

# STREETSCAPE UPGRADE

Creating a new green link from Dandenong High School to Robert Booth Reserve through new tree planting, garden bed planting, extended kerb outstands and a new pocket park at 77 Herbert Street.

## LEGEND

- A - refer to 'Reference area A' - existing condition and photomontage of proposed condition
- B - refer to 'Reference area B' - existing condition and photomontage of proposed condition
- C - refer to 'Reference area C' - existing condition and photomontage of proposed condition
- D - refer to 'Reference area D' - existing condition and photomontage of proposed condition

## HERBERT STREET DANDENONG, STREETSCAPE UPGRADE, POCKET PARK & NEIGHBOURHOOD SHOPPING CENTRE

This project is supported through funding from the Department of Environment, Land, Water and Planning (DELWP) and the Local Park Program. The Local Parks Program vision is to create new parks and to revitalise and green our suburbs.

## Existing

- Major bicycle corridor from Dandenong High school to Robert Booth Reserve (and Dandenong Creek Regional cycling trail)

- Lack of street trees creates a very exposed environment along Herbert Street

Reference area

# A

## Proposed

- Street tree planting to create a consistent green canopy along Herbert Street

## Existing

- Lack of street trees creates a very exposed environment along Herbert Street

Reference area

# B

## Proposed

- Street tree planting to create a consistent green canopy along Herbert Street

- Landscaped nodes with shrub and groundcover planting to strengthen the green spine at key points

## Existing

- No park identity
- Lack of street trees creates a very exposed environment along Herbert Street
- Lack of open space in the area
- Opportunity to extend the new park into the street by replacing parking bays with an extended kerb to create a small parklet

Reference area

C

## Proposed

- Created new parklet at 77 Herbert street which extends the park into the streetscape; additional seating, bike hoop
- Feature trees to create identity
- Street tree planting to create a consistent green canopy along Herbert Street

## Existing

- No street trees or landscaped areas
- Very hot environment with no respite for people to sit in shade

Reference area

# D

## Proposed

- New landscape node with feature planting
- Street tree planting to create a consistent green canopy
- Creates a cooler environment in response to urban heat island effect
