendment and has made a brief appraisal of the proposed policy.

2.1 Policy framework

A comprehensive review of state and local planning policies in support of the Amendment is provided in the Explanatory Report. The Panel has reviewed these policies and accepts that the introduction of an ESD policy is strategically justified and consistent with state and local planning policies.

(i) State Planning Policy Framework

Following Amendment VC148 and in response to a request from the Panel, Council provided a summary of relevant changes resulting from the new Planning Policy Framework (PPF). The changes to state policy relevant to the Amendment are outlined in Table 1.

Table 1: Changes to State policy relevant to Amendment C201 arising from Amendment VC148

SPPF Reference	Revised PPF
11.03-2 Activity Centre Planning <i>"To improve the social, economic and environmental performance and amenity of activity centres"</i>	Number change only: 11.03-1S Activity Centres Strategies Improve the social, economic and environmental performance and amenity of activity centres.
11.06-6 Sustainability and Resilience	The content of Clause 11.06 has been redistributed under relevant themes as regional policy or, where appropriate, incorporated into state policy.
12.01-1 Protection of Biodiversity The objective of this policy is to <i>"assist the protection and conservation of Victoria's biodiversity, including important habitat for Victoria's flora and fauna and other strategically valuable biodiversity sites"</i> .	Amended as follows (same intent) 12.01-1S Objective To assist the protection and conservation of Victoria's biodiversity. Strategies Use biodiversity information to identify important areas of biodiversity, including key habitat for rare or threatened species and communities, and strategically valuable biodiversity sites. Avoid impacts of land use and development on important areas of biodiversity.
14.02-2 Water quality This sets out the objective of <i>"protecting water quality"</i> ; and 14.02-3 Water conservation which sets out the objective of	No change. 14.02-2S Objective

2.6.1 Planning Scheme Amendment C201 - Environmentally Sustainable Development - Adoption (Cont.)

Greater Dandenong Planning Scheme Amendment C201 | Panel Report | 18 September 2018

SPPF Reference	Revised PPF
ensuring that <i>“water resources are managed in a sustainable way”</i> .	To protect water quality. 14.02-3S Objective To ensure that water resources are managed in a sustainable way.
Clause 15.02 – Sustainable development Clause 15.02-1 Energy and Resource Efficiency: The objective indicates the need to <i>“encourage land use and development that is consistent with the efficient use of energy and the minimisation of greenhouse gas emissions”</i> .	Amended as follows (same intent): 15.02-1S Energy and resource efficiency Objective To encourage land use and development that is energy and resource efficient, supports a cooler environment and minimises greenhouse gas emissions. Strategies Improve the energy, water and waste performance of buildings and subdivisions through ESD.
16.01-1 Integrated housing. This policy sets out the objective to <i>“promote a housing market that meets community needs”</i> . Of particular relevance is the strategy which sets out the need to encourage housing <i>“that is both water efficient and energy-efficient”</i> .	Amended as follows (same intent): 16.01-1S Integrated housing Objective To promote a housing market that meets community needs. 16.01-2S Location of residential development Strategy Facilitate residential development that is cost-effective in infrastructure provision and use, energy-efficient, water efficient and encourages public transport use.
16.01-4 Housing Diversity: The objective of this policy is to <i>“provide for a range of housing types to meet increasingly diverse needs”</i> . One of the strategies notes the <i>“need to encourage development of well-designed medium-density housing which improves energy efficiency of housing”</i> .	No change. 16.01-3S Housing diversity Objective To provide for a range of housing types to meet diverse needs. Strategies Encourage the development of well-designed medium-density housing that: - Respects the neighbourhood character. - Improves housing choice. - Makes better use of existing infrastructure. - Improves energy efficiency of housing.
Clause 18.01 Integrated Transport 18.02-1 Sustainable personal transport: This	Amended as follows (same intent):

2.6.1 Planning Scheme Amendment C201 - Environmentally Sustainable Development - Adoption (Cont.)

Greater Dandenong Planning Scheme Amendment C201 | Panel Report | 18 September 2018

SPPF Reference	Revised PPF
<p>policy sets out the objective of promoting <i>“the use of sustainable personal transport”</i>. One of the strategies specifically relating to new development indicates the need to <i>“ensure development provides opportunities to create more sustainable transport options such as walking, cycling and public transport”</i> and, <i>“ensuring cycling routes and infrastructure are constructed early in new developments”</i>.</p>	<p>18.02-1S Sustainable personal transport Objective To promote the use of sustainable personal transport. Strategies Ensure development and the planning for new suburbs, urban renewal precincts, greyfield redevelopment areas and transit-oriented development areas (such as railway stations) Provide opportunities to promote more walking and cycling. Ensure cycling routes and infrastructure are constructed early in new developments.</p>
<p>Clause 19 Infrastructure Clause 19.01-1 Provision of renewable energy: The objective of this clause is to <i>“promote the provision of renewable energy in a manner that ensures appropriate siting and design considerations are met”</i>.</p> <p>Clause 19.03-2 Water supply, sewerage and drainage: The objective of this clause indicates the need <i>“to plan for the provision of water supply, sewerage and drainage services that efficiently and effectively meet state and community needs and protect the environment”</i>.</p> <p>Clause 19.03-3 Stormwater: The objective of this policy is <i>“to reduce the impact of stormwater on bays and catchments”</i>.</p>	<p>Number and change to sub-clause name only: Clause 19 – Infrastructure 19.01 Energy 19.01-2S Objective To promote the provision of renewable energy in a manner that ensures appropriate siting and design considerations are met.</p> <p>19.03-3S Water supply, sewerage and drainage Objective To plan for the provision of water supply, sewerage and drainage services that efficiently and effectively meet state and community needs and protect the environment.</p> <p>19.03-4S Stormwater Objective To reduce the impact of stormwater on bays, water bodies and catchments</p>
<p>22.06-6 Reference Documents to be renamed Background Documents.</p>	<p>Name change only.</p>

Council submitted the changes to state policy relevant to the Amendment continue to support the intent of the Amendment.

The Panel agrees with Council. The relevant changes appear to be limited to: policy clause numbering, minor wording which has no significant change to intent or outcomes, or a redistribution of policy under state or regional policy themes. The main thrust and intent of state policy, as it relates to ESD, remains the same and the Panel considers the Amendment is consistent with, and will assist in the achievement of, the above state policies.

2.6.1 Planning Scheme Amendment C201 - Environmentally Sustainable Development - Adoption (Cont.)

Greater Dandenong Planning Scheme Amendment C201 | Panel Report | 18 September 2018

(ii) Local Planning Policy Framework

Council submitted that the Amendment supports the following parts of the Local Planning Policy Framework (LPPF):

- Clause 21.03 (Vision) – creates a vision for Greater Dandenong which includes a healthy community working together to achieve an *“economically, socially and environmentally sustainable future”*.
- Clause 21.03-2 (Achieving the vision) – identifies Sustainable Environment as a key focus area and identifies strategies within this area to help achieve the Vision.
- Clause 21.04-3 (Land use – Industrial) – which encourages industry to develop best practice in relation to energy and resource use including the adoption of world best practice water sensitive urban design.
- Clause 21.05 (Built Form) – provides that the identification of character areas will facilitate the achievement of attractive and sustainable built form.
- Clause 21.05-1 (Urban design character, streetscapes and landscapes) – which includes the objective to ensure design supports accessibility and healthy living including by encouraging new developments to provide well-connected cycle and pedestrian paths. An additional relevant objective is to ensure landscapes enhance the built environment.
- Clause 21.05-3 (Sustainability) –includes the objective to promote ecologically sustainable development.
- Clause 21.06-2 (Open Space and Natural Environment – Watercourses, wetland and habitats) –seeks to protect and improve waterways and wetlands including by ensuring development adopts best practice approach to stormwater treatment and management.
- Clause 21.07 (Infrastructure and Transport) – seeks to ensure transport is well connected and integrated with desired land use patterns and includes specific clauses to increase public transport, integrate transport and land use, promote and facilitate walking and cycling.
- Clause 21.07-1 (Physical, community and cultural infrastructure) – seeks to manage the impact of stormwater discharge and minimise pollution and flooding by promoting water sensitive urban design principles.

Council outlined that the above local planning policies support the Amendment. Council considered this support has been demonstrated through its commitment to the voluntary Sustainable Design Assessment in the Planning Process (SDAPP) program, which has been operating since 2010. Under SDAPP, Council has been seeking an ESD report for medium and large developments, that is, residential developments with 10 or more dwellings and non-residential development with gross floor areas above 1,999 square metres in area. Council considers this voluntary commitment, as a member of the Council Alliance for a Sustainable Built Environment (CASBE) is embodied within the Municipal Strategic Statement (MSS) and the policies outlined above.

The Panel agrees the Amendment is consistent with, and will assist in the achievement of, the above Local policies.

2.6.1 Planning Scheme Amendment C201 - Environmentally Sustainable Development - Adoption (Cont.)

Greater Dandenong Planning Scheme Amendment C201 | Panel Report | 18 September 2018

(iii) Other planning strategies or policies used in formulating the Amendment

The Amendment is founded from a number of strategic plans that include strategic direction relating to environmental sustainable built form outcomes for the municipality. These include the Council plan, sustainability strategy, housing strategy as well as previous Panel reports and the report of the Advisory Committee and Panel into Environmentally Efficient Design and Local Policy.

Greater Dandenong Council Plan 2017 – 2021

The Greater Dandenong Council Plan 2017–2021 forms part of Council’s integrated planning framework. The plan sets *“the strategic direction of the City of Greater Dandenong and describes how the community’s vision of a safe, vibrant city of opportunity for all will be achieved”*. It outlines the following six objectives to guide Council’s direction:

1. A vibrant, connected and safe community
2. A creative city that respects and embraces diversity
3. A healthy, liveable and sustainable city
4. A city planned for the future
5. A diverse and growing economy
6. An open and effective Council.

The Council plan identifies the Sustainability Strategy 2016 – 2030 (discussed below) as a supporting strategic document that will be implemented from 2016 to 2030 to assist in the achievement of strategic objective 3. To achieve strategic objective 4, the plan commits to amending the Greater Dandenong Planning Scheme *“to include sustainability performance requirements for new developments”*. Further, the plan commits to ensuring that *“new developments are site responsive, innovative and achieve high quality urban design and environmentally sustainable outcomes”*.

Greater Dandenong Sustainability Strategy 2016 – 2030

The Greater Dandenong Sustainability Strategy 2016-2030 sets the vision for the City to be *“one of the most sustainable cities in Australia by 2030”*. To achieve its vision, the strategy recognises that despite Council’s *“significant ability to influence sustainable outcomes, it cannot do it alone”*. The strategy therefore aims to guide the activities of community, stakeholders and partners to help achieve the vision.

The strategy aims for new developments within the city to incorporate best practice; water and stormwater measures, waste and resource management, sustainable transport outcomes, energy efficiency, ESD and pollution management. It also sets future key strategic actions to incorporate such best practice into the Greater Dandenong Planning Scheme, which includes formally incorporating a local ESD planning policy into the Greater Dandenong Planning Scheme.

The Panel considers this Amendment will directly assist the Council in achieving the vision of this strategy.

Greater Dandenong Housing Strategy 2014 – 2024

Identifying the importance of *“secure, appropriate, affordable and well-designed housing”* for the wellbeing of the community, the Greater Dandenong Housing Strategy 2014-2024 provides the policy framework and direction to plan for the sustainable supply of housing. The strategy identifies four themes relevant to the Amendment including Theme B – *Design*

2.6.1 Planning Scheme Amendment C201 - Environmentally Sustainable Development - Adoption (Cont.)

Greater Dandenong Planning Scheme Amendment C201 | Panel Report | 18 September 2018

and Diversity which carries the objective to “*improve the quality, design and environmental performance of housing*”.

The strategy recognises the current limited role of the building permit application process and identifies the opportunity for ESD standards to be introduced through the planning permit application process. Although the *Planning and Environment Act 1987* and the VPPs support ESD the strategy notes “*the state government has not mandated comprehensive ESD standards or application requirements as part of the planning permit application process*”. In this context, the strategy identifies work undertaken by local governments in leading the introduction of mandatory sustainability requirements through the creation of the CASBE and the SDAPP program. Council, as a member of CASBE, has successfully trialled the introduction of SDAPP since 2010. The strategy identifies that:

Incorporating the SDAPP program into the Greater Dandenong Planning Scheme, via an ESD policy in the LPPF, offers the greatest potential to improve the sustainability of new residential development.

A firm commitment is made to prepare the Amendment in accordance with the recommendations of the Advisory Committee and Panel into Environmentally Efficient Design and Local Policy.

Advisory Committee and other Panel reviews

Council submitted that the Amendment built upon the collaborative process undertaken by the Cities of Banyule, Moreland, Port Phillip, Stonnington, Whitehorse and Yarra and the Advisory Committee and Panel into Environmentally Efficient Design and Local Policies that considered amendments to introduce ESD policy into their planning schemes. Similarly, the Amendment follows processes undertaken by Monash, Darebin and Manningham Councils to introduce ESD policy into their planning schemes.

Both the Advisory Committee and other Panel processes have found that the introduction of a local ESD policy is appropriate and a consistent approach until such time as the state government determines to introduce a state-wide planning policy position relating to ESD.

All of these Councils now have local planning policy relating to ESD in their respective planning schemes. Generally, these local policies are very similar to each other with only subtle variations to ESD reporting thresholds that are linked to the particular circumstances of each municipality.

The Amendment is proposing a similar type of ESD local planning policy. The Panel notes that each Council has included an expiry date (30 June 2019) with their respective ESD policy which is also proposed under the Amendment.

Overall, the Panel finds the Amendment is strongly supported by existing Council policy and other Advisory Committee and Panel processes and reviews which have generally supported the recognition and introduction of local ESD planning policy.

2.6.1 Planning Scheme Amendment C201 - Environmentally Sustainable Development - Adoption (Cont.)

Greater Dandenong Planning Scheme Amendment C201 | Panel Report | 18 September 2018

2.2 Ministerial Directions and Practice Notes

Ministerial Directions

Council submitted that the Amendment meets the relevant requirements of:

- Ministerial Direction 11 (Strategic Assessment of Amendments)
- Ministerial Direction on the Form and Content of Planning Schemes under section 7(5) of the Act
- Ministerial Direction 9 Metropolitan Strategy (*Plan Melbourne*).

Planning Practice Notes

Council submitted that the Amendment is consistent with:

- Planning Practice Note 4 (PPN4) Writing a MSS, June 2015
- Planning Practice Note 8 (PPN8) Writing a Local Planning Policy, June 2015
- Planning Practice Note 46 (PPN46) Strategic Assessment Guidelines, August 2018.

The Panel notes that an updated version of the Ministerial Direction on the Form and Content of Planning Schemes was gazetted on 30 July 2018 as part of the prelude to the structural changes to planning schemes introduced under Amendment VC148. Although the Panel has not considered the implications for the Amendment in detail, it has undertaken a brief review of the changes proposed under the Amendment against the Ministerial Direction. The Panel considers that, given the Amendment proposes changes to an existing MSS policy and the introduction of a new local planning policy, the Amendment is generally consistent with the Ministerial Direction.

The Panel agrees the Amendment is generally consistent with the above Ministerial Directions and Planning Practice Notes.

2.3 Conclusion

The Panel concludes that the Amendment is supported by, and implements, the relevant sections of the PPF and LPPF and is generally consistent with the relevant Ministerial Directions and Practice Notes. The Amendment is well founded and strategically justified, and the Amendment should proceed subject to addressing the more specific issues raised in submissions as discussed in the following chapter.

2.6.1 Planning Scheme Amendment C201 - Environmentally Sustainable Development - Adoption (Cont.)

Greater Dandenong Planning Scheme Amendment C201 | Panel Report | 18 September 2018

3 Policy thresholds

3.1 The issue

The proposed Clause 22.06 local policy includes a Table relating to ESD application requirements. As exhibited, the policy requires an ESD assessment for residential development commencing from five dwellings. Submitters considered this threshold level for triggering the requirement for an ESD assessment inadequate for requiring residential development to achieve ESD outcomes.

The key issue is what scale of development should trigger the application of the policy, with most submissions suggesting the proposed Amendment was not ambitious enough.

In response, Council, at its meeting on 28 May 2018 resolved to make a post exhibition change to the Amendment to reduce the residential application threshold from five to three dwellings. Council considered this would resolve 163 submissions (87 per cent).

The question is whether the policy threshold requiring ESD assessment of residential development is adequate.

3.2 Submissions

The majority of submitters (163) proposed the ESD policy should apply to three or more residential dwellings as applies in the Cities of Monash, Banyule and Whitehorse. Submitters considered *“there is no good reason why we should have the weakest ESD Amendment in Melbourne”* (Submitters 130 to 193). The City of Darebin’s submission noted that whilst its own policy previously applied to five or more dwellings, the Council has since started to assess applications of three or more dwellings.

Twenty-four submissions¹ proposed that the policy apply to all residential development. Submitters considered that Council should look beyond what other Councils have done regarding application of ESD requirements and apply the ESD policy to all new dwellings in an attempt to take action on climate change, minimise loopholes and introduce a policy that is as strong as possible in setting the bar relating to carbon neutrality and sustainability.

One submitter (Submitter 63) considered the policy should be further extended to apply to all development types including rentals to achieve sustainability outcomes needed to tackle climate change in Greater Dandenong.

In responding to the unresolved submissions, Council considered the costs, benefits and the effects on statutory planning administrative efficiencies for implementing reduced thresholds that would result in a higher number of ESD assessments to be considered for permit applications. Council’s concerns related to the effect of more significant administrative and resourcing issues across its planning department.

Council considered an analysis of the effect of the threshold levels for application requirements of the ESD policy on staffing resources and costs as follows:

¹ Submitters 49, 50, 48, 52, 53, 57, 58, 59, 64, 68, 72, 73, 74, 76, 77, 78, 79, 81, 82, 83, 84, 92, 93, 102

2.6.1 Planning Scheme Amendment C201 - Environmentally Sustainable Development - Adoption (Cont.)

Greater Dandenong Planning Scheme Amendment C201 | Panel Report | 18 September 2018

- As exhibited (at five dwellings): 115 additional days that can be managed with existing staffing levels
- At three dwellings: 164 additional days or additional 0.63 Full Time Equivalent (FTE) staff at a cost of \$51,500 per annum
- At two dwellings: 217 additional days or additional 0.83 FTE staff at a cost of \$67,854 per annum
- At one dwelling: 293 additional days or additional 1.12 FTE staff at a cost of \$91,563 per annum.

Council considered that costs to applicants were not unreasonable and found that, based on evidence provided to the Advisory Committee and Panel process for the combined amendments, introduction of ESD requirements for residential and non-residential development would achieve the following²:

- *Benefits outweigh costs by up to 6.8 times*
- *Sustainability measures had payback periods between 1.8 and 4.9 years*
- *Benefit cost ratio is considered 'highly to extremely' cost-effective.*

Citing the findings from the previous Advisory Committee that Councils should be able to set their own thresholds based on their own context, Council submitted it had done so based on its "*development profile and its ability to manage assessments*". In addition, Council focused on resolving the majority of submissions and ensuring that residential assessment thresholds align with other middle ring Councils.

The Panel requested Council explain why thresholds in Table 1 relating to gross floor areas vary from those applied in other middle ring municipal planning schemes such as Monash, Whitehorse and Manningham. The gross floor area thresholds provided in the Amendment commence at 1,000 square metres, whereas in the Monash, Whitehorse and Manningham schemes, the thresholds commence at 500 square metres. In response to this, Council cited the Advisory Committee's findings and resource implications, and submitted that the majority of non-residential development applications are significantly large (5,000 square metres), with all such applications that have been assessed under its SDAPP program having an average gross floor area greater than 5,000 square metres.

The Panel requested Council provide advice regarding any alternate assessment pathways that could be considered if the residential threshold levels were increased that could require less Council resources. Council listed a number of efficiency measures it had implemented to streamline the assessment of planning applications. These measures included:

- For the applicant – self-assessment tools, ESD report templates and adopting the SDAPP framework.
- For Council – a conditions manual with standard conditions, the use of planning application software to generate referral templates and an education program for statutory planners.

In addition, Council identified a number of further measures which were being investigated including:

² Expert evidence from Pitt & Sherry Benefit Cost Analysis Report, 2013 referenced by the Advisory Committee and Panel into Environmentally Efficient Design and Local Policies Report, 2014.

2.6.1 Planning Scheme Amendment C201 - Environmentally Sustainable Development - Adoption (Cont.)

Greater Dandenong Planning Scheme Amendment C201 | Panel Report | 18 September 2018

- *Development of an assessment checklist for statutory planners to use when undertaking a preliminary assessment of small planning applications required to address the Policy. It provides step-by-step guidance for statutory planners to cross-check between a submitted SDA, whether the measures in the SDA meet the objectives of the policy, and whether they are consistent with the Town Planning Drawings and supporting documents.*
- *Further updates to the standard conditions manual, request for information text and Statutory Planning Delegate Report to reflect smaller development assessment triggers.*
- *Upgrades to planning application processing software to streamline referral notification timeframes and record ESD application data.*
- *Transition the assessment responsibility of small applications (3-5 residential dwellings) to statutory planners. The Sustainability Planner will assess all other large/complex applications and provide technical support to statutory planners.*

3.3 Discussion

The Panel notes that the Amendment formalises Council's current voluntary approach towards implementing ESD requirements with the inclusion ESD application requirements down to residential development comprising five or more dwellings and proposes a further reduction of the threshold level from five to three dwellings. The Panel considers reducing the threshold levels to three dwellings appropriate and is a reasonable response to the issues raised in the majority of submissions to the Amendment. Revising the policy in this way will still allow the most significant development to be covered by the ESD policy by virtue of it requiring a planning permit.

Further reducing the threshold levels under proposed Clause 22.06 presents challenges for single dwellings, where in much of the context of residential zones no planning permits may be required, effectively omitting the application of the local ESD policy. The Panel acknowledges that the proposed Clause 22.06 is a local planning policy. It is not a control nor does it require planning permits. It is a policy that only becomes active upon another provision of the planning scheme triggering the need for a planning permit hence it is not the panacea for all development to achieve ESD outcomes. The Advisory Committee and Panel recognised this constraint by identifying the need for a state-wide approach towards achieving ESD that is integrated with the building approval process and the desirability of including a sunset clause into the policy.

The Panel does, however, accept the findings of the Advisory Committee and the other Panels that thresholds can be set by Councils to suitably address their unique context. Whilst there may be similarities with other middle ring municipalities, the Panel accepts that Greater Dandenong can select the thresholds that best suit its context. Whilst resourcing constraints is a practical consideration, it cannot be the overriding factor for implementing policy. The Panel recognises the work undertaken by Council to ensure its internal and external processes are streamlined and efficient and notes that this includes the Built Environment Sustainability Scorecard (BESS), which is free to use, as a tool with the ability to

2.6.1 Planning Scheme Amendment C201 - Environmentally Sustainable Development - Adoption (Cont.)

Greater Dandenong Planning Scheme Amendment C201 | Panel Report | 18 September 2018

assess applications of any size which could potentially assist any developers wishing to voluntarily assess their proposals.

The Panel also has identified some minor typographical errors in the current wording of the Amendment and has provided recommendations to address these.

The Panel notes that corrections are required to Strategies 1.2 and 1.3 of Clause 21.05-3.

3.4 Conclusions

The Panel concludes that the post exhibition change to the dwelling threshold proposed by Council is appropriate and presents an acceptable response to submissions to the Amendment.

3.5 Recommendations

The Panel recommends:

- 1. Amend Strategy 1.2 in Clause 21.05-3 to read:**
 - a) *Encourage all development to adopt and incorporate water sensitive urban design principles.***
- 2. Amend Strategy 1.3 in Clause 21.05-3 to read:**
 - a) *Encourage all development to maximise passive design opportunities to create quality living and working environments.***
- 3. Amend the first dot-point in the first Column of Table 1 – ESD Application Requirements in Clause 22.06-4 to read:**
 - a) *3 – 9 dwellings; or***

2.7.1 Response to Notice of Motion No. 39 - To develop an efficiency and effectiveness program for Capital Works

File Id:

Responsible Officer:

Director Engineering Services

Attachment:

Notice of Motion No. 39 (Council Meeting Minutes
27 November 2017 – Minute No. 486)

Report Summary

The purpose of this report is to provide a response to the NoM 39. The objective of the investigation was to review Council's delivery of its capital works to determine how efficiencies can be realised for reinvestment back into the organisation.

Recommendation Summary

This report recommends that:

- all of the audit recommendations be adopted to form an implementation plan and be completed by 30 June 2019.
- the progress of implementation of the audit recommendations be regularly reported on to the Audit Committee.

2.7.1 Response to Notice of Motion No. 39 - To develop an efficiency and effectiveness program for Capital Works (Cont.)**Background**

This Notice of Motion requested a report to be brought back to Council to consider how efficiencies could be realised and reinvested back into the organisation through the delivery of capital works. This review was to include an examination of other Victorian Councils and a plan to implement needed changes.

Since then an internal audit scope was developed and issued to Council's auditors, Crowe Horwath. Their audit report was recently completed and presented to Council's Audit Committee for consideration and action.

Overall, the auditors found that the current controls in place providing for fair value in procurement by Council, could be strengthened. The audit identified a range of controls that should be implemented and improved to reduce the identified weaknesses and exposures.

Accordingly there were a number of low and medium risk recommendations to be considered. In the report these were numbered 3.1 to 3.6 and are reproduced as follows.

3.1 Improving transparency and understanding of procurement systems and user confidence.

- *That indicators be developed to measure performance*
- *That a procurement performance internal report be provided annually*

Response: Agreed

Corporate Services will be looking at a number of means to access indicator data, much of which can be provided through existing software systems such as the financial management system, and the capital program management system.

3.2 Ensuring effective stakeholder engagement

- *That the "Capital Works Information Guide" should be amended to address greater stakeholder engagement*

Response: Agreed and underway

This is acknowledged as a worthwhile next step in the ongoing development of the capital works bidding and delivery processes. There are some engagement systems that will be explored such as the current capital project management system. This system is being amended to accord with any changes to the Capital Works Information Guide.

3.3 Increased scrutiny of project specification approval

- *That the Capital Works Information Guide should be further developed to ensure final project specifications are solidified*

Response: Agreed and underway

2.7.1 Response to Notice of Motion No. 39 - To develop an efficiency and effectiveness program for Capital Works (Cont.)

This can be implemented through the capital program management system.

3.4 Need to strengthen processes for approving costs and formal post project review.

- *Develop guidelines for acceptable estimate variations*
- *Undertake sample post project cost reviews*
- *Compare cost estimates to similar projects*

Response: Agreed

Guidelines will be developed and recorded in the capital program management system.

3.5 Enforcing cut off for submission of capital works bids

- *Align all capital submissions to the same deadlines*
- *Defer late bids to the following year*

Response: Agreed and being implemented

The Councillor bid process and deadlines have been aligned with the overall organisation dates starting this year. The capital works conversations have already started in preparation for this bidding phase. Bid cut off dates have been set by Director Engineering Services in the annual email invite to submit bids at 12 November 2018.

3.6 Developing alternative methods of project delivery

- *Review and then amend the Sporting Capital Contributions Policy*

Response: Agreed

This policy is due for review in 2019 and the Sport and Recreation Unit is giving consideration to bringing this forward to align with the response to these audit findings.

Community Plan 'Imagine 2030'

An efficient and effective capital project delivery process supports community priorities such as Pride in the City, Transport, Safety and Physical Appearance. The more efficiently the necessary infrastructure is delivered the greater quality and quantity of assets can be delivered for a given budget.

Council Plan 2017-2021

The Council Plan describes the kind of future the Council is working for, and how Council will do this over four years. This report is consistent with the following goals:

An efficient and effective capital project delivery process goes to the heart of the Council Plan's sixth objective, an open and effective Council. The outcomes of a well delivered capital program underpin all of the other Council Plan objectives.

2.7.1 Response to Notice of Motion No. 39 - To develop an efficiency and effectiveness program for Capital Works (Cont.)

Related Council Policies

The Procurement Policy is integral to the delivery of capital works through the City Improvement Program.

Victorian Charter of Human Rights and Responsibilities

The delivery process for capital works is not impacted by this charter but the outcomes of the program have a big impact on addressing the community's rights to Freedom, Respect, Equality and Dignity.

Financial Implications

Continuous improvement in the efficient delivery of capital works will reduce the stress on the annual budget by allowing more to be done from the same resources. In the short term no direct financial impact is expected but it is anticipated that higher quality and greater quantities of projects can be delivered.

Consultation

This report was prepared with the assistance of the Corporate Services Directorate and the Audit Committee.

In addition the Audit Report on which this report is based was subject to extensive consultation with staff, project stakeholders, Councillors and other municipalities.

Conclusion

The audit report and feedback from the Audit Committee has been useful to understand the opportunities to improve Council's efficiency and effectiveness in the delivery of its capital works from which a number of actions have been identified. These actions are supported and are either in place now or are being developed.

It is noted that these actions go beyond the basic financial management and procurement process but also take into account how projects are delivered once tendered in particular, how they match the stakeholder's expectations through the delivery process and after project handover.

The overall collection of recommended actions should be programmed into the coming year to be complete by June 2019 and should be subject to regular progress reporting to the Audit Committee.

Recommendation

That:

- 1. all of the audit recommendations be adopted to form an implementation plan and be completed by 30 June 2019.**
 - 1.1. the progress of implementation of the audit recommendations be regularly reported on to the Audit Committee.**

City of Greater Dandenong

ORDINARY COUNCIL MEETING MINUTES

MONDAY, 27 NOVEMBER 2017

3.2 Notice of Motion No. 39 - To develop an Efficiency and Effectiveness Program for Capital Works

Responsible Officer: Director Engineering Services

Author: Cr Maria Sampey

Preamble

On many capital works projects undertaken by the City of Greater Dandenong there is scepticism among the community over why they are so expensive. This is particularly the case on projects that should be straight forward like kitchen upgrades, sporting pavilion minor upgrades and similar projects that often are less than \$1 million.

Other cities have looked at their processes for small-medium projects and found ways to reduce their cost meaning that their ratepayers get better value for money. The City of Greater Dandenong has in the case of works at Frank Holohan's Reserve, got clubs to run projects saving Council money. So it can be done.

Motion

That a Report come to Council no later than April 2018 with the results of a review of council's efficiency and effectiveness on the delivery of capital works to determine how efficiencies can be realised and reinvested back into the organisation . As part of developing the report officers should also examine other Victorian Councils (including any neighbouring ones) that are doing this. The report would also include a plan to implement needed changes.

LGBTI Initiatives – Comparison across Councils

Report Summary

This report responds to Notice of Motion No. 40 tabled at the Council meeting 11 December 2017, that called for recommendations for potentially improving the recognition of, inclusion of and community understanding of our Lesbian Gay Bisexual Transgender Intersex (LGBTI) community within Greater Dandenong.

This report includes a comparison of approaches by other Melbourne Councils and findings from consultations with local LGBTI reference groups and service providers. The report offers recommendations to enable discussion and future planning of potential initiatives aimed at potentially improving the recognition of, inclusion of and community understanding of the Greater Dandenong LGBTI community. The report was due to go before Council in April 2018 however a later date was agreed to by Councillors due to the level of research required.

Recommendation Summary

This report proposes that Council approves the recommended actions which are based on research of national policies, best practices and consultation from a range of sources and organisations working with the LGBTI community.

2.7.2 Response to Notice of Motion No. 40 - Improving the Recognition, Inclusion and Understanding of our LGBTIQ Community within Greater Dandenong (Cont.)**Background**

In Australia, the Commonwealth Government uses the initials 'LGBTI' to refer collectively to people who are lesbian, gay, bisexual, transgender and/or intersex. The term 'LGBTI' combines sexuality (lesbian, gay, bisexual) with gender identity (transgender) and gender characteristics (intersex). The letters Q+ are sometimes added representing the word queer, a broad umbrella term for anyone who may identify as being either gender, sexually and/or bodily diverse or questioning. ABS data indicates that 11 percent of Australians identify as LGBTI. If this percentage was applied to Greater Dandenong it equates to approximately 17,000 residents.

There is little population-wide data portraying the demographic characteristics of LGBTI people in Australia, or data which outlines explicitly of their unmet needs, challenges and issues they face. When this is coupled with invisibility and absence of LGBTI relationships in governmental policy and service responses, the overall health and wellbeing outcomes for LGBTI people is poor.

Existing data and evidence indicate that LGBTI people continue to face significant discrimination in receiving health services and equal protection from law and justice. They also experience family and domestic violence at similar rates as people identifying as heterosexual and people who identify with the sex that was assigned to them at birth. Lifetime experiences of violence and abuse resulting in higher rates of physical and mental health problems are significantly higher for LGBTI people. They are two to three times more likely to experience depression and anxiety than the broader community.

National Reforms and Initiatives

Over the past decade there have been changes in LGBTI rights, with extensive reforms to same-sex relationship recognition, anti-discrimination laws, policies and initiatives at the Commonwealth level. Specific examples are:

- LGBTI people recognised as a special needs group by the *Aged Care Act 1997*.
- National LGBTI Health Alliance launched August 2007.
- Australian Workplace Equality Index (AWEI) launched November 2010 – the definitive national benchmark on LGBTI workplace inclusion.
- Federal protection from both direct and indirect discrimination through 1 August 2013 amendment to the *Sex Discrimination Act 1984*.
- The Safe Schools Coalition program focusing on challenging bullying and discrimination of the LGBTI community within a school setting operated from 2014-17. This program has now ceased nationally and has been replaced by a broader anti-bully initiative which is inclusive of students who identify as LGBTI.
- Marriage laws amended in December 2017 to recognise marriage as a union between two people irrespective of sex and gender.

2.7.2 Response to Notice of Motion No. 40 - Improving the Recognition, Inclusion and Understanding of our LGBTIQ Community within Greater Dandenong (Cont.)**Victorian Reforms and Initiatives**

Victoria has led LGBTI reform and over the past two decades has taken progressive steps for recognition, inclusion and protection of LGBTI rights. Specific examples are:

- The prohibition of discrimination based on sexual orientation and gender identity under the *Equal Opportunity Act 2000*.
- The Safe Schools Coalition program focusing on challenging bullying and discrimination of the LGBTI community within a school setting was initiated in Victoria in 2010 and operated as national program from 2014-17. Although this program has ceased nationally, it still continues to operate in Victoria.
- Victoria Police LGBTI Liaison Officer's (GLLO) program. Every major police station has one full time GLLO and there are more than 230 portfolio GLLOs across the State.
- The Department of Premier and Cabinet's (DPC) establishment of an LGBTI Taskforce to ensure policy, programs and services are inclusive of LGBTI communities.
- The Municipal Association of Victoria's (MAV) support for the LGBTI community and recognition of marriage equality as a human right. The MAV supports Councils through:
 - individual support
 - review of diversity plans
 - 'Diversity in Community Care' eNewsletter
 - facilitation of training and professional development
 - showcasing best practices
 - providing input into government policy and planning, and facilitating partnerships and networking.
- The Victorian Local Governance Association's (VLGA) development of a Rainbow Working Group (RWG) that comprises a mix of councillors, officers and other stakeholders. The RWG is chaired by the President of VLGA with administrative support provided by VLGA.
- The MAV in 2014 developed, in partnership with Latrobe University, a 'HACC PACK' to assist Home and Community Care services become more responsive to the needs of LGBTI older people and people with disabilities through the provision of education and resources for staff working in this area. Development of the pack was funded by Victorian Government Department of Human Services (DHS). CGD's Community Care staff, including Direct Care Workers, undertook the 'How to create inclusive services' in 2015.
- Formerly known as Gay and Lesbian Health Victoria, GLHV is a LGBTI health and wellbeing policy and resource unit. GLHV is funded by the Victorian Government and sits within the Australian Research Centre in Sex, Health and Society (ARCSHS), La Trobe University. GLHV is committed to improve the health and wellbeing of LGBTI Victorians and the quality of care they receive. GLHV is a peak state body that provides programming, training, resources and research and policy support to government and non-government bodies.
- Youth Affairs Council of Victoria (YACVic) \$6 million Healthy Equal Youth (HEY) Project Grant seeks to raise awareness, promote diversity, eliminate stigma and discrimination and improve the overall mental health of the LGBTI young people in Victoria. CGD has previously received

2.7.2 Response to Notice of Motion No. 40 - Improving the Recognition, Inclusion and Understanding of our LGBTIQ Community within Greater Dandenong (Cont.)

HEY funding grants. \$12.3 million Engage! (2018-20) Program also supports diverse groups of young people and with some recipients using the funds to support LGBTI young people.

Local Government Initiatives

36 Victorian Councils have identified LGBTI as a community with specific needs in their Council documents and plans, with five having a separate policy or statement of commitment for their engagement with the LGBTI community. Three Councils have attained Rainbow Tick (RT) accreditation for their aged-care services. The RT accreditation program supports organisations to understand and implement LGBTI inclusive delivery and provide national recognition that meet the RT standards. RT accreditation is a lengthy process with costs involved (between \$6,000-\$18,000) based on the scope of the accreditation, whether departmental or organisation-wide.

11 Councils have a separate working group or advisory committee specific to the LGBTI community. Fifteen Councils are considering developing an LGBTI community plan or strategy in the future.

In the absence of specific directives and legislation at Federal and State levels to ensure inclusive services for the LGBTI community, Local Governments have struggled to channel funds and services through existing structures. Most Local Governments actively working in this space have programs based on needs and concerns raised by community members. The technical and financial assistance for these programs are often provided by peak national and State non-government bodies and/or by community based advocacy organisations. Research indicates that discrimination can be institutionalised through lack of knowledge about the needs of the LGBTI people and the skills to address them.

As displayed in Attachment 1, Table 1 and the accompanying Figure 1 represent a comparison of Victorian Councils' activities in relation to LGBTI initiatives. An explanation of the ten criteria used to compare the Councils, immediately follows the table in the attachment.

The report also provides examples of specific Council initiatives.

Among the Victorian Councils, the following have policies, programs and services that are inclusive of LGBTI people: Banyule, Bass Coast Shire, Colac Otway Shire, Darebin, East Gippsland Shire, Frankston, Glen Eira, Greater Shepparton, Kingston, Knox, Manningham, Maribyrnong, Maroondah, Mitchell Shire, Moonee Valley, Moreland, Nillumbik Shire, Port Philip, Stonnington and Yarra Councils.

The following are some examples of the different types of LGBTI activities in Councils:

City of Greater Geelong (CGG)

The CGG formed an LGBTI Youth Group called the Gender And Sexuality Project (GASP) in 1996 and continues to work with over 250 LGBTI young people in the region. Over the past 20 years, support has continued to build up for GASP with State Government funding being made available in 2010 to deliver a pilot program to prevent youth suicide. CGG then provided recurrent funding to GASP, and provided a Youth Action Team, weekly social and support groups, fortnightly trans and gender diverse group, youth led advocacy groups, support groups for parents and individual counselling programs.

2.7.2 Response to Notice of Motion No. 40 - Improving the Recognition, Inclusion and Understanding of our LGBTIQ Community within Greater Dandenong (Cont.)***City of Melbourne (COM)***

COM has a mutually beneficial sister city relationship with St Petersburg since 1989. In 2016 an approach was made to Midsumma Festival to develop a creative concept linking both cities and their respective LGBTI communities. An evening of discussion was delivered in 2016 dealing with the following topic areas: Understanding worldwide 'gay propaganda' laws; Homophobia as a world issue; What's occurring in other countries?; and Leadership in organisations around LGBTI examples. The discussion was recorded and has been aired on radio around the world.

Nillumbik Shire Council (NSC)

In 2015, Council staff at NSC met with two mothers who identified as lesbian. They stated their frustration at their family being provided with a 'Fathers Pack' which didn't adequately meet their needs as a family. Council staff then established a 'Rainbow Families' playgroup in order to create a space in which rainbow families could network on family and parenting issues. Council contacted other rainbow families in the area and the group grew in numbers and is now independent of council. Council then reviewed the parent packs to ensure the language was inclusive and rainbow family posters were being displayed in foyers and meeting areas where community meet.

City of Darebin (COD)

COD formed an LGBTI Advisory Committee named the Sexuality, Sex and Gender Diversity Advisory Committee (SSGDAC) to engage with the Aged and Disability sector through COD's Aged and Disability Department. The SSGDAC embarked on new projects for the LGBTI community commencing with an appropriate LGBTI movie screening as part of the Seniors Month. This was followed by members of the community agreeing to have their photo taken for a 'Darebin's coming out' banner that could be used at events and the Pride March. The Seniors Month now has permanent allocation of LGBTI activities. Games and social afternoons for older lesbians commenced in 2015 as part of the Darebin Seniors Festival.

City of Stonnington (COS)

COS's Aged Services Department began working to develop inclusive services to meet the needs of older LGBTI residents and were successful in the pilot of the Rainbow Tick (RT) audit. COS has developed an Action Plan to guide the development and implementation of their objectives of improving inclusion, recognition and community understanding of LGBTI residents. COS has successfully completed their second RT accreditation.

City of Maroondah (MCC)

In December 2014, MCC through an ordinary council meeting, committed to be recognised as an LGBTI inclusive organisation. This has been incorporated into the corporate values of MCC. MCC uses a three pronged approach to improve inclusion of, recognition of and community understanding of its LGBTI community. For inclusion, MCC signed on to the 'No to Homophobia' campaign in February 2015. MCC as an organisation has taken the pledge to 'Stand up against Homophobia, biphobia and transphobia. Always.'. For recognition, MCC raises a rainbow flag on 17 May every year to celebrate IDAHOT day. For improving community understanding, MCC was represented at

2.7.2 Response to Notice of Motion No. 40 - Improving the Recognition, Inclusion and Understanding of our LGBTIQ Community within Greater Dandenong (Cont.)

the 2016 Victorian Pride March, and continues this activity each year. Community members have the opportunity to march alongside Council staff under the banner of MCC, uniting Maroondah's LGBTIQ community and supporters, and publicly showing support for Maroondah's LGBTIQ community.

City of Moonee Valley (COMV)

On 25 March 2014, COMV endorsed its Diversity, Access and Equity policy which highlighted the need to include and recognise LGBTIQ people as part of their diverse community. It also referred to the responsibility of COMV to end the discrimination and marginalisation of LGBTIQ people, and represent LGBTIQ people to challenge assumptions, build understanding and foster respect. In June 2015, COMV adopted its first LGBTIQ Action Plan which aimed to improve access and equity, acknowledge and celebrate the sexual and gender diverse community members and promote participation for all, regardless of sexuality or gender identity.

Policy and Initiatives in City of Greater Dandenong (CGD)

CGD has implemented the following policies, programs and practices:

- Since 2013, Youth and Family Services in an initial partnership with Headspace and the City of Casey have facilitated the Unite Alliance program to support LGBTIQ young people aged between 12-25 years old, who live, work, study or have connection with CGD. The program aims to develop young people's skills to deliver projects/events which create awareness and understanding of LGBTIQ in the broader community.
- The Diversity, Access and Equity Policy 2015 recognises diversity as an essential feature of all people and communities, which should be acknowledged, celebrated and respected. This policy recognises that diversity is inclusive of, but not limited to: age, gender, physical, sensory or intellectual ability, mental health, income or educational level, birthplace or cultural background, religious or other beliefs, sexual orientation, identity or status. This policy guides Council's efforts to address discrimination, promote inclusiveness, and foster community participation in social, civic and economic life. It applies to Council service planning and delivery, the development and planning of infrastructure, engagement and consultation with residents and all other related Council functions and organisational requirements.
- In May 2018 the Organisational Development team initiated an informal cross-council working group to discuss strategies to increase awareness among council staff and stakeholders on LGBTIQ issues.
- Council's Positive Ageing Advisory Committee (PAAC) was briefed by a representative of Val's Café, a program operated by GLHV in April 2018. This program promotes the health and wellbeing and social inclusion of older LGBTIQ people.
- Council premises and some council properties provide gender neutral toilets with more being planned for construction. Gender neutral toilets are an indicator of recognition and inclusion of gender diverse people so that they can access toilets without a judgment on gender. Out of around 50 toilet facilities managed by the City of Greater Dandenong, 27 have gender neutral toilets.

2.7.2 Response to Notice of Motion No. 40 - Improving the Recognition, Inclusion and Understanding of our LGBTIQ Community within Greater Dandenong (Cont.)

The Region

An LGBTI community reference group was established by *enliven* as an alliance of health and social services in the South East metropolitan area with the aim of communicating and responding to the needs of the LGBTI community in the region. This group is currently being expanded to be a regional reference group.

The South Eastern Centre Against Sexual Assault (SECASA) started sexuality workshops for the LGBTI community and others in 2002 and are still continuing. It consists of childhood sexual assault and its effect on sexuality, improving sexual self-concept and creating new meaning to sexuality.

Proposal

Based on research and consultations, the following actions are proposed for Council to discuss and endorse. These actions are based on best practices on what other councils, organisations and State Departments are currently providing or planning for the future.

1. Undertake community consultations to gain further understanding of community views.

Community consultations are expected to generate a better understanding on how facilities and services can provide equity in access and health outcomes through inclusion, recognition and representation of the LGBTI community concerns. Consultations will also allow for the broader community to have a voice so Council can better position its messages to improve community understanding of the LGBTI community. Community consultations are especially important for Greater Dandenong to recognise the diversity within the LGBTI community and the culturally and linguistically diverse (CALD) community, which makes up the majority of Greater Dandenong residents.

2. Include references to national, state and local support services for LGBTI community on the Council website and related publications.

It is important for the LGBTI community to be able to access services from locations that are sensitive and cognitive of their specific needs. These services are generally available through state peak bodies and specialist institutions that assigns significant emphasis on the health and wellbeing of the LGBTI population. Inclusion of this information will provide community members on where and how to access services. Access to information is a basic human right and this recommendation allows LGBTI community to access information about services through the Council website.

3. Encourage LGBTI community groups, or agencies supporting LGBTI recognition, inclusion and community understanding, to apply for state funded or local community grants.

National data estimates around 11 per cent Australians identify as LGBTI which could equate to around 17,000 Greater Dandenong residents. Owing to social complexities and intersectionality of issues within CALD communities, research indicates that the LGBTI population are hidden due to fear of social retribution. Council's collaboration with community groups and agencies can greatly

2.7.2 Response to Notice of Motion No. 40 - Improving the Recognition, Inclusion and Understanding of our LGBTIQ Community within Greater Dandenong (Cont.)

foster recognition of, inclusion of and community understanding of the LGBTI community and thereby improve equity, access and better health outcomes. This will also lead to increased communication between Council and the LGBTI community providing better responses from Council.

4. Conduct an internal audit of Council services using the GLHV inclusive practice audit tool or the Australian Workplace Equality Index (AWEI) tool.

A survey of Council staff in 2017 revealed staff lacked adequate knowledge and understanding around inclusion and recognition of the LGBTI community. The Diversity, Access and Equity Policy 2015 guides Council's efforts to address discrimination, promote inclusiveness, and foster community participation in social, civic and economic life. It applies to Council service planning and delivery, the development and planning of infrastructure, engagement and consultation with residents and all other related Council functions and organisational requirements.

Community Plan 'Imagine 2030' and Council Plan 2017-2021 – Strategic Objectives, Strategies and Plans

After consultation with the Greater Dandenong community on what kind of future they wanted to see for themselves and the City in 2030, the result was the Greater Dandenong Community Plan 'Imagine 2030'. This report is consistent with the following community visions:

Community Plan 'Imagine 2030'People

- *Pride* – Best place best people
- *Cultural Diversity* – Model multicultural community
- *Lifecycle and Social Support* – The generations supported

Place

- *Sense of Place* – One city many neighbourhoods
- *Safety in Streets and Places* – Feeling and being safe

Opportunity

- *Leadership by the Council* – The leading Council

Council Plan 2017-2021

The Council Plan describes the kind of future the Council is working for, and how Council will do this over four years. This report is consistent with the following goals:

People

- A vibrant, connected and safe community
- A creative city that respects and embraces diversity

2.7.2 Response to Notice of Motion No. 40 - Improving the Recognition, Inclusion and Understanding of our LGBTIQ Community within Greater Dandenong (Cont.)

Opportunity

- A diverse and growing economy
- An open and effective Council

The strategies and plans that contribute to these outcomes are as follows:

- Imagine 2030 Community Plan
- Asylum Seeker and Refugee Communities Action Plan 2018 – 21
- Council Plan 2017 – 21
- Community Safety Plan 2015 – 22
- Community Well Being Plan 2017 – 21
- Disability Action Plan 2017 – 23
- Positive Ageing Strategy 2017 – 2025
- Reconciliation Action Plan 2017 - 19
- Youth Strategy 2016 – 19

Related Council Policies

- Community Engagement Policy 2013
- Diversity, Access and Equity Policy 2015
- Appropriate Workplace Behaviours Policy 2017

Victorian Charter of Human Rights and Responsibilities

All matters relevant to the Victorian Human Rights Charter have been considered in the preparation of this report and are consistent with the standards set by the Charter.

The Victorian Charter of Human Rights and Responsibilities has been considered in the preparation of this report but is not relevant to its contents.

Financial Implications

There is no allocation in the Annual Budget for this purpose. Consideration for funding will need to be referred to the Mid-Year Review or next Annual Budget process.

Consultation

In preparation for this briefing, the following methodology was implemented to collect information:

- Literature review of national and international publications about LGBTI issues and publicly available documents from the DPC, Department of Health and Human Services (DHHS), Department of Justice and Regulation (DOJR), Department of Education and Training (DET), and other peak state agencies.

2.7.2 Response to Notice of Motion No. 40 - Improving the Recognition, Inclusion and Understanding of our LGBTIQ Community within Greater Dandenong (Cont.)

- Survey of 22 local government councils across metropolitan Melbourne and review of publicly available documents of all Victorian councils.
- Survey of 15 community groups which provide health and related services to the general community.
- Discussions with peak state agencies such as: MAV, VLGA, GLHV, Australian GLBTIQ Multicultural Council, LGPro, LINK Health, Community Services, and GLLO representatives from Victoria Police.
- Internally within the City of Greater Dandenong, consultation occurred with relevant staff from Community Services, Youth Services, Aged Care and Organisational Development; and Council's Multicultural Advisory Committee and Asylum Seeker and Refugee Advisory Committee.
- Several documents and papers were researched from organisations including federal, state and local peak bodies, universities and non-government organisations.

Conclusion

It is important for Council to recognise the specific concerns and needs of the LGBTI community to ensure services are accessible and inclusive. Further consultation is important to better acknowledge how this is currently being achieved and to identify the barriers and areas for improvement.

Recommendation

That Council:

1. **undertakes community consultations to gain further understanding of community views;**
2. **includes references to national, state and local support services for LGBTI community on the Council website and related publications;**
3. **encourages LGBTI community groups, or agencies supporting LGBTI recognition, inclusion and community understanding, to apply for state funded or local community grants; and**
4. **conducts an internal audit of Council services using the GLHV inclusive practice audit tool or the Australian Workplace Equality Index (AWEI) tool.**

Response to Notice of Motion No. 40 - Improving the Recognition, Inclusion and Understanding of our LGBTIQ Community within Greater Dandenong (Cont.)

Explanation of the columns:

These criteria were developed to form a basis for comparison across councils on how specifically each council included LGBTI in their policy and programs based on publicly available documents on each Council's website. As these are progressive criteria, some of the individual criterion may need to be looked at in conjunction with other criterion/criteria.

- Column A: Does a search on council website to any terms relating to LGBTI yield a result?
- Column B: Does council have a separate policy or plan in relation to LGBTI?
- Column C: Are there specific references to LGBTI in diversity, inclusion and/or social justice policies of council?
- Column D: Is LGBTI inclusion integrated in health, disability or any other policy of council?
- Column E: Does council have a working group/advisory committee for LGBTI or is it represented in regional networks?
- Column F: Does the council have specific programs/funded projects/grants in relation to LGBTI?
- Column G: Are the terms: gender or LGBTI, or any other related acronyms, used in the council plan or health and wellbeing documents?
- Column H: Are LGBTI identified as a community with specific needs that require specific recognition? This does not include celebration of International Day Against Homophobia and Transphobia (IDAHOT, also referred to as IDAHOBIT with the inclusion of the word Biphobia and Intersexism) day or flying of rainbow flags by councils.
- Column I: Does council have inclusive facilities and/or services that recognise LGBTI?
- Column J: Has the Council achieved Rainbow Tick accreditation?

Minutes of Meeting

Report Summary

At the Council meeting held 23 April 2018, Council resolved in part to *invite Advisory Committees and Reference Groups to submit meeting minutes for Council endorsement*. This resolution was in relation to allowing interested Councillors (and those that attend these Committees and Reference Groups) to speak to the meeting about items discussed at these meetings.

Recommendation Summary

This report recommends that the Minutes of the Disability Advisory Committee meeting provided in the Attachment to this report be noted and endorsed by Council.

2.7.3 Minutes of the Disability Advisory Committee Meeting - 20 August 2018 (Cont.)

Background

Greater Dandenong Council is represented on a wide range of Committees, Reference Groups and Advisory Groups which frequently reflect the interests of individual Councillors in serving the broader community in their role. A full listing of these appointments is confirmed each November at Council's Statutory Meeting and is available via Council's website.

The resolution of Council made on 23 April 2018 provides for Minutes of meetings held by Advisory Committees and Reference Groups to be submitted to Council for noting and endorsing.

As such, the Minutes are provided as Attachment 1 to this report.

Proposal

Community Plan 'Imagine 2030' and Council Plan 2017-2021 – Strategic Objectives, Strategies and Plans

After consultation with the Greater Dandenong community on what kind of future they wanted to see for themselves and the City in 2030, the result was the Greater Dandenong Community Plan 'Imagine 2030'. This report is consistent with the following community visions:

Community Plan 'Imagine 2030'

People

- *Pride* – Best place best people
- *Cultural Diversity* – Model multicultural community
- *Lifecycle and Social Support* – The generations supported

Opportunity

- *Education, Learning and Information* – Knowledge
- *Leadership by the Council* – The leading Council

Council Plan 2017-2021

The Council Plan describes the kind of future the Council is working for, and how Council will do this over four years. This report is consistent with the following goals:

People

- A creative city that respects and embraces diversity

Opportunity

- An open and effective Council

Advisory Committee or Reference Group Name: Disability Advisory Committee

Date of Meeting: 20 August 2018

Time of Meeting: 4pm - 5.30pm

Meeting Location: Dandenong Civic Centre, Rooms 2NE/NW, 225 Lonsdale Street, Dandenong

Attendees:

Committee: Phillip Toovey (Chair), Estell Carew, Julie Clarke, Leigh Ducane, Lionel Gee

Councillors: Councillor M Sampey (Part)

Council Officers: Mandy Gatliff, Jayne Kierce, Dianne Hebard (minute taker)

Apologies:

Councillor R Blades, Councillor A Long, Sharon Harris, Pradeep Hewavitharana, Jennifer La Brooy, Chris Stewart

Minutes:

Item No.	Item	Action	Action By
1.	Welcome and Introductions <ul style="list-style-type: none"> Welcome from the Chair Apologies noted 		
2.	Previous Minutes & Business Arising <ul style="list-style-type: none"> Not discussed 		
3.	NDIS Council decision <ul style="list-style-type: none"> Mandy explained the background and Council's decision not to register as an NDIS provider. A copy of the Council Report on the decision was distributed to the Committee An NDIS Transition Worker has been employed by Council to assist transitioning eligible clients to the NDIS and supporting them to test their eligibility Department of Health and Human Services (DHHS) is supportive of helping the transition Mandy explained how Council will help clients move to new providers, including some who have had the same care worker for some time. Care workers have the option of registering as an individual NDIS provider and Council will help them do that. Council will continue to provide Home and Community Care Program for Younger People (HACC-PYP) services (the program that supports people under 65 years of age) Julie queried how this would work with a person with sustained brain injury where showering is provided by a male Council worker. Mandy explained that the Transition worker will assist the transition, by working with the client and his mother. 		

2.7.3 Minutes of the Disability Advisory Committee Meeting - 20 August 2018 (Cont.)

	<ul style="list-style-type: none"> Discussed Council's role to help the community transition to NDIS Council can publicise NDIS information sessions on its website Phillip asked about Council advocating for others in relation to the low hourly rate for particular services. Mandy asked for examples to be provided (good and bad) as case studies, to build a register of how the program is affecting residents. 	Provide case studies to Mandy	All of Committee
4.	<p>All Abilities Playground</p> <ul style="list-style-type: none"> Jayne summarised the feasibility study on parks, requested by a Councillor Consultants looked at three parks – Hemmings Park, Dandenong Park and Tattersson Park Various issues, including problems with transport to some of those parks were identified as part of the feasibility study. Ross Reserve was identified as an alternate preferred site due to the integration with other facilities (NPAC), the new green space underneath the new railway line and access to public transport Council is supportive of an all abilities playground at Ross Reserve Tender has gone out for design of an all abilities playground. Noted that Council does not have money to construct and will need to explore other funding opportunities. Design will be for all abilities, not just physical abilities There will be significant community consultation during the development of the design, expected to commence in October Jayne asked the Committee for input into: <ul style="list-style-type: none"> what is important for a park and who should be included in the consultation. Phillip mentioned the issue of suitable toilets and whether the Noble Park Aquatic Centre (NPAC) toilets would be close enough to be used Phillip said this sounds promising and on behalf of the Committee expressed support and a thank you for the good work 	Provide input to Jayne of what is important and who to consult by 5 October	All of Committee
5.	<p>NDIS rollout</p> <ul style="list-style-type: none"> Rollout in this region is less than two weeks away Delayed announcement of the Local Area Coordinator (LAC) who is Latrobe Community Health Service. It was noted that Latrobe has already held some "101" information sessions Leigh (DAC member) will have his plan done in two weeks' time and has agreed to provide feedback on the process to the Committee at the next meeting It was noted that Southern Melbourne is one of the largest regions to roll out with an expected number of 10,700 participants With such a significant change to the service system with the NDIS rollout it is likely there will take significant time for the system to iron out any unintended consequences. It was noted that some service providers already have concerns about inadequate funding for some services or how participants with very complex needs are 	Leigh to provide feedback on his individual experience with the NDIS planning process at next meeting	Leigh Ducane

2.7.3 Minutes of the Disability Advisory Committee Meeting - 20 August 2018 (Cont.)

	<p>navigating the new system.</p> <ul style="list-style-type: none"> There was a discussion about the importance of having a strong peak body at times of significant change. The main peak body for disability service organisations is National Disability Services (NDS). There was discussion that some primary carers/families are also concerned and uncertain about the change. Disability worker registration scheme was recently introduced by the Victorian Government Whilst there are concerns about the implementation of the scheme for some individuals there are also positive stories from people who have transitioned It was agreed to keep a watching brief on how the NDIS is rolled out in CGD and provide the DAC with feedback on both the successes and problems with the NDIS. If necessary the DAC could then provide advice to Council for the need for Council advocacy on behalf of its residents. 	All members to bring any feedback on any specific issues regarding the CGD NDIS rollout	All of committee
6.	<p>Wheelchair Sports Day</p> <ul style="list-style-type: none"> Wheelchair Sports Day was held on 14 July at Springers, with the YMCA 50 people participated in six different sports Six people have since come together and commenced a social focussed badminton group, meeting weekly. Council will review in 10 weeks' time and also do some advertising for others to join 		
7.	<p>International Day for People with a Disability</p> <ul style="list-style-type: none"> International Day is held on 3 December each year If any organisation is doing anything for the Day, Council can promote the activity The Committee were asked what can Council do to raise it as an issue and celebrate it Suggestion by Estelle to celebrate the day by having different cultures doing different things, celebrate diversity around disabilities. Cr Sampey asked where it would be celebrated, highlighting parking issues at some venues Julie mentioned VALID's "Have a Say" conference which gives people a chance to speak up about issues Mandy sought input and feedback from the Committee Council could facilitate events and make contact with agencies and multicultural groups Phillip suggested Mandy send an email as a starter, for example, seeking themes around different cultures 	<p>Advise Mandy of any activities, for Council to advertise</p> <p>Email Committee</p> <p>Send back ideas for events for the Day</p>	<p>All of Committee</p> <p>Mandy</p> <p>All of Committee</p>
8.	<p>Other Business</p> <ul style="list-style-type: none"> Estelle mentioned the steps to the park at the corner of Langhorne and Lonsdale streets are lacking contrast. Jayne will follow up with the appropriate Council officers. Next meeting will commence 3.30pm to allow Councillors to attend an event later that afternoon 	<p>Report issue</p> <p>Change in time for next meeting</p>	<p>Jayne</p> <p>All of Committee</p>
9.	<p>Close</p> <ul style="list-style-type: none"> Meeting closed 5.15pm

Proposal

Community Plan 'Imagine 2030' and Council Plan 2017-2021 – Strategic Objectives, Strategies and Plans

After consultation with the Greater Dandenong community on what kind of future they wanted to see for themselves and the City in 2030, the result was the Greater Dandenong Community Plan 'Imagine 2030'. This report is consistent with the following community visions:

Community Plan 'Imagine 2030'

People

- *Pride* – Best place best people
- *Cultural Diversity* – Model multicultural community
- *Lifecycle and Social Support* – The generations supported

Opportunity

- *Education, Learning and Information* – Knowledge
- *Leadership by the Council* – The leading Council

Council Plan 2017-2021

The Council Plan describes the kind of future the Council is working for, and how Council will do this over four years. This report is consistent with the following goals:

People

- A creative city that respects and embraces diversity

Opportunity

- An open and effective Council

2.7.7 Leave of Absence – Cr Matthew Kirwan

File Id: A5331993
Responsible Officer: Director Corporate Services
Attachments:

Report Summary

Councillor (Cr) Matthew Kirwan requests a Leave of Absence from 1-24 November 2018 (inclusive) as he will be nominating as an endorsed candidate for the Victorian State Elections which will take place on Saturday 24 November 2018.

Recommendation Summary

This report recommends that a Leave of Absence be granted to Cr Kirwan for the period requested.

2.7.7 Leave of Absence – Cr Matthew Kirwan (Cont.)

Background

This Leave of Absence has been requested as Cr Kirwan will be nominating as an endorsed candidate for the Victorian State Elections which will take place on Saturday 24 November 2018. It will be inclusive of the Pre-Council Meeting and Ordinary Council Meeting of 12 November 2018, the Pre-Council Meeting and Annual Statutory Meeting of 15 November 2018, and the Councillor Briefing Session of 19 November 2018.

This report is submitted in conjunction with Council's current Meeting Procedure Local Law and section 66B of the *Local Government Act 1989* (the Act). Further, under section 69(2) of the Act, Council must not unreasonably refuse to grant leave.

Victorian Charter of Human Rights and Responsibilities

The Victorian Charter of Human Rights and Responsibilities has been considered in the preparation of this report but is not relevant to its contents.

Financial Implications

There are no financial implications associated with this report.

Conclusion

It is proposed that Cr Kirwan's request for a Leave of Absence for the Ordinary Council Meeting of 12 November 2018 and the Annual Statutory Meeting of 15 November 2018 be granted.

Recommendation

That Council grants a Leave of Absence to Cr Matthew Kirwan for the Ordinary Council Meeting of 12 November 2018 and the Annual Statutory Meeting of 15 November 2018 and notes Cr Kirwan's apology for these meetings.

MINUTE 844

Moved by: Cr Tim Dark

Seconded by: Cr Maria Sampey

That Council grants a Leave of Absence to Cr Matthew Kirwan for the Ordinary Council Meeting of 12 November 2018 and the Annual Statutory Meeting of 15 November 2018 and notes Cr Kirwan's apology for these meetings.

4 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS

Cr Matthew Kirwan left the Chamber at 7.51pm.

Comment

Cr Tim Dark

During the last fortnight, along with Councillor Blades and Mr Mayor, Councillor Youhorn Chea who is currently on leave, we have attended many events as the Spring season is starting to ramp up well and truly. We are seeing a myriad of events coming out on our social calendar and it certainly is starting to fill up at an incredibly rapid rate.

We attended the City of Greater Dandenong Sports Awards held at the Dandenong Basketball Stadium. We have not really held many events at the Dandenong Basketball Stadium so it was intriguing to go along and see how they are being set up. It turns out there is a bar and they have a liquor licence which is good for people who may potentially be looking at a venue. Maybe that venue is an option. On the same night, I attended the Springvale Learning Activity Centre Annual General Meeting. Congratulations to the Board members who were all re-elected and to their previous role with an additional new committee member. It is always a big task to serve on a committee of a not-for-profit community organisation.

Along with Councillor Blades, I attend the opening of Tatterson Park in Keysborough revealing it may be the eighth or the ninth opening. There have been a lot of openings now that I know I can walk around that place with my eyes closed.

Comment

Cr Roz Blades AM

It is a very big pavilion.

Comment

Cr Jim Memeti, Temporary Chairperson

I think it has been opened three times for the different sections of Tatterson Park.

Comment

Cr Tim Dark

This opening was officiated by Senator the Hon Mitch Fifield whose office is located in Mentone but he was able to attend. Thanks to the Federal Government for their grant which assisted in the construction of what looks like a fantastic pavilion. It is always good to see the people who designed it so it was good to see the official opening.

4 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

I attended the Interfaith Bus Tour a fortnight ago. We attended the Indian temple in Carrum Downs and also the Sri Lankan temple on Greens Road in Dandenong South.

I also attended with the majority of Councillors, the Launch of the Operation Emergency Ready. This was here in the City of Greater Dandenong. We had every emergency service you could possibly think of. It was the safest place in Melbourne which is very, very rare that Dandenong is the safest place in Melbourne. We had the high level ladder platform coming up with rescue dogs and we were able to take the dogs right up to the top of the Chisholm TAFE building across the road which attracted many people to have a look. We had a great turn out by the State Emergency Service, Victoria Police, Country Fire Authority, Department of Environment, Land, Water and Planning (DELWP) with their big unimog truck that they use for bushfire firefighting. The Water Police, Lifesavers Victoria and there were a few others there also.

Question

Cr Tim Dark

I attended the United Filipino Elderly Association event. They have been operating for twenty five years based in Noble Park and their job predominantly is to assist the Filipino community who are now aging and reaching their later years. They had a fantastic celebration at the Sandown Park Hotel. I think it would be worthwhile writing to the Board and thanking them for 25 years' service and congratulating them on that anniversary.

This question was noted for further action.

Cr Matthew Kirwan returned to the Chamber at 7.53pm.

Comment

Cr Tim Dark

I attended the Unity in Diversity opening of the festival hosted by the Southern Migrant and Refugee Centre (SMRC) which is held next to the Dandenong Market. Across the road from there were even more stalls. There was a huge turnout later on in the day and many people celebrated what was a fantastic event. Many people from the Market were then able to come across and there was a fantastic integration with the Unity in Diversity Festival in that the people who have come from refugee and asylum seeker backgrounds had the opportunity to then market some of the things that they create or things that they have and sell those at the Dandenong Market to people who are shopping there.

I attended the City of Greater Dandenong Forum which was held in this Chamber with the Director of Community Services, Mark Fidler and the Mayor, Councillor Youhorn Chea. There was a representation of some of the high stakes community organisations based in Greater Dandenong and further from the surrounds. A representative from Launch Housing gave a very compelling speech

4 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

with regards to the amount of homelessness that is occurring in the City of Greater Dandenong and how it is not necessarily people living on the street but it is people who may have other means of moving from bed to bed and how they are working to assist them.

I opened the 'Home' Exhibition at the Walker Street Arts Gallery. That started off with a prayer by two monks who were able to attend. It was the biggest arts community event that I have attended at Walker Street Gallery in terms of attendance which would easily have been over 100 people. It was so packed you could barely move. For an opening at Walker Street Gallery, that is incredibly a rare opportunity so it was fantastic to see many people coming from places like Mentone. Many people attended from Frankston which is rare because Frankston and art do not really go hand in hand but we had a good turnout of people coming to see what was going on.

I also attended the Noble Park Art Show with Councillor Blades AM and there were approximately 100-150 people there. Many schools, community groups and aged care facilities all showcased the art that they had created. Some of the art work was absolutely fantastic and it is for sale. I believe they purchased it at a discounted price or those artworks went at artists retail price. There is a book that you can source and it does have the price list throughout.

Question

Cr Tim Dark

There was a comment posted to Council's Facebook page this afternoon about a broken swing at Dawn Reserve, corner of Sunset and Dawn Avenue in Dandenong South. Can this be investigated by Council's Engineering Team just to confirm that if the swing is broken, to get it repaired?

Response

Julie Reid, Director Engineering Services

We will check that and fix it if required.

Comment

Cr Roz Blades AM

I agree with Councillor Dark it has been a pretty hectic couple of weeks but I just want to mention what we did yesterday. Councillor Kirwan, Peter Johnstone of the Community Services Department and I drove to Albury to meet with Councils who are supporting the Status Resolution Support Service (SRSS). We had organised this meeting beforehand. We had been in touch with New South Wales Councils. The idea behind this was to take the SRSS advocacy nationally. We want a national approach to this issue as we already have a Victorian approach. We have certainly got a Greater Dandenong approach but we want a national approach. We want Councils all over Australia putting pressure on Federal Members of Parliament to reduce these cruel and inhumane cuts that are affecting people. We met with eight Councils from New South Wales and we booked a room in one of the centres in Albury where Councillor Kirwan and I made a presentation. We had a pack that we handed out explaining the situation and what Greater Dandenong's actions were. There were many questions, agreement and synergy. Many Councillors agree with this and I think they will come on board.

4 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

Following that meeting, Councillor Kirwan then went and met with the Greens Councillors and I will let Councillor Kirwan go into that. The reason why we went to Albury was because they had the Local Government Conference there. I had made arrangements to go to the Australian Labor Party (ALP) caucus in Albury where I met with the Deputy Mayor Linda Scott from the City of Sydney Council, who have also advocated against the SRSS cuts. I gave a pack to every Council that attended that meeting and I also had the opportunity to speak to many of them as well. We drove back after a very long but very successful day. I will let Councillor Kirwan fill in the parts that I might have left out there.

Question

Cr Roz Blades AM

Can Council write to the City of Sydney and ask them if they can send us their resolution moved by Deputy Mayor Linda Scott around the SRSS cuts? I think having the City of Sydney on board is a big player and Mayor Scott was quite happy when I mentioned that to her.

This question was noted for further action.

Question

Cr Roz Blades AM

Could we also write to the Chief Executive Officers of all the Councils that met with us to thank them for their time and ask them if there is anything else they need to know from us so that we can bring them in on the advocacy campaign?

This question was noted for further action.

Comment

Cr Roz Blades AM

The SRSS project is taking up a lot of Councillor and officer time. We have a Launch on 3 December 2018. We do not have a venue yet for the Launch but we are hoping to let people know when that will be. It will be a full television and media Launch where we are going to be bringing in videos of people who have been asylum seekers and who have gone on to make successful lives in this country. Two of them are around the table in this Council. That is the story of the SRSS. It is a long report but it is certainly worthwhile to tell you what occurred.

Comment

Cr Jim Memeti, Temporary Chairperson

If Councillor Blades could give those names to Mr Fidler, Director Community Services, that would be great.

Comment

Cr Roz Blades AM

Mr Fidler has got them.

4 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

I would like to thank Mr Johnstone for driving us to the SRSS Meeting. I think he was probably a bit worried about Councillor Kirwan and I driving so I hope he gets a day off in lieu.

I also want to mention the phenomenal work that went on in putting on the Noble Park Community Art Show because the Art Show at this little centre in Noble Park does for Noble Park what the Dandenong Drum Theatre does for Dandenong. It is changing the perception of it. You can come to that centre in Noble Park and see some absolutely brilliant artwork by all different people, by different members of the community and by children. Much of its photography came from schools so we are able to start kids off in an artistic career that they may not otherwise had. The City of Greater Dandenong is proud to support that with encouragement awards so it was a very successful event in Paperbark Ward on the weekend.

Question

Cr Roz Blades AM

In relation to the proposed bicycle paths at the Parkfield Reserve, Noble Park, are they big enough to take two bicycles at a time and can people walk and ride on them at the same time?

Response

Jody Bosman, Acting Chief Executive Officer

The bicycle path that is designed in the Draft Master Plan, Option A of the Plan is 2.5 metres wide. Two point five metres wide would give you enough to have two bicycles at a time but I think one just needs to bear in mind that the path will have different usages at different times. It is a shared use park between pedestrians and cyclists and sometimes the demand for the park will be greater by pedestrians than for cyclists. This is the case wherever you have shared used parks. One needs to be sensible in terms of which gives way to which but certainly at 2.5 metres wide, you can have two bicycles. It is a shared used park.

Question

Cr Roz Blades AM

In the draft Master Plan, the path is gravel. Can it be made in concrete?

Response

Jody Bosman, Acting Chief Executive Officer

Officers can investigate the cost and the desirability of having it as a concrete path instead of a gravel path.

4 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

Question

Cr Roz Blades AM

My next two questions are to do with traffic. A couple of years ago we had some questions in relation to that area of Chandler Road which is a VicRoads road, the intersection of Chandler and Cheltenham Roads in terms of it being a troublesome intersection. VicRoads are aware of the operational issues of the intersection but they are reluctant to act on them. There is a hard shoulder on Chandler Road which has for a long time, created many problems for motorists. When you drive down it, the gravel is shifting under the tyres continuously. It has been the subject of many complaints from residents, many complaints from Councillors and then questions from Councillors. I am not sure whose bit of road it is but I want it fixed because it is dangerous. I would like some urgent advocacy on that please.

Response

Julie Reid, Director Engineering Services

Yes, we have advocated for this in the past and we will continue to do that. We will write to VicRoads again about Councillor Blades' concerns.

Question

Cr Roz Blades AM

If I can pass on the details of the particular resident who has been lobbying, could we let her know that as well? If Julie Reid, Director Engineering Services could write to her that would be good.

This question was noted for further actions.

Question

Cr Roz Blades AM

I think it is time again now to re-evaluate Sunnyvale Crescent in Keysborough. It runs off Cheltenham Road and since the Bypass has opened and since we have got a whole lot of development in there, it is a through road and it is now becoming more dangerous. Its failed traffic warrants before but now it is getting busier. There is a children's playground in that street and I do not want a situation where a child could get hit crossing the road to go to a Council playground. A dog has already been hit by a car there. Can this be investigated?

Response

Julie Reid, Director Engineering Services

Council's latest traffic data on Sunnyvale Crescent was collected over two years ago. This data identified that both volumes and speeds were appropriate for the local environment with a little over 1,000 vehicles per day and the 85th percentile speed being slightly above the 50 kilometre per hour speed limit. Council's Traffic Engineers have advised they are not aware of any significant changes to the road network in this area since then. As such, they had planned to collect data in mid-2019 which was the scheduled time to review the traffic situation there. However, given this request, we are happy to bring that data collection forward and we would aim to collect that in the coming weeks.

4 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

Once the new data has been obtained, we will then be more informed of the position in relation to the traffic volumes and speeds as suggested and we will be able to report that back to Council.

Regarding the issue of children crossing the road to the playground, whilst the bend in Sunnyvale Crescent can reduce sight distances for approaching drivers, children crossing warning signs are erected on both approaches. These signs combine with the default urban limit of 50 kilometres per hour, reduce the likelihood of an incident occurring and let us hope that has not happened in the past but obviously cannot guarantee that but we have put in place some signs warning drivers to slow down.

It is worth noting also that Sunnyvale Crescent currently sits moderately high in Council's Locate Area Traffic Management program. Given the current funding levels, we anticipate that we will get more grant funding and maybe treatments can be installed within the next few years so it is slowly moving higher up the list in terms of our priorities.

Question

Cr_Roz_Blades_AM

With regards to AFL football, apparently, we have been having some meetings with the AFL. We were just wondering if there has been any feedback to clubs in relation to those meetings.

Response

Martin Fidler, Director Community Services

I will take that question on notice and obtain more details from the officers.

Question

Cr_Roz_Blades_AM

The Dandenong North Juniors Football Club falls under the jurisdiction of the Melbourne Football Club whereas Noble Park Juniors Football Club in Keysborough falls under the jurisdiction of the St Kilda Football Club but they are all in the City of Greater Dandenong. It might be worth seeking some clarification as to why that is.

This question was taken on notice.

4 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

Question

Cr Maria Sampey

During the week, I received a notice that the City of Boroondara is holding a community forum. I received this notice because I am a library user with the City of Boroondara. With regard to forums that we hold in our city, does our Council use the library service as a means of sending emails to the various library users? Sometimes they do not live in our city so that would be a way of getting information out to other cities and informing them of what is happening in our city. I am appreciative of the fact that I am getting informed of what is getting on over there.

Response

Martin Fidler, Director Community Services

Yes, we do. We are part of the Regional Libraries Consortia so there are quite a few Councils involved in that and not only do we supply information, we also share resources amongst libraries. If you borrow a book from Bass Coast Library, you can return it here in Greater Dandenong. We also have the 'What's On' calendar which we promote quite extensively. That is a list of all activities, forums, programs, arts and crafts and so on that you can get involved with through our library program.

Question

Cr Maria Sampey

I am a library user with the City of Greater Dandenong and I have never received any notice of anything or of any community forum or anything. Maybe my name has been crossed off or something.

Response

Martin Fidler, Director Community Services

I will look into that for Councillor Sampey and provide some feedback.

Question

Cr Maria Sampey

I received an email from a resident who is unwell at the moment so I wish him a speedy recovery. The question is with regards to our street signs which are sometimes covered by trees so it is not noticed and it is not reported to us. The resident sent an email saying that Council has road sweepers that cover most of the Council area on a regular basis. It should be possible to fit several webcams to each sweeper that gives a pretty good picture of the state of pavement areas including the gutter. In turn, this can all be viewed in house in real time and regular hazard spots with tree roots etc, can be monitored without the need of a visit. With a GPS, the exact location is known immediately. What does Council think of this as an idea because I think we might be able to deal with it citywide where things could be picked up where street signs are down or trees have fallen?

Response

Julie Reid, Director Engineering Services

I will take that question on notice.

4 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

Question

Cr Maria Sampey

Two years ago, I submitted a Notice of Motion to bring back the seniors dance. At the same time, there was also another Notice of Motion to provide afternoon tea at the Jan Wilson Centre for the senior citizens and that was supposed to be provided free of charge. A week ago, we had a seniors dance and it was an outstanding success with about 120 people that turned up and they all had a good time. My concern is, this Council spends money on the Snow Fest for kids. I cannot remember exactly but I think it might be in excess of \$15,000. We had an event at the Ross Reserve just a few weeks ago or a month ago where we had a lot of entertainment for the kids once again. Wachter Reserve is another one where we have had events for children. Why is it that at the Seniors' Festival, the afternoon dance at the Jan Wilson Centre and we are talking about elderly citizens who have been paying rates all their lives and have now been given a flyer which says, *"To continue to provide light finger food at future events we may need to increase the entry price. Would you attend if the cost of the entry was higher"? Also, "How much would you be willing to pay for an event such as this including light finger food, \$5, \$7 and \$10?"*

To me, my Notice of Motion and it was supported by all my fellow Councillors, that we give them a meal and a band and stuff like that in celebration of Seniors' Week. Many of them were upset to receive this flyer saying that there is going to be a charge in future.

Response

Martin Fidler, Director Community Services

The feedback I received is that there is a dance planning committee and there is a senior's dance that we have at the Town Hall where there is a charge for that dance and people provide their own drinks and their food and there is a DJ. There were questions asked as to why there was another event where there was only a gold coin donation requested if there were catering and drinks and a live band provided? The Committee have asked for clarification on the two events as to what level of catering will be supplied and the survey was an opportunity to get information back for the committee for future planning of events.

A hundred and twenty people attending one dance is not many out of the large population of older residents that we have in Greater Dandenong. It is also about how we support other activities across the municipality so that more people can attend.

4 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

Question

Cr Maria Sampey

The Jan Wilson Centre is only the size of a basketball court so we would not be able to support 5,000 or 10,000 people like you would at the Snow Fest and that is why we are only supporting a few. It is also held during the day so many people are involved in other activities like that during Seniors' Week. With regards to the seniors' dance on at night time, that was \$12 entry and it was 'bring your own nibbles'. Everyone was happy with that. There was no problem but this one is an afternoon tea with a band. I would love to know the actual cost just to compare with how much we spend for other activities in our city.

Response

Martin Fidler, Director Community Services

I will take that question on notice.

Question

Cr Zaynoun Melhem

Just a quick question for the relevant officer, we were lucky enough last year to receive approximately 15 to 18 CCTV cameras at Brady Road Shopping Centre in Dandenong North. I do my local shopping there and one of the shop owners had said to me that they received a letter from Council which is really exciting, saying they are going to install the CCTV cameras. They are really happy about it which is good. I was just wondering when that was going to happen if the relevant officer had that information on hand. If not would you be able to get back to me please?

Response

Julie Reid, Director Engineering Services

I will take that on notice and confirm the dates.

Question

Cr Zaynoun Melhem

One of my favourite events I attended in the last two weeks was actually the ALCCI awards events, which stands for the Australian Lebanese Chamber of Commerce. It is good being a first generation Australian. My parents are migrants from Lebanon and to see the successful people of Lebanese origin in Victoria is really, really good. They are doing some really good work not only in the City of Greater Dandenong but all across the state.

We actually had people from America come down. We had priests and sheikhs and people from all different faiths. I think from the City of Greater Dandenong perspective, it was great to be a representative because with such a large manufacturing and economic body in this city, I think we should start encouraging the City of Greater Dandenong to potentially start exporting things to cities and countries like Lebanon and Beirut. There is quite a good niche in there and they do yearn for products from Australia because the quality is high so it was great to attend and great to see so many

4 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

people there. Hopefully, the manufacturers in the City of Greater Dandenong can be introduced to the Australian Lebanese Chamber of Commerce and I do not know what officers can do to support that but if there is anything that we can do to support them, it would be great.

Response

Paul Kearsley, Group Manager, Greater Dandenong Business

Certainly if Councillor Melhem would like to act as a conduit for access to the Lebanese Chamber of Commerce, we are happy to make introductions to the likes of South East Manufacturers Association (SEMA), Committee for Dandenong and the Chamber of Commerce, and see where those relationships can take themselves.

Cr Zaynoun Melhem left the Chamber at 8.20pm.

Comment

Cr Matthew Kirwan

Firstly, as per the Municipal Association of Victoria (MAV) guidelines regarding candidature of Councillors for State and Federal Elections which is incorporated into our Code of conduct, I declare in line with the guidelines that I will be a candidate in the upcoming State Election hence my request for approval for leave of absence tonight. Thank you to my fellow Councillors for granting that.

I would also like to make a note of an earlier Agenda item about the report that was withdrawn which was the Planning Scheme Amendment C201. It is a great outcome for this Council. The State Government has just fast tracked the process of putting into our Planning Scheme the ESD requirements that we approved earlier this year at this Council and which the planning panel a few months ago approved as well. In terms of environmentally sustainable design, we have got those new and approved requirements in our planning scheme now to create more sustainable buildings in our city.

These are some of my activities since the last Council meeting.

On Wednesday 10 October 2018, the Mayor, Councillor Chea, Councillor Blades AM and I attended the Local Government Mayoral Task Force, Supporting People Seeking Asylum Task Force Meeting.

On Saturday 13 October 2018, Councillor Blades, Councillor O'Reilly and I went on the Dandenong Heritage Site Bus Tour which was called "Don't keep Dandenong's history a mystery". This was a project of our own Cultural Heritage Advisory Committee. To the Director of Community Services, I would like to thank the Library staff who performed a lot of hard work on the logistics of that bus tour. It was completely packed. We all barely scrunched in together to get on that bus which shows the popularity of the idea and the interest in the history of Dandenong.

4 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

I would particularly like to thank two of the members of the committee who are both volunteers, Gaye Guest and Carmen Powell. Gaye Guest came up with the idea in the first place and worked on its implementation. Carmen Powell, the Bulletin editor and former president of the Dandenong and District Historical Society, documented the tour route and was our knowledgeable and engaging tour guide for the day. Seeing great volunteers recognised like we did with the long and very effectively serving Dawn Vernon earlier in this meeting, is always something a Councillor looks forward to.

On Thursday 18 October and Friday 19 October 2018, I attended the city's power partnership Summit in Kiama, New South Wales. The city's power partnership and initiative of the Climate Council of Australia is a coalition of Mayors, Councillors and communities committed to a sustainable non-polluting energy future. The City of Greater Dandenong was an early joining member of this group two years ago and it was with great pride being there when we were recognised. Unfortunately we were not the winner but a finalist in a national event. I think it is a significant achievement being a finalist in the Community Engagement Achievement category for our sustainable Greater Dandenong website.

The conference was very informative where I learnt about the preparation for electric cars that has been done with the City of Adelaide. They are implementing a plan for charging points throughout the City of Adelaide Central Business District. There were certainly other Councils that were talking about it at the summit about doing it in their own cities, in the suburbs and rural and regional centres of Australia.

Other interesting presentations were solar farms being built by the Cities of Lismore and Newcastle. For the City of Lismore in particular, it was a combination of Council funding and community fundraising which built their solar farm. With the City of Newcastle, they were going to power 60 percent of their electricity needs through their own solar farm that they are currently building. I also learnt a lot about setting carbon reduction targets and there were many fantastic presentations of what Local Governments are doing throughout Australia with renewable energy. The highlight of the conference was something that was not local to Australia. It was a presentation by the Mayor of the City of Lancaster in California. He made quite a deal of the fact he was a Republican Mayor. I remember saying that you probably think this is a Democrat thing but he was very proud that he was a Republican that was passionate about renewable energy. In his ten years as Mayor, they have now become the City of Lancaster, the clean energy capital of California and becoming the first zero carbon municipality in the United States. They have reduced unemployment in those ten years from 20 percent and this was amazing I thought, to five percent which is a 15 percent drop and they have attracted clean energy industries from around the world into their city in southern California. I thought that was an amazing and inspiring story.

As Councillor Blades mentioned, we went to Albury yesterday. Between the two of us, we were involved in three presentations. As Councillor Blades has mentioned we received a very enthusiastic response. A very strong endorsement of the City of Greater Dandenong and the way we are going about the SRSS advocacy by concentrating on the local impact of the SRSS cuts in our own communities and concentrating on the humanitarian angle, not the party politics.

4 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

While those Councils in New South Wales have to go away and talk to their own Councils, there was definitely the prospect of a number of Councils from New South Wales coming on board to the Victorian effort. Following on from that, Councillor Blades and I also had a teleconference today with the Victorian Local Governance Association (VLGA). The VLGA which is one of our two peak bodies in Victoria definitely want to become a partner in our efforts and help us attract the interests of other Victorian Councils and maybe even help us with the Launch in December 2018.

Cr Maria Sampey left the Chamber at 8.22pm.

Cr Tim Dark left the Chamber at 8.23pm.
Cr Zaynoun Melhem returned to the Chamber at 8.23pm.

Question

Cr Matthew Kirwan

My first Councillor question relates to something we resolved late last year. Council resolved on 11 December 2017:

(1) to commit to develop a policy and guidelines in the 2018/19 financial year:

(a) that supports the elimination of the use of single use plastic bags and other soft plastics across Council's corporate operations; and

(b) to look at organisations and individuals conducting an event or activity in any land or building owned by or managed by Council to prevent:

(i) the distribution and use of single use plastic bags; and

(ii) the unnecessary soft plastic packaging where possible.

(2) to develop an implementation plan as part of the development of the policy and guidelines to support the elimination of single use plastic bags and other soft plastics by Council, as well as organisations and individuals conducting an event or activity on land or buildings owned by Council; and

(3) to further investigate the distribution and/or use of plastic straws and balloons and their subsequent impact on the environment.

My question tonight is what progress has been made on each of these resolutions and for those not completed, what month timeframe are we looking for them likely to be completed?

4 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

Response

Peter Shelton, Acting Director City Planning, Design and Amenity

This is a cross-organisation matter that needs to be addressed and needs to be investigated in terms of which directorate will take the principal lead on it. We will take that question away and get back to Council in due course with some timeframes and who will be taking the lead.

Cr Tim Dark returned to the Chamber at 8.25pm.

Question

Cr Matthew Kirwan

Earlier this year, I asked at a Council meeting based on feedback from parents in my Ward, for particular information to be put onto our website regarding age, range and nature of different types of equipment in playgrounds. I had parents wanting to know which playgrounds suited different age ranges, which ones were suitable for toddlers, kindergarten aged children, juniors years of primary school, senior years of primary school, et cetera. At the moment, parents were finding by trial and error which playgrounds were more suited to different age groups and they were asking me for that advice. When I was able to give them some advice which is quite incomplete, they were saying well, why is the information not on the website?

More recently, I have been asked by parents wanting to know which playgrounds are fenced or not. So my questions tonight are:

(a) How is this investigation progressing because the answer I got on the night was that we would investigate and putting this information on our website? As I had not found any change on the Greater Dandenong website at the moment I am still being requested as I mentioned, for information from residents.

(b) Can information also be added to the website as to what playgrounds have fences around them and which ones do not as that is an increasingly common query I am getting?

Response

Peter Shelton, Acting Director City Planning, Design and Amenity

Council officers will update the website by mid-November with a table that provides a description of the hierarchy of our playgrounds, local neighbourhood and district. The description will be in accordance with the Playground Strategy and provide general information on the playground characteristics, things like size, catchment, target age group and typical playground equipment for each type of park.

4 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

A future second stage will be to further update the playground page on the website by providing a photo of each playground. A photo is expected to provide a much clearer way to visually portray the types and style of play equipment. The update will also include a list of playgrounds that contain partial or full fencing. This will be incorporated in the playground description to be made available on the website in November.

For the information of Councillors, a list of all of the playgrounds that are fenced, either fully or partially is attached for the Minutes.

Cr Maria Sampey returned to the Chamber at 8.26pm.

Question

Cr Matthew Kirwan

Another query I am increasingly getting is for function rooms with playgrounds attached. I received an enquiry a week ago and this is not the first enquiry regarding this particular pavilion, about the Warner Reserve Pavilion for use as a function space. I had to tell the questioners that this pavilion is no longer available for community booking. We have done a great job as a Council in continuing to build these new pavilions as upgraded facilities. We have previously been told that they are designed as multipurpose community spaces but they do not appear on our website as allowing community bookings and I know that these pavilions are obviously not available on training nights or playing nights but there are times when no one is using them. My question is, why do they not come up on our website as allowing community bookings? Why are we not enabling the community to use these facilities because they often are near playing fields, playgrounds and walking tracks?

On a side note, in regards to the online booking system for those facilities in the buildings in our community that Council owns which were tested earlier this year, when will that online booking system become available?

Response

Martin Fidler, Director Community Services

In relation to Warner Reserve, at the moment the increasing amount of user groups currently using Warner Reserve has considerably restricted the availability of the Pavilion. Therefore at the moment it is no longer listed as a community civic facility for hire. It is predominantly used now for relevant sporting groups and user groups. Other pavilions that are multi-usage are available to be booked outside of the seasonable agreements of usage by the sporting clubs. The newer facilities that we have are way more accessible for multipurpose use as opposed to some of Council's older facilities.

In terms of the booking system, I will hand over to Mr Jaensch for that.

4 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

Response

Mick Jaensch, Director Corporate Services

We would expect that the online system would go live to the public for civic facilities in January 2019. We will then have to review later down the track as to what can join that process.

Question

Cr Matthew Kirwan

Just to clarify on my first question, first of all, how has this come about? When Warner Reserve Pavilion was decided to be built by Council and the fact that it was built with a playground in a community reserve, it was sold to Council that it would be a multipurpose facility that could be used by the broader community. How did we get to a situation where it became inaccessible because Mr Fidler is saying the sporting clubs are using it?

Correct me if I am wrong but I cannot see any of the facilities that are multipurpose pavilions being accessible to the community. The new one that we have built in Robert Booth Reserve, the Warner Reserve and Greaves Reserve, there just seems to be a common pattern. What is the strategy going forward? Have we now decided that these facilities are not going to be available for general community use?

Response

Martin Fidler, Director Community Services

I will take that question on notice because it is quite detailed and we will provide that information in the response.

Comment

Cr Matthew Kirwan

If it helps I am happy to meet and discuss that further as well.

Question

Cr Matthew Kirwan

My fourth question is that residents have reported to me that they noticed recently because many of our residents use the Cranbourne/Pakenham line up and down from here to the Central Business District and obviously down to Berwick as well. Residents report to me that they have noticed recently that the new Murrumbeena and Carnegie Stations have historical photographs of Carnegie and Murrumbeena on the platforms. I had a look at my own train journey to work and noticed that they had and also that the new Noble Park Railway Station had built onto the platform the same frames for adding such photographs to Noble Park Railway Station. My question is and I understand the Level Crossing Removal Authority (LXRA) might be needed or the Victorian Government but will Noble Park Railway Station also get similar historical photos on its platform as well?

4 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

Response

Peter Shelton, Acting Director City Planning, Design and Amenity

I can report that Noble Park Railway Station will be getting these types of pictures. I think it is just a matter of the stage of processing them being installed.

Question

Cr Matthew Kirwan

My fifth question relates to something quite a long time ago. At the Council meeting on 12 May 2014, a response to my Notice of Motion No.44 - Supporting Local Emerging Artists came back to Council. My questions now are as follows.

(a) Why did one of the elements of that report, the development of an interactive database, not progress as one of the needs identified in the report was an online system to enable artists to interact between themselves? We are talking about local artists who are residents of Greater Dandenong. Can this be reconsidered as the recent local artist survey also indicated opportunity to interact as a priority?

(b) The City of Greater Dandenong provides exhibition opportunities in Central Dandenong but I have long seen the potential for utilising unused wall space in the other community buildings throughout the municipality in Springvale, Springvale South, Noble Park, Noble Park North, Dandenong North and Keysborough. My question tonight is, why did the second resolution which was "*opportunities to provide emerging artists improved access to more informal or unused spaces and community facilities be further explored and promoted*" not get implemented in a sustainable and publicly accessible way? I have seen occasional exhibitions at the Paddy O'Donoghue Centre in Noble Park and there was a very well received one at Springers Leisure in Keysborough that I know Councillor Blades initiated but they have been one-offs and unlike other Councils, the opportunities of using existing buildings have not been promoted. As a point of comparison, the City of Casey has an art spaces program that promotes online and via a brochure, applications for exhibiting at Cranbourne Library, Doveton Library and Endeavour Hills Library for example.

Response

Martin Fidler, Director Community Services

I will answer part (a) first. The development of the Council-managed interactive database was considered as one of a series of actions to support local artists in 2014. Since then there has been significant change in the digital landscape which has evolved and the high creative network primarily utilises social media to connect with artists, then an established Facebook page for networking and peer support. The Hive has an online community of more than 1,000 people and the existing Facebook group is currently fulfilling much of the demand for online interaction by local artists. As discussed at a recent Arts Advisory Board meeting and in accordance with current feedback from local artists, to facilitate greater creative collaboration and networking opportunities, digital communication methods will be reviewed and opportunities to improve and expand the utility of the current online communities will be investigated and progressed this financial year.

4 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

In answer to question (b), artists continue to have access to informal exhibition spaces in informal community facilities including three notable examples: the Noble Park Art Show and Springers as Councillor Kirwan has mentioned. To further build on this and in accordance with feedback again from local artists through the recent survey, a project has commenced to identify and promote accessible local exhibition spaces including Council, private and other opportunities both formal and informal. Again, this project was discussed at a recent Arts Advisory Board meeting and we will firstly seek to identify and promote what is currently available, identify the gaps and make recommendations to ensure appropriate exhibition opportunities are available to local residents. This will be completed this financial year.

Question

Cr Matthew Kirwan

Just replying to point (a), yes there is a current Facebook page for the Hive network but it is a Facebook page that enables arts activities by Council to be promoted. It is not a Facebook group that enables interaction between artists so how did that meet the original need of digital interaction and online networking between artists?

Response

Martin Fidler, Director Community Services

The feedback I received from the Manager of Arts, Culture and Libraries is that it has not been required, that artists are saying through the survey the other is working for them but as I said, the group is willing to look at further ways to enhance that.

Question

Cr Matthew Kirwan

My next question is from a resident of Dandenong North. Why does the gravel car park at the corner of Clow Street and Stuart Street not open on Saturdays for the general public to help with demand at the Dandenong Market?

Response

Martin Fidler, Director Community Services

The car park is available for market traders. There are cleaners and security staff on weekends and it is also available for Greater Dandenong staff members who work weekends out of Clow Street. Users who are using that car park require the relevant permit and we are seeking information from the Market with regards to the number of permits they have issued so we will know what those numbers are. Also, Council's Parking Review Committee will review demand and capacity of the parking area for public use at their November 2018 meeting. They want to just test what is utilisation, what is demand and they will come back with some comment.

4 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

Comment

Cr Matthew Kirwan

I am glad it is being reviewed because when the resident pointed out to me only a week before had I gone past that on a Saturday and it was completely empty. I can understand that the resident is seeing that a large amount of car spaces that are being reserved for circumstances that may not come across that regularly.

Question

Cr Matthew Kirwan

My last question is without notice and it came up at the Pre-Council Meeting. Local small business owners are asking how Kaufland have bypassed Council and the State Government is acting on the Kaufland Dandenong development whereas they would have to come to Council with permits one by one. Could the relevant officer please explain that situation?

Response

Jody Bosman, Acting Chief Executive Officer

The Minister for Planning has established a separate advisory committee to consider the development of six sites for Kaufland supermarkets across Melbourne including one site within the City of Greater Dandenong, that being at No.1 Gladstone Road, the former Bunnings site.

The Minister is running that process as Councillor Kirwan has pointed out. It is not a planning scheme amendment that will be run through the Council. We have the opportunity to put in a submission and those submissions are up until the 26 October 2018. The Minister is working to very tight and I would say accelerated timelines there.

The directions hearing for that process will be held on 2 November 2018 where the Minister or the advisory panel will consider the preliminary matters and establish further timelines. Public hearings will be held from the week commencing 19 November 2018 so while we do have the opportunity of putting some in by the 26th October 2018, so does the community. There is a link on the Department of Environment, Land, Water and Planning (DELWP) website. It is a specifically engaged dot.com submission website. Obviously, any submissions that are put in will then ultimately be considered by the advisory committee and ultimately by the Minister before the Minister makes a decision. As Councillor Kirwan pointed out, the process and the reasons for that process obviously are the Minister's. The Minister has decided to take this on himself to bundle together for the economic benefits he says, that will result from considering them all as a package rather than individually by six individual Councils.

Question

Cr Matthew Kirwan

So in short, if there are complaints from small business owners of the unfairness of the process, it is outside of our control, would that be fair enough to say?

4 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

Response

Jody Bosman, Acting Chief Executive Officer

Anybody who is either in support of or aggrieved by the proposal or is not in support of the proposal can put in their submissions just as much as we will be putting in submissions. The draft plans of the development are on that website as well so any nature of submission that any member of the public has, can be put in via that website and as I say whether that be in support of or in opposition to the proposal.

Comment

Cr Sean O'Reilly

I want to give a brief report on the Municipal Association of Victoria (MAV) Council that I attended as Council's delegate last Friday in the City. I particularly want to mention the two motions that this Council wanted to bring to statewide approval and attention in the Local Government sector.

The first being as has been mentioned already the SRSS cuts which we have done quite a lot of work on. I am happy to report that it was approved. The motion that we put forward was approved at the MAV Council so we are really pressing hard on this. A few months ago we had a delegation trawling the corridors of Federal parliament knocking on doors. As Councillor Blades and Councillor Kirwan have reported, they have gone interstate to talk to people and whoever will listen there while for me, being at MAV Council, we are getting the support there for what we are talking about.

I just wanted to thank Councillor Kirwan and Councillor Blades for much of their coordination with other Councils prior to MAV Council and their detailed work prepare it.

The second motion that Greater Dandenong had at MAV was regarding maternal and child health care funding. We want translation services to be included in that funding which they are not at the moment. We believe in a community, particularly like Greater Dandenong, that this funding is essential and should be included. That motion was also passed almost unanimously by MAV Council.

I would encourage all Councillors that when we do have issues that we want to elevate beyond the City of Greater Dandenong, that we do the paperwork to put them through at the Victorian level to the MAV Council and/or at the national level to ALGA for those appropriate ideas and motions that we want to advocate for.

Question

Cr Loi Truong

I would like to ask a question to Mr Peter Shelton, Acting Director City Planning, Design and Amenity. A few months ago, I went to St Albans Shopping Centre and I sent some photos to Mr Shelton about the double parking signage at St Albans.

4 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

I think we have the same problem with residents in Springvale. They go to the shopping centre and get fines for double parking but they do not understand clearly the meaning of double parking. I think that is an issue along Buckingham Avenue in Springvale. It is close to Multicultural Square and if people understand the meaning of double parking, they will not receive fines.

Response

Peter Shelton, Acting Director City Planning, Design and Amenity

This request has been forwarded to the Parking Review Committee for them to have a look at. The signage that Councillor Truong has described is not a standard type of signage. There is no precedent for it in legislation on Australian Standards so there is a bit of work that we need to do to make sure that it is an appropriate thing to do, both in terms of public safety and in terms of getting the right message across. That work is underway.

Cr Matthew Kirwan left the Chamber at 8.51pm.

Jody Bosman, Acting Chief Executive Officer tabled a listing of responses to questions taken on notice at the previous Council meeting. A copy of the responses is provided as an attachment.

4 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

PLAYGROUNDS IN CITY OF GREATER DANDENONG

FULLY FENCED AND GATED PLAYGROUNDS

- Carre Reserve, Carre Square, Springvale.
- Donnici Reserve, Donnici Drive, Keysborough South.
- Lake View Reserve, Lake View Boulevard, Keysborough South.
- McFees Reserve, McFees Road, Dandenong North.
- Lois Twohig Reserve, Carlton Road, Dandenong North.
- Keneally Reserve, Keneally Street, Dandenong.
- Red Gum Rest, Lonsdale Street, Dandenong.
- Noble Park Skate Park, Ross Reserve, Memorial Drive, Noble Park.

PARTIALLY FENCED PLAYGROUNDS

- Edinburgh Reserve, Edinburgh Road, Springvale North.
- Oakwood Park, Princes Highway, Dandenong.
- Tyers Reserve, Burham Crescent, Keysborough South.

4 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

COUNCILLOR QUESTIONS TAKEN ON NOTICE

Date of Council Meeting	Question Asked By	Subject & Summary of Question	Responsible Officer	Date of Response	Summary of Response
8/10/18 CQT7	Cr Jim Memeti	Christmas Decorations Regarding Christmas decorations, when do we believe that they will be going up in the City of Greater Dandenong: in Dandenong, Noble Park and Springvale?	Group Manager Greater Dandenong Business	9/10/18	I can advise that the proposed date for installation of the large Christmas decorations in the three activity centres (Dandenong, Noble Park and Springvale) is the weekend of 25 November 2018. The installation of the other decorations (flags, banners, tree guards, vinyl on seating and stairs etc.) will occur around the same time. Dismantle is scheduled for the weekend of 6 January 2019.
8/10/18 CQT10	Cr Jim Memeti	Gaming Application I see that the Returned and Services League (RSL) in Dandenong appealed Council's decision to refuse the poker machines which also received a refusal at the Victorian Civil and Administrative tribunal (VCAT). Can the relevant officer advise what happened in VCAT and why it was refused there as well?	Director Community Services	18/10/18	The decision handed down on 24 September by the VCGLR (Victorian Commission for Gambling and Liquor Regulation) was that the losing party (RSL) has 28 days if they choose to submit an appeal to VCAT. CGD would be advised if there was an appeal lodged, however to date there has been no advice received.
8/10/18 CQT11	Cr Jim Memeti	Road Surface Issues Driving down Lonsdale Street, turning right into Webster Street, Dandenong where there is a bridge the road is very uneven there and I have had many people call me to say they have seen yellow lines on the road but it has been a few months and nothing is happening. When do we think that we are going to attend to repairing of that road? It is the bridge going towards Webster Street; it is the right-hand turn into Webster	Director Engineering Services	15/10/18	In response to this question, Council officers have contacted VicRoads who are the road managers of the Lonsdale St (Princes Highway), Dandenong. VicRoads have advised that they will investigate this matter and respond to Council. Once we have received a response from VicRoads, we shall advise further.

4 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

Date of Council Meeting	Question Asked By	Subject & Summary of Question	Responsible Officer	Date of Response	Summary of Response
8/10/18 CQT19	Cr Matthew Kirwan	Street. DELWP review of GRZ In terms of the Greater Dandenong officers response though, and going back specifically to the example of the Green Wedge, was it the Greater Dandenong officer's response that further clarification of those guidelines would be better in the planning scheme or outside the planning scheme as a practice note? Regarding the response to that question, advise which particular approach that you recommend or your officers recommend?	Director City Planning, Design & Amenity	18/10/18	The Greater Dandenong officer's recommendation is that any expansion of, inclusion of or exclusion of Green Wedge Zone guidelines, land use terms or conditions would be best expressed in the appropriate clause of the Greater Dandenong Planning Scheme Ordinance and to ensure consistent application and interpretation of those potential alterations should be detailed in the appropriate practice note.
8/10/18 CQT22	Cr Matthew Kirwan	LXRA shared path/access My last substantive question is again without notice. It has two parts but they are both related to the elevated rail through Springvale to Noble Park that is being constructed. I received some Facebook enquiries over the weekend about two matters to do with the elevated rail: (a) A resident was trying out the shared path on their bicycle and contacted me via Facebook to tell me they said there was a need for more bins in the section of the path up to 100 metres east of Noble Park Railway Station because of the amount of litter. (b) Another resident said that the section of the shared path between Sandown Park Railway Station and Springvale Railway Station lacked any pram crossings from Lightwood Road that would actually enable cyclists, prams, wheel and mobility scooters to access the path if they accessed it	Director City Planning, Design & Amenity	22/10/18	a) The LXRA has confirmed that most of the area within a distance of 100 metres to the immediate east of Noble Park Station (i.e. the new link road between Mons Parade and Douglas Street) was and will again be under the direct management of Metro Trains Melbourne. Through its lease of railway land and infrastructure, there is an agreed level of service and range of standards infrastructure items (such as bins, lighting, landscaping, servicing etc.) that MTM satisfies under its responsibilities to VicTrack. As such, Council has limited opportunity to influence and ensure additional bins are placed within that area. The placement and servicing of bins along the Mons Parade side of the precinct is heavily constrained by proximity between kerb, shared use

4 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

Date of Council Meeting	Question Asked By	Subject & Summary of Question	Responsible Officer	Date of Response	Summary of Response
		<p>between that large gap between Sandown Park Railway Station and Springvale Railway Station by crossing Lightwood Road.</p> <p>He said that in the section of path between Noble Park Railway Station and Sandown Park Railway Station such multiple crossings to the shared path did exist, so there was a big difference between those two sections of the shared path. In his view, it is a Council responsibility as we own the kerbing on Lightwood Road to create these crossings, even though the path is the responsibility of the State Government. That was what he was asserting. He thought they should have been in discussions between Council and the Level Crossing Removal Authority (LXRA) for that section, given that there was multiple pram crossings in the other section.</p> <p>He had actually brought it up with the LXRA though and hadn't got a response to do anything about it. So can we investigate and get some pram crossings in that section to make that shared path more accessible; in particular one on the north side of the Colonsay Road/Lightwood Road intersection, one on the View Road, north of the View Road/Lightwood Road intersection and one on the north side of the Elm Grove/Lightwood Road intersection, seemed to be essential to me after I discussed it with him further. The resident also brought up that the path between the Sandown Railway Station and the Springvale Railway</p>			<p>path, car park crossovers, viaduct piers and both pedestrian, cyclist and vehicular movement and sightline requirements.</p> <p>Where Council does have a greater degree of opportunity to service this area is along the Douglas Street frontage to the railway station car park. Between the intersection with new link road at the north western end and Stuart Street the south eastern end, there is a design exercise currently underway that is reviewing streetscape requirements. As part of that exercise, Staff will investigate what opportunities there are to install bins along this frontage.</p> <p>a) As part of the LCRP-CTD's design development of the shared user path and the linear open space it traverses, CGD staff requested that additional pram crossings and connections between the local footpath network within Council boundaries and the SUP be provided. The LXRA has generally advised that each intersecting point on what is a regional SUP is considered a potential conflict point and so its desires were to generally consolidate those points of intersection as much as possible.</p> <p>The LXRA has suggested that CGD might wish to monitor the potential development of informal access tracks that could inform any future works.</p>

4 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

Date of Council Meeting	Question Asked By	Subject & Summary of Question	Responsible Officer	Date of Response	Summary of Response
8/10/18 CQT29	Cr Maria Sampey	<p>Station is broken in multiple sections, according to his having looked at it. He had actually notified the LXRA of that and they had actually said they were going to fix it in time for the opening of the path, but I understand the opening of the path is this weekend. He's bringing it up with me because he thinks the Council will now have to fix that path once we take it over. Do we have a timeframe on when this will be fixed? Will it be the responsibility of Council to fix the multiple broken parts of concrete between Sandown Park Railway Station and Springvale Railway Station?</p>	Director City Planning, Design & Amenity	11/10/18	<p>This monitoring is consistent with CGD's Transport team consideration. At this stage, Council's Transport team agrees that a connection between the local footpath network at the View Road SUP location is warranted and Staff will investigate how that connection can be made at an early stage after the LCRP-CTD's works are completed (anticipated Project Completion date 31 October 2018).</p> <p>At this point in time the recently completed Modified-T-Junction intersection treatments at both Elm Court and Colonsay Road with Lightwood Road provide a series of median islands that could facilitate local footpath and SUP connectivity, and can be monitored for the time being to test if any further connection treatments would be needed.</p> <p>CGD Staff have had recent opportunity to inspect the new Shared User Path through this area, where various faults including chips, cracks and breakages were noted as defects for the LCRP-CTD to remedy. CGD understands that these faults will be remedied by the LCRP-CTD prior to Project Completion scheduled for 31 October 2018.</p> <p>It is my advice that this is a matter Victoria Police need to deal with, and not really something which falls under Council's Local Laws or that its Officers are empowered to handle. In</p>

4 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

Date of Council Meeting	Question Asked By	Subject & Summary of Question	Responsible Officer	Date of Response	Summary of Response
		wearing helmets and they are riding them late at night. I have mentioned this before and I know that the police are busy but it is annoying because sometimes it might even be 12.30am or 1.00am in the morning that these kids are riding the streets. Residents say they cannot get any sleep and is hard for them to be seen because they are not wearing helmets and riding along in the streets. Can someone attend to that?			my experience Victoria Police are likely to undertake surveillance in the area and take then action as appropriate.

At the Ordinary meeting of Council on Monday, 24 March 2014, Council resolved to change the way Councillors and Public questions taken on notice are answered and recorded from 14 April 2014 meeting of Council onwards.

5 QUESTION TIME - PUBLIC

Cr Matthew Kirwan returned to the Chamber at 8.53pm.

Question

Mui The, Keysborough

I live on the end of Church Road in Keysborough, towards Chandler Road and constantly have witnessed cars speeding 60-70 kilometres per hour when they turn into Church Road from Chandler Road. Some even rev up their engine while they do so. In the evening, there are children playing at the front of houses and use a crossing path on Church Road to get to their friends' houses. Whenever I see cars speeding up the road, there is a possibility that the children are at risk if the driver fail to stop while they are driving at that speed. Will the Council consider putting two to three speed humps along Chandler Road right before they turn so drivers will have to slow down; and at Church Road towards the church?

Response

Julie Reid, Director Engineering Services

Council's Transport Engineers will be undertaking traffic surveys to identify vehicle speeds and volumes on Chandler Road and Church Road are appropriate for the local environment. It is anticipated that this data should be available in approximately three weeks when these locations will be assessed within Council's Local Area Traffic Management program. I am aware Council officers have been in contact with Mr Teh and advised in the meantime that he may also wish to contact Victoria Police regarding any intentional high risk hoon driving he may witness at this location. Once the investigation is complete, Council officers will contact Mr Teh again and discuss the outcomes and advise of any further actions which may be undertaken.

Question

Phillip Malone, Noble Park

In the Master Plan for Parkfield Reserve, Noble Park, part of the new shared riding/walking track is labelled as being 'Gravel'. With the loss of the track around the oval, has the cost of making the whole track concrete been investigated? It seems to me that if the whole track was concrete, this track would be just as good if not better being that it would be flat and not with any banking, for the uses of the current track which are mainly walking and leisurely riding, leaving only a minute number of serious track riders worse off. Keep up the great work on the redevelopment.

Response

Peter Shelton, Acting Director City Planning, Design and Amenity

Councillor Blades asked a similar question earlier tonight and our response is that an option of concreting that path will be looked at and it will be costed to see whether it is affordable and in fact, desirable.

5 QUESTION TIME - PUBLIC (Cont.)**Question****Rekha Sathishkumar**

I appreciate and thank you all for giving me an opportunity to raise my voice. I would like to know the reason why a boarding house permit is given to a property situated in a new residential estate area where families build their dream homes to live permanently. General opinion about boarding houses is strangers come and go which leads to discomfort for neighbours where there is fear of families to even send their kids to play outside near the boarding house. Most of the public would feel it would be more appropriate to give such boarding house permits to areas with a more dense population of tenants. What is Council's opinion? What can be done about this?

Response**Peter Shelton, Acting Director City Planning, Design and Amenity**

The law relating to boarding houses is set in State legislation. It is therefore not mandated or controlled by Local Government. Local Government does however, have some compliance and enforcement functions in respect of boarding houses. Firstly, boarding houses only require operating permits from Councils in cases where there are more than ten habitable rooms, that is, bedrooms on the site or where the actual size of the subject building exceeds a particular limit. Very few boarding houses meet these thresholds and therefore they do not require Council permission to operate. There are other thresholds that trigger requirements for some boarding houses to be registered with Councils and others that may require building modifications to be undertaken at particular properties before they can legally operate as boarding houses. If boarding houses fail to comply with these requirements, Council can prosecute the owners or operators but we do not have the power to close them down. Effectively, Council cannot refuse the operation of boarding houses but we can regulate it and monitor it to make sure that it complies with the relevant legislation. Due to the range of complexities associated with boarding houses, Council must assess each site on a case by case basis to determine what if any, controls must be applied. I have today made contact with the author of this question and invited him to contact me directly if they have any further questions or concerns about particular sites and we are going to look at these for them.

Question**David Koroknai, Rowville**

1) Council has claimed to have distributed a poster to all properties within a one kilometre radius of Parkfield Reserve, Noble Park. However, Mr Bosman has been unable to provide this poster or which properties received it and also, he is unable to provide even the date which it was distributed. Why does the Council have no proof of any true public consultation and why is it that none of the local residents actually received any poster or document? Please explain these discrepancies.

2) Since it has been proven that the community has an overwhelming support for the retention of the Maurice Kirby Velodrome, if Council makes the irresponsible decision to remove it at the current site, Council will have to rebuild it at another site to meet community demands. This will cost the Council between 15-20 times more money than the cost of refurbishing the current Velodrome. It seems ridiculous that the demolition of the Maurice Kirby Velodrome was even considered when the resurfacing cost of \$50,000 is much cheaper than the proposed \$3M Pavilion featured in the Master Plan.

5 QUESTION TIME - PUBLIC (Cont.)

Response

Peter Shelton, Acting Director City Planning, Design and Amenity

An email was sent to Mr Koroknai today which had attached to it, copies of all the information he had asked for such as copies of the notices that were sent out to local residents, posters that were displayed in various parks and other places inviting the community to come in to various events that had been organised so that they could have the opportunity to make public comment. All of that information was sent to Mr Koroknai today and subsequent to that we have had acknowledgement that he has received that information.

Question

Daniel Gabriel, Noble Park

Council claims that they have extensively consulted the community about future plans for the Noble Park velodrome. Can Council please describe the extent of this consultation ie – doorknocking and formal meetings? Has Council consulted with the Kirby family as this was built in Maurice Kirby's honour? If not, then why not?

Response

Peter Shelton, Acting Director City Planning, Design and Amenity

The information that Mr Gabriel has asked for is as follows:

In August 2017, there was consultation at a children's forum workshop.

In December 2017, there was consultation with local sporting clubs.

In December 2017 and January 2018, there was the opportunity for the community to make comment through Council's Our Say software on its website around consultation on preferred use of parks.

On 6 and 7 February 2018, there were 6,958 postcards delivered to properties within a one kilometre radius of the Parkfield site.

In January, February and March 2018, there were further specific Our Say consultations undertaken in relation to Parkfield.

In January, February and March 2018, emails directly from previous respondents and submitters on the Our Future of Parks in the City of Greater Dandenong so there were emails sent to previous submitters.

On 17 February 2018, there was a community information day held at Parkfield Reserve in Noble Park.

In June 2018, there were further consultations with sporting clubs.

In June and July 2018, the draft Master Plan was advertised and there was the opportunity for people to make comment through the Our Say website. Information was also circulated through posters and email.

5 QUESTION TIME - PUBLIC (Cont.)

How best to continue to honour the late Maurice Kirby will be taken into account in the final decision of the Master Plan and discussions with Mr Kirby's family will certainly form part of that process.

Question

Vasfi Adili, Dandenong

I have been informed that the Kaufland company has applied for special treatment through the Minister for rezoning and that the Minister is using his powers to deal with this application at 1 Gladstone Road, Dandenong. Will the Council be making a submission to the Minister and how can businesses that are not happy object to the rezoning?

Response

Jody Bosman, Acting Chief Executive Officer

To some extent, I answered those through the question posed by Councillor Kirwan. Yes, we will be making a submission to the proposed Kaufland rezoning. Anyone who wants to make a submission or an objection as I indicated earlier, can do so to the Advisory Committee through the link that they can pick up on the Department of Environment, Land, Water and Planning (DELWP) website.

6 URGENT BUSINESS

Nil.

The meeting closed at 9.01PM.
