

ART FOR KIDS | Make your own flag

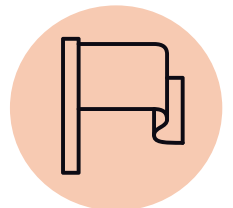

Image: Vonda Keji, *Dichotomy*, photographic series printed onto polyknit fabric, 2016

If you could have a flag that represents who you are, what would it look like?

Our SHE artist Vonda Keji takes self-portrait photographs to talk about her experience as an African Australian. Vonda has her artworks hung from the ceiling like a flag so visitors can see them from all angles.

Make a flag that represents who you are.
